 Introduction 1.1 Health and the derived demand for healthcare.
 Demand for healthcare is a derived demand, derived from a
 demand for health, i.e., the desire to have good health to
 participate in work and leisure. Health is determined by many
 factors, among which medical care is one.Chapter 1 Introduction

 which of the followingChapter 1 TB - Chapter 1 The Demand for
 Audit and Other ...A demand for international preliminary
 examination must be filed prior to the expiration of whichever of
 the following periods expires later: (A) three months from the
 date of transmittal to the applicant of the international search
 report and the written opinion; or (B) 22 months from the priority
 date.1842-Basic Flow Under the PCT1.2. Types of demand To get
 a realistic model of the system, the most significant types of
 demand should be defined. These types of demand are usually
 attached to a type of customer with specific needs. Leakages can
 be either define as a specific type of demand or included in the
 demand patterns for each area.Chapter 1. Water Demand -
