On God and Christ Arms & Armour

The “exquisite and richly illustrated” New York Times bestseller from the renowned makeup artist, “a retrospective written for all women, everywhere” (Vogue France). Makeup, as we know it, has only been commercially available in the last 100 years, but applying decoration to the face and body may be one of the oldest global social practices. In *Face Paint*, Lisa Eldridge reveals the entire history of the art form, from Egyptian and Classical times up through the Victorian age and golden era of Hollywood, and also surveys the cutting-edge makeup science of today and tomorrow. *Face Paint* explores the practical and idiosyncratic reasons behind makeup’s use, the actual materials employed over generations, and the glamorous icons that people emulate, it is also a social history of women and the ways in which we can understand their lives through the prism and impact of makeup. “Makeup artist and Lancome global creative

director Lisa Eldridge drops serious knowledge in *Face Paint*, her book on the history of beautifying.” —Marie Claire “Clear your coffee table and turn off YouTube—Lisa Eldridge’s book is a must read.” —Teen Vogue “The book is not only rich with history but also with a series of paintings, sketches and photographs in an intense array of colors, selected by the make-up artist herself in the most aesthetically pleasing universal statement to women you’ll ever see.” —Vogue France “*Face Paint* delves into the history of makeup, with glossy pictures to match . . . the book’s cover is striking.” —New York Post

“St Gregory of Nyssa (c. 335-c. 394) wrote the *Catechetical Discourse* (Oratio catechetica) for his catechists, who instructed those preparing for baptism. In the work, he expounds the fundamental doctrines of the Christian faith: the Trinity, creation, the image of God in man, the fall, the nature of evil, Christ's birth, death, harrowing of hades, and resurrection, and the sacraments of baptism

and the Eucharist. He provides his catechists with strategies to defend the faith against objections and to articulate doctrine in a winsome way. He used his rhetorical training to do this, crafting the *Catechetical Discourse* on the model of an “On Invention” rhetorical handbook”--

New York Times bestselling author Charles Martin's breathtaking novel of love and redemption. Charlie Finn had to grow up fast, living alone by age sixteen. Highly intelligent, he earned a life-changing scholarship to Harvard, where he learned how to survive and thrive on the outskirts of privileged society. That skill served

him well in the cutthroat business world, as it does in more lucrative but dangerous ventures he now operates off the coast of Miami. Charlie tries to separate relationships from work. But when his choices produce devastating consequences, he sets out to right wrongs, traveling to Central America where he will meet those who have paid for his actions, including a woman and her young daughter. Will their fated encounter present Charlie with a way to seek the redemption he thought was impossible--and free his heart to love one woman as he never knew he could?

The Art at Home Ladybird Books

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite

clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

'In these decorative days the volumes bring calm counsel and kindly suggestions, with information for the ignorant and aid for the advancing, that ought to help many a feeble, if well-meaning pilgrim along the weary road, at the end whereof, far off, lies the House Beautiful ...'--Examiner, 1876. Launched by a successful editor and publisher W. J. Loftie in 1876, Art at Home was a series of small guidebooks or

manuals for women in the upper-middle class striving for a more aesthetic and cultured life. The series gained great popularity among housewives in Victorian England and its influence expanded to the east coast of America as well with the publication of the American editions which were used there as introductory guides to the life of high society in England. Subjects covered include interior design, furniture, fashion, art education, art collection, music, theatre, leisure, and all aspects of cultural life at home. Reproduced here are the all twelve titles with many illustrations, some reproduced in colour. Despite its importance, the original books are rare and hard to obtain and very few libraries in the world hold the complete series. The Story of Makeup Cengage Learning

In the tradition of *Post Secret* and *Other People's Love Letters*, a crowdsourced compilation

of letters, stories, and art work about the modern state of love and relationships, edited by rising filmmaker and beloved YouTube vlogger Will Darbyshire. "What would you say to your ex, without judgment?" This is the question filmmaker and vlogger Will Darbyshire posed to hundreds of thousands of his closest friends on YouTube. Seeking closure after a tough break-up, Will was driven to strike up an intimate conversation with his online audience, and to get at the heart of one of life's unknowable yet universal mysteries: love. Over a period of six months, Will posed a series of questions to his audience and asked them to reveal their innermost feelings about their own romantic experiences in the form of hand-written letters, poems, photographs, and emails. The result is a curated collection of responses that are, at turns, funny, dark, confessional, awkward, comforting, and uplifting. This *Modern Love* is a compelling portrait of individual desires, fantasies, resentments, and fears that reminds us that, whether we're in or out of love, we're not alone.

In an age of skepticism and disenchantment, people long for something that satisfies our mind's

search for truth and our heart's desire for beauty and meaning. Stand Firm: Apologetics and the Brilliance of the Gospel argues that the gospel satisfies both of these needs. It is true and rational, but it is also inherently attractive and provides meaning and purpose. In short, the gospel is brilliant. It is brilliant, in one sense, because of the broad variety of evidences for its truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God, the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to connect these considerations with the gospel so that we may stand firm in our faith. *Zodiac Taurus* Createspace Independent Pub
Praise for the Third Edition ". . . an expository masterpiece of the highest didactic value that has gained additional

attractivity through the various improvements . . ."—Zentralblatt MATH The Fourth Edition of Introduction to Abstract Algebra continues to provide an accessible approach to the basic structures of abstract algebra: groups, rings, and fields. The book's unique presentation helps readers advance to abstract theory by presenting concrete examples of induction, number theory, integers modulo n , and permutations before the abstract structures are defined. Readers can immediately begin to perform computations using abstract concepts that are developed in greater detail later in the text. The Fourth Edition

features important concepts as well as specialized topics, including: The treatment of nilpotent groups, including the Frattini and Fitting subgroups Symmetric polynomials The proof of the fundamental theorem of algebra using symmetric polynomials The proof of Wedderburn's theorem on finite division rings The proof of the Wedderburn-Artin theorem Throughout the book, worked examples and real-world problems illustrate concepts and their applications, facilitating a complete understanding for readers regardless of their background in mathematics. A wealth of computational and theoretical exercises, ranging from basic to

complex, allows readers to test their comprehension of the material. In addition, detailed historical notes and biographies of mathematicians provide context for and illuminate the discussion of key topics. A solutions manual is also available for readers who would like access to partial solutions to the book's exercises. Introduction to Abstract Algebra, Fourth Edition is an excellent book for courses on the topic at the upper-undergraduate and beginning-graduate levels. The book also serves as a valuable reference and self-study tool for practitioners in the fields of engineering, computer science, and applied mathematics.
