ROY BROWN

The Surprising Truth About Addiction Treatment--and How to Get Help That Works Grand Central Publishing
 «Таинственный сад» – любимая классика для читателей всех возрастов, жемчужина творчества Фрэнсис Ходжсон Бернетт, роман о заново открытой радости жизни и магии силы. Мэри Леннокс, жестокое и испорченное дитя высшего света, потеряв родителей в Индии, возвращается в Англию, на воспитание к дяде-затворнику в его поместье. Однако дядя находится в постоянных отъездах, и Мэри начинает исследовать округу, в ходе чего делает много открытий, в том числе находит удивительный маленький сад, огороженный стеной, вход в который почему-то запрещен. Отыскав ключ и потайную дверцу, девочка попадает внутрь. Но чьи тайны хранит этот загадочный садик? И нужно ли знать то, что находится под запретом?.. Впрочем, это не единственный секрет в поместье...

How Teens Lose Weight and Keep It Off - and What They Wish Parents Knew Penguin

A dark, no-holds-barred, and often hilarious collection from a prize-winning poet, veering between the poles of self and world. Kim Addonizio's sharp and irreverent eighth volume, *Now We're Getting Somewhere*, is an essential companion to your practice of the Finnish art of *kalsarikännit*—drinking at home, alone in your underwear, with no intention of going out. Imbued with the poet's characteristic precision and passion, the collection charts a hazardous course through heartache, climate change, dental work, *Outlander*, semiotics, and more. Combatting existential gloom with a wicked, seductive energy, Addonizio investigates desire, loss, and the madness of contemporary life. She calls out to Walt Whitman and John Keats, echoes Dorothy Parker, and finds sisterhood with Virginia Woolf. Sometimes confessional, sometimes philosophical, these poems weave from desolation to drollery and clamor with raucous imagery: an insect in high heels, a wolf at an uncomfortable party, a glowing and self-serious guitar. A poet whose "voice lifts from the page, alive and biting" (Sky Sanchez, San Francisco Book Review), Addonizio reminds her reader, "if you think nothing & / no one can / listen I love you joy is coming."

The Cure for Alcoholism Little, Brown

"Not buying it, huh?" My mother acknowledged her assertion that the woman she pointed out at the rehab center as being her dead

husband was a bit of a stretch. But this was the kind of conversation I had with Mom as her cognitive abilities declined and her psychosis fully bloomed. The true, heart-wrenching, and yet hilarious stories at the center of *Dementia Sucks* were borne of a journal and blog that author Tracey Lawrence kept as her mother transformed from classic Jewish mother, to mildly forgetful Floridian grandma, to geriatric delinquent removed by police for knife-play at a rehabilitation facility. Really. Tracey's journey takes her from being an established graphic artist in northern New Jersey through bouts of full-time, hands-on caregiving of both her aging parents. She discusses many of the common challenges families face, and provides a humorous and highly educational perspective on her emotionally charged ride through geriatric illnesses, doctors, hospitals, insurance, facilities, family dynamics, and much more. Anyone who has family members they care about will want to read this book. Whether dementia visits or not, some aspect of Tracey's caregiving journey will likely resonate with, amuse, and enlighten you. The trick to surviving loss after loss is to find the humor in it all and avoid punching anyone, least of all yourself. This irreverent look shows you the way.

The Secret Garden Penguin

A companion book to the author's "Thin for Life" offers tips for losing and maintaining weight along with a weight-loss plan and low-fat recipes

Redirect Cns Productions

The truth won't let her go. Sophie Winters nearly died. Twice. The first time, she's fourteen, and escapes a near-fatal car accident with scars, a bum leg, and an addiction to Oxy that'll take years to kick. The second time, she's seventeen, and it's no accident. Sophie and her best friend Mina are confronted by a masked man in the woods. Sophie survives, but Mina is not so lucky. When the cops deem Mina's murder a drug deal gone wrong, casting partial blame on Sophie, no one will believe the truth: Sophie has been clean for months, and it was Mina who led her into the woods that night for a meeting shrouded in mystery. After a forced stint in rehab, Sophie returns home to a chilly new reality. Mina's brother won't speak to her, her parents fear she'll relapse, old friends have become enemies, and Sophie has to learn how to live without her other half. To make matters worse, no one is looking in the right places and Sophie must search for Mina's murderer on her own. But with every step, Sophie comes closer to revealing all: about herself, about Mina---and about the secret they shared.

Greenlights Anchor

A discussion of alternative resources for addiction treatment, including a comprehensive directory of licensed professionals and treatment programs.

