BENTON PATIENCE

Encyclopedia of Political Theory Penerbit Andi

A masterful analysis that will redefine the workings of the global economy for years to come.

Civil Islam Oxford University Press

All of the essays in this volume capture the body in a particular attitude: in distress, vulnerability, pain, pleasure, labor, health, reproduction, or preparation for death. They attend to how the body's transformations affect the social and political arrangements that surround it. And they show how apprehension of the body - in social and political terms - gives it shape.

Citizenship for the 21st Century Ganeca Exact

Public Policy Analysis, the most widely cited book on the subject, provides readers with a comprehensive methodology of public policy analysis. Starting from the premise that policy analysis is an applied social science discipline designed for solving practical problems facing public and nonprofit organizations, the book bridges the gap between theory and practice. It provides practical skills for conducting policy analysis and communicating findings through memos, position papers, and other forms of structured analytical writing. The book asks readers to critically analyze the arguments of policy practitioners as well as political scientists, economists, and political philosophers.

A National Strategy to Reduce Crime UNY Press

Draws on theories and methods from the social sciences to develop a framework for the systematic study of human rights problems. This book includes: an outline of the scope of human rights; the factors that have an impact on human rights; and a summary of the social science theories. It is useful for scholars and practitioners of this area.

Modern Jurisprudence Routledge

European constitutionalism is not merely an intra-European phenomenon but it can also be compared to other major forms of constitutionalism. Over the past decade or so issues have emerged which seem to indicate that European constitutional

theory and practice is becoming aware that it has developed certain rules and possesses certain characteristics which distinguish it from US constitutionalism and vice versa. This book explores whether such differences can be found in the five areas of 'freedom of speech', 'human dignity', 'duty to protect', 'adjudication' and 'democracy and international influences'. The authors of this book are constitutional scholars from Europe and the United States as well as from other constitutional states, such as Canada, Israel, Japan, Peru and South Africa.

State of Implementation of the United Nations Convention Against Corruption Juris Publishing, Inc.

"A tour de force."—Gordon S. Wood, *New York Times Book Review*
How were human rights invented, and how does their tumultuous history influence their perception and our ability to protect them today? From Professor Lynn Hunt comes this extraordinary cultural and intellectual history, which traces the roots of human rights to the rejection of torture as a means for finding the truth. She demonstrates how ideas of human relationships portrayed in novels and art helped spread these new ideals and how human rights continue to be contested today.

Routledge Companion to Women, Sex, and Gender in the Early British Colonial World Syracuse University Press

In this second volume of The Information Age trilogy, with an extensive new preface following the recent global economic crisis, Manuel Castells deals with the social, political, and cultural dynamics associated with the technological transformation of our societies and with the globalization of the economy. Extensive new preface examines how dramatic recent events have transformed the socio-political landscape of our world Applies Castells' hypotheses to contemporary issues such as Al Qaeda and global terrorist networks, American unilateralism and the crisis of political legitimacy throughout the world A brilliant account of social, cultural, and political conflict and struggle all over the world Analyzes the importance of cultural, religious, and national identity as sources of meaning for people, and its implications for social movement Throws new light on the dynamics of global and local change

Studying Human Rights John Wiley & Sons

Human rights offer a vision of international justice that today's idealistic millions hold dear. Yet the very concept on which the movement is based became familiar only a few decades ago when it profoundly reshaped our hopes for an improved humanity. In this pioneering book, Samuel Moyn elevates that extraordinary transformation to center stage and asks what it reveals about the ideal's troubled present and uncertain future. For some, human rights stretch back to the dawn of Western civilization, the age of the American and French Revolutions, or the post-World War II moment when the Universal Declaration of Human Rights was framed. Revisiting these episodes in a dramatic tour of humanity's moral history, *The Last Utopia* shows that it was in the decade after 1968 that human rights began to make sense to broad communities of people as the proper cause of justice. Across eastern and western Europe, as well as throughout the United States and Latin America, human rights crystallized in a few short years as social activism and political rhetoric moved it from the hallways of the United Nations to the global forefront. It was on the ruins of earlier political utopias, Moyn argues, that human rights achieved contemporary prominence. The morality of individual rights substituted for the soiled political dreams of revolutionary communism and nationalism as international law became an alternative to popular struggle and bloody violence. But as the ideal of human rights enters into rival political agendas, it requires more vigilance and scrutiny than when it became the watchword of our hopes.

