One of the best books ever written on horse racing, Rowe's original research spans forty-five years and shows how to play and beat the track, spot hot and cold horses from betting trends, analyze and play winning favorites, bet-downs and

profitable exactas, evaluate trainers, jockeys, stable entries, make your own odds-line, and more! Written in Rowe's personal style and jam-packed with 27 chapters, 93 tables/charts. Ainslee says, "(his) selection method is by far the simplest and most sensible..." Includes 93 charts and illustrations. Al Illich, author of *How to Pick Winners*, called Rowe "one of the best players I have known..." A great book from a legend. 232 pages
A Horse-Racing Primer Harper Collins
 "Through this wonderful book, frustrated golfers can learn to swing like Moe [Norman] and improve their games."
 —Anthony Robbins, #1 New York Times—bestselling author
 The mysterious and reclusive genius Moe Norman is acknowledged as the best ball-striker in the history of golf by many of the game's greats. The Single Plane Golf Swing: Play Better Golf the Moe Norman Way reveals

the secrets of the swing that enabled him to hit the ball solidly with unerring accuracy and consistency—every time. Norman's simple, efficient, and easily understood Single Plane Swing has improved the games of thousands of golfers. Golf professional Todd Graves, known as "Little Moe" and regarded as the world authority on Norman's swing, comprehensively teaches readers the mechanics, drills, and feelings of the Single Plane Swing that Moe called "The Feeling of Greatness." Graves shares Norman's brilliant insights and liberating approach to the game and demonstrates why the conventional "tour" swing is too complex and frustrating for the majority of amateurs. Illustrated with more than 300 photographs and written with Tim O'Connor, Norman's biographer, the book also engagingly tells Norman's bittersweet life story and explores the teacher-student

bond forged between Norman and his protégé Graves. "One of golf's greatest untold stories, Moe Norman's life illustrated a simple and powerful truth: greatness is built from practicing the right swing in the right way. In this book, Todd Graves has given us a blueprint for that swing, for those practice habits, and most of all for a process that builds success."

—Dan Coyle, New York Times-bestselling author of *The Culture Code*

Pedigree Handicapping reveals how evaluating a horse's bloodline is most commonly used in maiden special weight races. It also points out the many other areas where pedigree handicapping has proven to be a powerful tool.

The Complete Guide to Handicapping Harness Races HMH

Is betting a horse who was claimed last start a winning strategy? What are the signs that an upcoming favorite looks vulnerable? How about if you combine a class drop with a jockey switch? Should you bet everyone who won last out by 8 lengths or more? You may have an opinion about these handicapping questions. But wouldn't it be nice to see long-term data? What if you could analyze these topics—and dozens more—by seeing how they did in every race in North America from 2014 through 2017—some 168,227 in all? That's what *The Skeptical Handicapper: Using Data and Brains to Win at the Racetrack* is all about. Is what you believe true? Let's find out. But this book is not just a dry recitation of numbers. Author Barry Meadow—who wrote *Money Secrets at the Racetrack*, the definitive guide to money management at the races—takes you on a handicapping journey which covers virtually every question you may have about what's profitable and what isn't, and why. He should know—for more than 20 years, he was a full-time thoroughbred player. And he was a steady, big-money winner. Now he reveals for the first time what he's learned—and what can help you win. With the help of thoroughbred analytic specialist Ken Massa of *Handicapping Technology and Research*, he'll show you exactly how to win now and into the future. With data and facts, not just opinions. If you're serious about winning at the races today, this is the one book you must have. And only Barry Meadow could write it.

How to enjoy a day at the races—and bet to win! The last two years have seen a record number of Americans tune in for climatic

Triple Crown races featuring Smarty Jones and Funny Cide; in 2004, television viewership jumped a whopping 61 percent over the record set in 2003, and the Belmont Stakes race itself drew a record crowd of more than 120,000! This easy-to-understand guide shows first-time visitors to the track how to enjoy the sport of horse racing—and make smart bets. It explains what goes on at the track, what to look for in horses and jockeys, how to read a racing form and do simple handicapping, and how to manage betting funds and make wagers that stand a good chance of paying off. Complete with coverage of off-track and online betting, it's just what anyone needs to play the ponies—and win! Richard Eng (Las Vegas, NV) is a racing writer and handicapper for the Las Vegas Review-Journal, a columnist for the Daily Racing Form, and the host of a horseracing radio program in Las Vegas. He was formerly a part of the ABC Sports team that covered the Triple Crown.

