One of the earliest commentaries on the popular and highly respected yoga scripture known as the Bhagavad Gita. Roy Eugene Davis explains the inner meaning in the light of Kriya Yoga in this new commentary on this scripture. Its seven hundred verses encourage the reader to acquire Self-knowledge and to intentionally engage in constructive performance of personal duties along with dedicated spiritual endeavor--to practice Kriya Yoga. The Sanskrit word kriya means action. Yoga can mean to yoke or unite soul awareness with God; practice of procedures for this purpose; or samadhi, the realization of spiritual wholeness, the culmination of successful practice.

Yogananda was one of the most significant spiritual teachers of the 20th century. Since his classic, *Autobiography of a Yogi*, was first published in 1946, its popularity has increased steadily

throughout the world. The *Essence of Self-Realization* is filled with lessons and stories that Yogananda shared only with his closest disciples, this volume offers one of the most insightful and engaging glimpses into the life and lessons of a great sage. Much of the material presented here is not available anywhere else.

The Bhagavad Gita is India's most sacred text - the 'Hindu' Bible. Yogananda's translation and commentary brings a unique and deeply penetrating insight into this great scripture, which is widely regarded as one of the most comprehensive books available on the science and philosophy of Yoga. *God Talks With Arjuna* explains the Bhagavad Gita's profoundest spiritual, psychological, and metaphysical truths, long obscured by metaphor and allegory. Yogananda takes Lord Krishna's counsel to the warrior Arjuna and applies it to our everyday struggles with the human ego. Our greatest battle he explains, like Arjuna's, takes place within our own minds as we fight our doubts, fears, negative habits, self-defeating thoughts, and erroneous thinking. Appealing to scholar and general reader alike, there is no other Gita on the market as attractive, and comprehensive.

Yogananda said, 'From the moment of conception to the surrender of the last breath, man has to fight in each incarnation innumerable battles: biological, hereditary, bacteriological, physiological, climatic, social, ethical, political, sociological, psychological, metaphysical - so many varieties of inner and outer conflicts. Competing for victory in every encounter are the forces of good and evil. The whole intent of the Gita is to align man's efforts on the side of dharma, or righteousness. The ultimate aim is Self-realization, the realization of man's true Self, the soul, as made in the image of God, one with the ever-existing, ever-conscious, ever-new bliss of Spirit.'

*Conversations with Yogananda* This is an unparalleled firsthand account of Paramhansa Yogananda and his teachings, written by one of his closest students. Yogananda is one of the world's most widely known and universally respected spiritual masters. His *Autobiography of a Yogi* has helped stimulate a spiritual awakening in the West and a spiritual renaissance in his native land of India. More than half a century ago, in a hilltop ashram in Los Angeles, California, an American disciple sat at the feet of his Master, faithfully recording his words, as his teacher had asked him to do.

Paramhansa Yogananda knew this disciple would carry his message to people everywhere. Kriyananda was often present when Yogananda spoke privately with other close disciples; when he received visitors and answered their questions; when he was dictating and discussing his important writings. Yogananda put Kriyananda in charge of the other monks, and gave him advice for their spiritual development. In all these situations, Kriyananda recorded the words and guidance of Yogananda, preserving for the ages wisdom that would otherwise have been lost, and giving us an intimate glimpse of life with Yogananda never before shared by any other student. These Conversations include not only Yogananda's words as he first spoke them, but also the added insight of an intimate disciple who has spent more than 50 years reflecting on and practicing the teachings of Yogananda. Through these conversations, Yogananda comes alive. Time and space dissolve. We sit at the feet of the Master, listen to his words, receive his wisdom, delight in his humor, and are transformed by his love.

The Bhagavad Gītā recounts a profound dialogue between Arjuna, a conflicted warrior, and his humble charioteer, who is in fact the Lord Himself. The message Kṛṣṇa delivered on a battlefield more than 5000 years ago is just as relevant today because it awakens the soul to mankind's true nature and reason for being. His instructions have stood the test of time and provide the knowledge to help us triumph over the obstacles we face in our lives. Paramahansa Sri Swami Vishwananda's commentary brings this timeless discourse to life, unravelling it and delivering it straight to the heart of the reader. It is rare when a book has the potential to become a lifelong companion for spiritual seekers, yet the Bhagavad Gītā Essentials is designed to be just that: an essential part of your life. Small enough to carry with you wherever you go, yet profound enough to carry you all the way to God; succinct enough to read in a matter of hours, yet deep enough to contemplate for decades to come.