Chasing Liberty in the Land of Fear BRI Publishing

An essential guide to finding the right recovery program from the New York Times--bestselling author of *Sober for Good* Drawing on extensive research, including visits to fifteen addiction treatment programs and interviews with more than two hundred clients and professionals in the field, trusted health and medical writer Anne M. Fletcher offers indispensable advice for people seeking quality care for themselves or a loved one. She reveals the ways in which our addiction treatment industry is broken, highlights what is working, and shares insights about how the experience could be more effective. Fletcher sheds light on the science-based practices that should form the basis of treatment, spotlights programs and professionals using those practices, and provides a much-needed guide to different types of treatment and finding quality care when it's needed.

FINDING KATARINA M. Simon and Schuster

Looks at the cultural factors contributing to a rise in alcoholism among today's women and compares today's practices to those of earlier generations while noting the current ineffectiveness of AA and other mainstream treatments.

Recover! Simon and Schuster

Combining the success stories of people who have taken control of their drinking and the latest scientific research on alcoholism, a look at combatting alcohol addiction without conventional Alcoholics Anonymous ranges from quitting on one's own to entering a formal treatment facility. Reprint.

New Solutions for Drinking Problems-Advice from Those Who Have Succeeded Рипол Классик

A New York Times Critics' Top Ten Book of the Year * Edgar Allan Poe Award Finalist * A Lit Hub Best Book of the Year From a Pulitzer Prize-winning investigative reporter at the Charleston Gazette-Mail, a "powerful," (The New York Times) urgent, and heartbreaking account of the corporate greed that pumped millions of pain pills into small Appalachian towns, decimating communities. In a pharmacy in Kermit, West Virginia, 12 million opioid pain pills were distributed in just three years to a town with a population of 382 people. One woman, after losing her brother to overdose, was desperate for justice. Debbie Preece's fight for accountability for her brother's death took her well beyond the Sav-Rite Pharmacy in coal country, ultimately leading to three of the biggest drug wholesalers in the country. She was joined by a crusading lawyer and by local journalist, Eric Eyre, who uncovered

a massive opioid pill-dumping scandal that shook the foundation of America's largest drug companies—and won him a Pulitzer Prize. Part Erin Brockovich, part Spotlight, Death in Mud Lick details the clandestine meetings with whistleblowers; a court fight to unseal filings that the drug distributors tried to keep hidden, a push to secure the DEA pill-shipment data, and the fallout after Eyre's local paper, the Gazette-Mail, the smallest newspaper ever to win a Pulitzer Prize for investigative reporting, broke the story. Eyre follows the opioid shipments into individual counties, pharmacies, and homes in West Virginia and explains how thousands of Appalachians got hooked on prescription drugs—resulting in the highest overdose rates in the country. But despite the tragedy, there is also hope as citizens banded together to create positive change—and won. "A product of one reporter's sustained outrage [and] a searing spotlight on the scope and human cost of corruption and negligence" (The Washington Post) Eric Eyre's intimate portrayal of a national public health crisis illuminates the shocking pattern of corporate greed and its repercussions for the citizens of West Virginia—and the nation—to this day.

She's not a party hound like the others in her therapy group—but then again, she knows she can't live without pills or booze. Raised by an abusive father, a detached mother, and a loving aunt and uncle, Randall both loves and hates her life. She's awkward and a misfit. Her parents introduced her to alcohol and tranquilizers at a young age, ensuring that her teenage years would be full of bad choices, and by the time she's twenty-three years old, she's a full-blown drug addict, well acquainted with the miraculous power chemicals have to cure just about any problem she could possibly have—and she's in more trouble than she's ever known was possible.

A Memoir of a Family and Culture in Crisis Simon and Schuster

THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO "You will not read a more important book about America this year."—The Economist "A riveting book."—The Wall Street Journal "Essential reading."—David Brooks, New York Times *Hillbilly Elegy* is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of *Hillbilly Elegy* plays out, we learn that J.D.'s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving

memoir, with its share of humor and vividly colorful figures, *Hillbilly Elegy* is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.

HarperCollins

Over 400 colleges and universities have adopted this up-to-date user-friendly textbook addressing psychoactive drugs and compulsive behaviors. Wide-ranging research and extensive citations make this an excellent reference source. A companion Study Guide containing chapter outline, guided review, practice tests, a drug identification table, and an extended glossary is available to download with each copy. Key ideas and concepts are highlighted throughout the book. This technique along with the Study Guide aids readers in processing the materials. Instructor support materials are also available. The content relies on the most current data and studies as well as practical information and interviews drawn from treatment professionals and their clients. The material gives perceptive insights into the complex fields of drug abuse, compulsive behaviors, addiction, treatment, recovery, and prevention. QR (quick response) codes access short videos for each chapter, and hundreds of illustrations, photos, and graphics make this clearly, concisely, and simply written textbook valuable to instructors, students, and professionals alike.