Pendidikan Kewarganegaraan Cornell University Press

Hadirnya buku Pendidikan Kewarganegaraan ini dapat menjadi salah satu alternatif bagi akademisi, guru, praktisi, tokoh masyarakat dan mahasiswa dalam membangun kesadaran warga negara dalam membangun bangsa dan negara.

Pendidikan Kewarganegaraan: Membangun Warga Negara yang Demokratis Jejak Pustaka

This report of the National Advisory Commission on Criminal Justice Standards and Goals presents national criminal justice standards and goals for crime reduction and prevention at the State and local levels. The Commission proposes as a goal for America a 50 percent reduction in high-fear crimes by 1983. It

further proposes that crime-reduction efforts focus on five crimes: homicide, reduced by at least 25 percent by 1983; forcible rape, reduced by at least 25 percent by 1983; aggravated assault, reduced by at least 25 percent by 1983; robbery, reduced by at least 50 percent by 1983; and burglary, reduced by at least 50 percent by 1983. The Commission proposes four areas for priority action in reducing the five target crimes: juvenile delinquency, delivery of social services, prompt determination of guilt or innocence, and citizen action. There are seven areas where the Commission proposes recommendations. In the area of criminal justice, it proposes broad reforms and improvements at the State and local levels. In focusing on community crime prevention, the Commission emphasizes communitywide crime prevention efforts at the State and local levels. The Commission also proposes that the delivery of police services be greatly improved at the municipal level and that the courts undergo a major restructuring and streamlining of procedures and practices in the processing of criminal cases at the State and local levels. Other proposals are in the broad areas of corrections and criminal code reform and revision. Regarding handguns in American society, the Commission proposes nationwide action at the State level to eliminate the dangers posed by widespread possession of handguns.

Pendidikan Kewarganegaraan S1 Kebidanan SAGE

Civic and citizenship education have emerged as major areas of discussion, debate and action regarding their place in the school curriculum in many nations. This text sets out to show the importance of citizenship education with examples and contributions from around the world.

Public Policy Analysis Rena Cipta Mandiri

Mewujudkan sikap yang ada pada sila-sila Pancasila kepada diri, keluarga, dan negara, harus terus diperjuangkan didalamnya. Dengan adanya mata kuliah ini akan menumbuhkan para generasi muda untuk mengingatkan kesadaran berbangsa dan bernegara dan jauh dari tindakan yang tidak kita inginkan seperti perkelahian antar teman, demo, tanpa tujuan dll. Itulah satu wujud disusunnnya materi Kewarganegaraan yang merupakan Mata Kuliah Dasar Umum (MKDU) yang harus menyentuh sifat, sikap dan karakter warga negara. Kewarganegaraan selalu memberikan support dalam bentuk materi. Pembelajaran Kewarganegaraan dapat mewujudkan bentuk kurikulum berbasis kompetensi (KBK)

yang nantinya mampu menerjemahkan secara utuh sasaran kurikulum di Prodi Kebidanan STIKes Buleleng Singaraja nantinya dengan sendirinya apa yang diwujudkan oleh Tim Penyusun buku ajar ini akan dapat menerjemahkan kehidupan demokrasi yang utuh dan berkualitas pada para calon tenaga Kebidanan Semoga apa yang dihasilkan dalam materi ajar ini dapat menelorkan sumber daya manusia yang berkualitas dibidang kesehatan.