In this informative and entertaining book, learn from Cousin Sal how not to gamble your life away -- along with many other life lessons -- so you don't have to learn the hard way. Over the last forty years, Cousin Sal has made bets with doctors, lawyers, teachers, agents, bookies, writers, comedians, radio DJs, tv producers,

baseball players, front office executives, bandleaders, movie stars, publicists, weed lab owners, hedge fund operators, and even professional wrestlers. From his early days growing up in Brooklyn and Long Island flipping baseball cards to now hosting podcasts and TV shows and managing several offshore accounts we don't talk about, Cousin Sal has truly become the average American sports fan's go to source for gambling tips. So here's how not to do it . . . With hilarious tales of love and loss, winning and (a lot) of losing, crazy family and fatherhood, and a life saga that inspired the Phil Collins' song, "Against All Odds," Cousin Sal has now written *THE Vegas super-system*, MIT-algorithmic, sharp-approved book for how to gamble like a pro -- or at least not how not to go broke and lose your kids to Child Protective Services.

The General Stud-book Daily Racing Form Press

The best payoffs I've had at the track were generated by extreme pace aberrations. Those nice payoffs didn't come from pedestrians. I'm talking about thieves and carpetbaggers, opportunists who were ordinary but found themselves in extraordinary situations - the right place, the right time. When I started playing the extreme pace way, it made such a difference that I dedicated my handicapping life to it. *Extreme Pace Handicapping* will show you what made the difference and why. It's simple, really. I like to call it pace picture doodling. If you doodle it, they will come: The Thief, The Clever Thief, The Loner, and the Carpetbagger. Includes one FREE month of the PACEAPPRAISER PPs. Here's how: Buy the book. Go to the author's website (see About the Author at the end of the book for website address). Send a copy of your Amazon receipt along with your first and last name. You will receive your login information by return email.

"The first weekend at the track after reading your book (Handicapping Secrets of the Horse Racing Fanatic) I won \$2,600.00! Thanks for all the great info." R. Kelley - Los Angeles, CA. "...Initially, I was looking for the plays on the pick six but actually evaluated them last. I would almost swear that I was privileged to look at an experienced horse player's soul. I believe this material needs more than reading, it should be studied and practiced. The author is certainly knowledgeable about the secrets of winning. For any serious horse player who is self taught or those who aspire to collect money from the race tracks, armed with just these techniques a loser could become a winner. I would heartily endorse this author. Thank you again," Jerry Smiley - NV "Great book with tremendous insight to thoroughbred handicapping and wagering." -janishrj "Gordon Easton's Pick-Six Formulas and other betting strategies are quite literally worth a fortune to any serious fan of horse racing. Add in the rest of the handicapping expertise he has picked up along the way, and you have a resource that no one who plays the ponies can afford to be without. Recommended without reservation!" - Jay M. - Arlington, VA "I failed to mention how informative the book you sent me is. Even with over 40-yrs. of experience, I learned things

about racing that I more than likely did not know, or just plain forgot about. It's a good book!" Don Oerlemans - Westville, NJ "Very well written and and super informative book. A++++++" -K.F. "Great handicapping book for any horseracing fan." -bettyjean4771 "Solid info and systems!" -ciolek75 "Very informative!! Easy to master. Thanks!!" - A.T. "Good and interesting info for any handicapper. Thanks." -C.T. "Good tips and angles I haven't thought of before. Pick 6 strategies are great." -J.K. "very interesting book, the stats alone are incredible. A++++" -J.J. "Good insight to handicapping horses." -G.D. What makes Handicapping Secrets of The Horse Racing Fanatic your absolute best bet to put more money in your pocket when wagering at the track? It's not just master handicapper Gordon Easton's four decades worth of powerful and proven betting systems... spot plays... and long-shot picking secrets, all brought together in one book for the first time anywhere. What's sets this book apart from all the rest is that retired mathematics professor Gordon Easton is a mathematical genius specializing in Numbers Probability Theory, who gives his readers a complete set of "plug and play" betting formulas that will let you cover more horses and results for every dollar you bet, shaving the odds in your favor. For example: Most people never win a Pick Six because they don't have the hundreds of dollars needed to put a lot of horses on a single ticket. They will bet many \$2 tickets instead. They could end up with several tickets with 3 or 4 winners... but none with 5 or 6 for the big win. But, by using Gordon's formulas, you are guaranteed to line up at least five winners on one ticket if you get a winner in each race. You'll also have a decent chance at getting a Pick Six... without spending a fortune. For example: Pick Six Formula #1 covers 4 horses in 1 race... 3 horses in 3 races... and 2 singles (your most likely winners). To put all of these horses on one ticket would cost you \$216. Using Gordon's formula... you can do this for only \$24, with the guarantee of 5 or 6 winners on one ticket if you have a winner in each race. There is no other place on the planet you can find this kind of incredibly valuable knowledge.