This attractive two-volume, slip-cased edition of *The Second Coming of Christ*, presents Paramahansa Yogananda's unique perspective on the real meaning of Jesus' teachings, and takes the reader on a revelatory journey, verse by verse, through the four Gospels. Dispelling centuries old misconceptions and dogma, this monumental work is destined to leave an indelible mark on the way the world views the teachings of Jesus Christ. In titling this work *The Second Coming of Christ*, I am not referring to a literal return of Jesus to earth. He came two thousand years ago and, after imparting a universal path to God's kingdom, was crucified and resurrected; his reappearance to the masses now is not necessary for the fulfillment of his teachings. What is necessary is for the cosmic wisdom and divine perception of Jesus to speak again through each one's own experience and understanding of the infinite Christ Consciousness that was incarnate in Jesus. That will be his true Second Coming.

*The Spiritual Awakening Guide* Self Realization Fellowship Pub

The first modern, comprehensive resource on spiritual awakenings, this pragmatic, clear guide covers everything from the first step on a spiritual journey to enlightenment, and the different types of spiritual awakenings, from mild to dramatic, we may go through. Using the concept of the twelve layers that cover an awakened state Mary Mueller Shutan addresses every step of the

spiritual journey, starting with the Self and showing how family, ancestral, past lives, karmic, archetypal, and other larger layers such as societal, cultural, global, and cosmic energies condition us to sleep and obscure our realization of an awakened state. Instructions for how to navigate through each of these layers and how to recognize where we are in our spiritual journey are included each step of the way along with common physical, emotional, and spiritual symptoms that may be experienced. By addressing post-awakening states, oneness, dark nights of the soul, ego death, near-death and severe illness, psychic abilities, addictions, dietary changes, the God self, personal and collective shadow, and psychosis vs. awakening we understand the experiences we may go through while struggling with spiritual awakenings. This practical book opens new understandings of how to live in the world while going through an awakening process, and offers the revolutionary idea that we are meant to be humans, to have a physical body with physical, sensate experiences and emotions. We are meant to live in the world and be a part of it even as fully awakened individuals. This guide proposes a look at the possibility of leading a grounded, earth-bound life of work, family, friends, and other experiences in an awakened state.

Joy Is Fundamental to Who We Are Paramhansa Yogananda translated the classic definition of God given by Swami Shankarananda, "Sat-chid-ananda," as, "Ever-existing, ever-conscious, ever-new joy." Yogananda added the concept of "new" to the ancient definition. Yogananda explained that God became His creation, which means that all of life exists, is conscious, and has the quality of joy innately within it. This is why human beings universally seek happiness. It is our nature to be happy, and the search for happiness motivates everyone. A master is one who has united his

consciousness with Satchidananda, and so you see in the masters profound joy. Some share this joy outwardly through their personalities; others may be more serious outwardly, but great joy sparkles in their eyes and is felt in their presence. Yogananda's experience of life, his experience of the goal of all life, was filled with joy. He lived in joy always, and sought to awaken it in others. Though he could be intensely serious and deep as appropriate, he also could express the greatest joy, often in unexpected situations. The humor in *The Man that Refused Heaven* arose spontaneously from Yogananda's deep joy. Sometimes he used humor to express an important spiritual principle. Sometimes he used it in training the disciples, to help them learn in a way that reasoned lectures could never achieve. Most of the humor in this book was taken from Yogananda's writings. Also included are experiences with the master that demonstrate his playful spirit. These were written by Swami Kriyananda, from his years of being trained personally by Yogananda, or from stories that were shared with him by other close disciples. The message of this book is both playful and serious. The serious message is that joy can be found within us always. We should look for it there and share it with others.

Pujya Gurudev Swami Chinmayananda made it a priority to revive the young generation of Indians, who were drifting through life without any clear goals, vision or direction. He believed that growth of the newly independent India could only be achieved by a motivated and clear-headed generation of youngsters. In order to inspire the youngsters of India and show them the possibilities of a nobler life, Gurudev delivered a series of fiery 10-minute talks on All India Radio, based on the Bhagavad-gita. He gave this ancient wisdom a contemporary context and presented in a form that was palatable and practical to the modern youngsters. Although delivered in the 1960s, these teachings are as relevant, fresh and inspiring today as they were 40 years ago. 114 SHORT TALKS ON THE BHAGAVAD-GITA