Democracy, Human Rights and Law in Islamic Thought UN

In October 1999, Abdurrahman Wahid, almost blind and recovering from a nearfatal stroke, was elected as Indonesia's fourth president. Referred to as 'Indonesia's surprising new president' by the Economist, the man who had commanded the highest respect of his fellow countrymen for his lifetime devotion to public service, liberal democracy and tolerant Islam, was impeached in humiliating and controversial circumstances less than two years later. Wise to some, insolent to others, Abdurrahman's mercurial style of leadership constantly confounded critics and ultimately caused him to be widely misunderstood by both domestic and international observers. For the first time, biographer Greg Barton delves beneath the surface and gives us a unique insight into the man and his world drawn from his long relationship with Gus Dur - including being at his side during the final extraordinary months of the presidency. Those interested in the drama of modern Indonesian politics will find this book provides a fascinating and invaluable account of the enigmatic Gus Dur.

Asset Forfeiture Law in the United States - Second Edition W. W. Norton & Company

Civil Islam tells the story of Islam and democratization in Indonesia, the world's largest Muslim nation. Challenging stereotypes of Islam as antagonistic to democracy, this study of courage and reformation in the face of state terror suggests possibilities for democracy in the Muslim world and beyond. Democratic in the early 1950s and with rich precedents for tolerance and civility, Indonesia succumbed to violence. In 1965, Muslim parties were drawn into the slaughter of half a million communists. In the aftermath of this bloodshed, a "New Order" regime came to power, suppressing democratic forces and instituting dictatorial controls that held for decades. Yet from this maelstrom of violence, repressed by the state and denounced by conservative Muslims, an Islamic democracy movement emerged,

strengthened, and played a central role in the 1998 overthrow of the Soeharto regime. In 1999, Muslim leader Abdurrahman Wahid was elected President of a reformist, civilian government. In explaining how this achievement was possible, Robert Hefner emphasizes the importance of civil institutions and public civility, but argues that neither democracy nor civil society is possible without a civilized state. Against portrayals of Islam as inherently antipluralist and undemocratic, he shows that Indonesia's Islamic reform movement repudiated the goal of an Islamic state, mobilized religiously ecumenical support, promoted women's rights, and championed democratic ideals. This broadly interdisciplinary and timely work heightens our awareness of democracy's necessary pluralism, and places Indonesia at the center of our efforts to understand what makes democracy work.

European and US Constitutionalism Harvard University Press
Buku disajikan dengan focus bahasan tentang kewarganegaraan (citizenship), pendidikan kewarganegaraan (civic education, citizenship education) dan dipadukan dengan persoalan kekinian yang berkaitan dengan pendidikan global (global education). Pada era globalisasi telah memberikan pengaruh terhadap semua aspek kehidupan, termasuk dalam bidang pendidikan dan secara spesifik terhadap pendidikan kewarganegaraan. Buku ini tidak hanya mengupas persoalan kewarganegaraan dan Pendidikan kewarganegaraan tetapi memasukan bahan-bahan yang bersifat kontekstual, kewarganegaraan global (global citizens, global citizenship) yang dihadapi dengan perkembangan zaman, karena itu diangkat dengan judul Pendidikan Kewarganegaraan Global (Global Citizenship Education).

General Theory of Law and State Equinox Publishing

Asset Forfeiture Law in the United States - Second Edition serves as both a primer on forfeiture law for the newcomer to this area, as well as a handy resource for anyone needing a comprehensive discussion of any of the recurring and evolving forfeiture issues that arise daily in federal practice. The author is one of the federal government's leading experts on asset forfeiture law. As a federal prosecutor, he has been litigating asset forfeiture cases since the late 1980's, was a Deputy Chief of the Justice Department's Asset Forfeiture and Money Laundering Section for many years, and is now the Chief of the Asset Forfeiture and Money Laundering Section in the U.S. Attorney's Office in Baltimore, MD. Asset Forfeiture Law in the United States - Second Edition is a

completely revised and up-to-date treatise that addresses important changes and significant developments in civil and criminal forfeiture law. Every chapter has been rewritten as a result of the explosive growth in this area of law and practice. This comprehensive one-volume resource examines and explores the outpouring of new case law stemming from federal law enforcement agencies that include the FBI, DEA, IRS and Homeland Security. The Second Edition continues to lead the practitioner, prosecutor, judge and policy maker through the labyrinth of statutes, rules and cases that govern this dynamic area of the law. Many countries in Europe, Asia and Africa, as well as Australia and the Americas, have enacted asset forfeiture statutes modeled on U.S. law, making the cases interpreting the statutes relevant beyond the borders of the United States. *Pendidikan Kewarganegaran Global* Bloomsbury Publishing