Alcoholics Anonymous Penguin

Beloved former ABC 20/20 anchor Elizabeth Vargas reveals her alcohol addiction and anxiety disorder in a shockingly honest and emotional memoir. Winner of the Books for a Better Life Award in the First Book category Instant New York Times and USA Today Bestseller From the moment she uttered the brave and honest words, "I am an alcoholic," to interviewer George Stephanopoulos, Elizabeth Vargas began writing her story, as her experiences were still raw. Now, in *BETWEEN BREATHS*, Vargas discusses her accounts of growing up with anxiety--which began suddenly at the age of six when her father served in Vietnam--and how she dealt with this anxiety as she came of age, eventually turning to alcohol for a release from her painful reality. The now-A&E Network reporter reveals how she found herself living in denial about the extent of her addiction, and how she kept her dependency a secret for so long. She addresses her time in rehab, her first year of sobriety, and the guilt she felt as a working mother who could never find the right balance between a career and parenting. Honest and hopeful, *BETWEEN BREATHS* is an inspiring read.

Inside Out Da Capo Lifelong Books

"Hart's argument that we need to drastically revise our current view of illegal drugs is both powerful and timely . . . when it comes to the legacy of this country's war on drugs, we should all share his outrage." —The New York Times Book Review From one of the world's foremost experts on the subject, a powerful argument that the greatest damage from drugs flows from their being illegal, and a hopeful reckoning with the possibility of their use as part of a responsible and happy life Dr. Carl L. Hart, Ziff Professor at Columbia University and former chair of the Department of Psychology, is one of the world's preeminent experts on the effects of so-called recreational drugs on the human mind and body. Dr. Hart is open about the fact that he uses drugs himself, in a happy balance with the rest of his full and productive life as a researcher and professor, husband, father, and friend. In *Drug Use for Grown-Ups*, he draws on decades of research and his own personal experience to argue definitively that the criminalization and demonization of drug use--not drugs themselves--have been a tremendous scourge on America, not least in reinforcing this country's enduring structural racism. Dr. Hart did not always have this view. He came of age in one of Miami's most troubled neighborhoods at a time when many ills were being laid at the door of crack cocaine. His initial work as a researcher was aimed at proving that drug use caused bad outcomes. But one problem kept cropping up: the evidence from his research did not support his hypothesis. From inside the massively well-funded research arm of the American war on drugs, he saw how the facts did not support the ideology. The

truth was dismissed and distorted in order to keep fear and outrage stoked, the funds rolling in, and Black and brown bodies behind bars. *Drug Use for Grown-Ups* will be controversial, to be sure: the propaganda war, Dr. Hart argues, has been tremendously effective. Imagine if the only subject of any discussion about driving automobiles was fatal car crashes. *Drug Use for Grown-Ups* offers a radically different vision: when used responsibly, drugs can enrich and enhance our lives. We have a long way to go, but the vital conversation this book will generate is an extraordinarily important step.

The Urge The New Press

This text offers a straightforward, comprehensive overview of both traditional and evolving theoretical models of family therapy and intervention techniques as well as a discussion of clinical issues unique to family therapy practice. Aiming to prepare students to develop beginning proficiency in family therapy, the authors outline major family therapy models in detail, including a step by step description of concepts, theories, skills, and techniques as well as a history of each model and its conceptual and theoretical underpinnings. The text also provides extensive case illustrations of family interviews that identify the specific stages, clinical issues, concepts, theories and techniques associated with each model. This core text is designed for graduate level courses such as Family Therapy, Marriage and Family Therapy, Marriage and Family Counseling, Family Systems Theory, and Family Counseling in departments of social work, psychology, nursing, education, or human services.

Iron Thunder Houghton Mifflin Harcourt

#1 NEW YORK TIMES BESTSELLER • Discover the life-changing memoir that has inspired millions of readers through the Academy Award®-winning actor's unflinching honesty, unconventional wisdom, and lessons learned the hard way about living with greater satisfaction. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN "McConaughey's book invites us to grapple with the lessons of his life as he did—and to see that the point was never to win, but to understand."—Mark Manson, author of *The Subtle Art of Not Giving a F*ck* I've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges—how to get relative with the inevitable—you can enjoy a state of success I call "catching greenlights." So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.

Uppers, Downers, All Arounder Houghton Mifflin Harcourt

The world of the schizophrenic, the depressed, the suicidal can seem a foreign, frightening place. Now, a brilliant writer/psychologist takes readers on a mesmerizing journey into this enigmatic world. As readers interact through Slater with patients Lenny, Moxi, Oscar, and Marie, they come to understand more about the human mind and spirit. First serial to Harper's.