Looking at the roots of contemporary political theory, this three-volume set examines the global landscape of all the key theories and the theorists behind them, and provides concise, to-the-point definitions of key concepts, ideas, schools and figures. *Law, Order, and Power* Addison Wesley Publishing Company

Peran pendidikan kewarganegaraan saat ini menjadi lebih strategis jika dihubungkan dengan fenomena kehidupan bangsa dalam dasa warsa terakhir ini, yang mengindikasikan terjadinya degradasi etik, moral, dan nasionalisme di kalangan bangsa Indonesia. Karena kondisi tersebut, pembangunan karakter merupakan salah satu yang sangat urgen dalam rangka mewujudkan visi dan misi pembangunan nasional sebagaimana

tertuang dalam Rencana Pembangunan Jangka Panjang Nasional (RPJPN) tahun 2005-2025, yaitu Indonesia yang mandiri, maju, adil, dan makmur yang ditandai dengan terwujudnya bangsa Indonesia yang memiliki daya saing tinggi. Sehubungan dengan hal di atas, maka pendidikan kewarganegaraan merupakan salah satu wahana pembangunan karakter bangsa (national character building) dan gerakan revolusi mental yang dilaksanakan melalui pendidikan formal. Oleh karenanya, misi pendidikan kewarganegaraan pada dasarnya adalah dalam rangka membentuk warga negara yang baik, berbudi pekerti dan bertanggung jawab terhadap bangsa dan negaranya. *The Modern State* Psychology Press

Menghadapi era perkembangan pendidikan abad 21, pembelajaran Pendidikan Kewarganegaraan diarahkan pada pembangunan Sumber Daya Manusia (SDM) agar memiliki kompetensi dan keahlian sesuai dengan 21st Century Partnership Learning Framework. Kerangka ini merupakan jalan terang bagi Pendidikan Kewarganegaraan untuk mengembangkan pembelajaran yang berorientasi pada standar dan penilaian, kurikulum dan pengajaran, pengembangan profesional, dan lingkungan belajar. Buku ini berisi beragam tulisan solutif bagi pengembangan Pendidikan Kewarganegaraan yang diurai berdasarkan kerangka pembelajaran abad 21. Oleh karena itu diharapkan buku ini dapat menambah pengetahuan dan membantu pembaca, khususnya guru, dosen, mahasiswa, dan masyarakat luas dalam mempelajari Framework Pembelajaran Pendidikan Kewarganegaraan Abad 21. *Inventing Human Rights: A History* PT Grafindo Media Pratama

Widely regarded as the most important legal theorist of the twentieth century, Hans Kelsen is best known for his formulation of the "pure theory of law", - within which the study of international law was his special field of work. The present volume, "General Theory of Law and State", first published in 1945, allowed Kelsen to adjust his pure theory of law to American circumstances after World War II. It also afforded him the opportunity to present to English-speaking readers his latest ideas on the supremacy of international law. The volume is divided into two parts: the first devoted to law, the second to the state. Together these topics constitute the most systematic and comprehensive exposition of Kelsen's jurisprudence. The volume is not only a compendium of Kelsen's lifework up to that time; it is also an extension of his theories, "to embrace the problems and institutions of English and American law as well as those of the Civil Law countries". Indeed, references to Continental European law are minimal compared with examples, scattered throughout the text, taken from the U.S. Constitution and several American court cases. This is more than a concession to American readers; it signifies that Kelsen's legal theory is truly general in that it accounts for the Common Law as well as the Civil Law. A systematic treatise on jurisprudence, "General Theory of Law and State" is a substantial reformulation of Kelsen's ideas articulated in several of his previous books, written in German. The juridical principles put forth by the most important legal theorist of the twentieth century remain of great value. This volume will be read by legal scholars, political scientists, and intellectual historians.
