The Mystery of Life's Origin Simon and Schuster

The origin of life from non-life remains one of the most enduring mysteries of modern science. This book investigates how close scientists are to solving that mystery and explores what we are learning about the origin of life from current research in chemistry, physics, astrobiology, biochemistry, and more.

Minds Online Simon and Schuster

The Rise and Fall of the World's Most Powerful Restaurant Critic and His Battle with Severe, Debilitating Depression From the early 1980s to the mid-1990s, Bryan Miller was a household name among restaurant goers in the greater New York City area and beyond as the restaurant critic for the New York Times, as well as the author of numerous books, a public speaker, and a radio and television commentator. Over ten years as a columnist, he dined out more than five thousand times in the United States and abroad, from haute to humble. The Wine Spectator, in a front-page profile, declared Miller "the most powerful restaurant critic in America." And for much of that time, he wanted to die. Dining in the Dark chronicles Miller's battle with Bipolar II disorder, also known as depression, which ruined his life, professionally and personally. Depression was directly responsible for his surrendering the New York Times restaurant column and, shortly thereafter, leaving the paper altogether. Everything he had worked for so diligently, rising from cub reporter to big-city columnist in less than a decade, vanished. In the ensuing years, unable to work, he lost his home, his life savings, two wonderful wives, the chance to have a family, and numerous friends and colleagues. He became increasingly reclusive; like many victims of serious depression, he reached the point where he was afraid to answer the phone. Pile on a brain tumor, electroshock therapy, a near-fatal bout with Lyme disease, accidental drug overdoses

(he was once carried out of the newsroom on a gurney), and you have a life in shambles. Dining in the Dark tells the story of Miller's battle, but it also brings hope by sharing his journey to coping with, and finally conquering, his depression. The coping mechanisms he employed in order to get through the day will be of benefit to those in need of a helping hand. Dining in the Dark is philosophical, inspirational, educational, and even humorous at times. And, of course, there are lots of inside-the-New York Times anecdotes, as well as lots of food, wine, travel, and celebrity.

Quick Team-Building Activities for Busy Managers Harper Collins

Fifty female trailblazers of yesterday and today get a four-color sequential tribute in *Femme Magnifique*. This collection features three-page short stories about women from the arenas of pop music, politics, art, and science. From astronauts and archaeologists to muckrakers and mathematicians, *Femme Magnifique* will stimulate and educate. Part mini biopic, part personal inspiration, this collection also features new material including a foreword by Cindy Whitehead, behind-the-scenes process pages, and more! Creators from South Africa, India, England, Denmark, the U.S. and other locales converge to share stories of personal heroines Kate Bush, Octavia Butler, Rumiko Takahashi, Ada Lovelace, Misty Copeland, Margaret Sanger, Michelle Obama, Sally Ride, Harriet Tubman, and more! Comic book luminaries Gail Simone, Kelly Sue DeConnick, Bill Sienkiewicz, Kieron Gillen, Sanford Greene, Jill Thompson, Gilbert Hernandez, Gerard Way, and Marguerite Bennett, to name a few, lend their talents to a celebration of kickass women who are truly magnifique.

Dinosaurs and the Bible Allied Books Limited

Humility, or holding power loosely for the sake of others, is sorely lacking in today's world. Without it, many people fail to develop their true leadership potential and miss out on genuine fulfillment in their lives and their relationships. *Humilitas: A Lost Key to Life, Love, and Leadership* shows how the virtue of humility can turn your strengths into true greatness in all areas of life. Through the

lessons of history, business, and the social sciences, author John Dickson shows that humility is not low self-esteem, groveling, or losing our distinct gifts. Instead, humility both recognizes our inherent worth and seeks to use whatever power we have at our disposal on behalf of others. Some of the world's most inspiring and influential players have been people of immense humility. The more we learn about humility, the more we understand how essential it is to a satisfying career and personal life. By embracing this virtue, we will transform for good the unique contributions we each make to the world.

Reassessing Current Theories Amberley Publishing Limited

Above the Fold is a book about the fundamentals of clear graphic communication within the context of Web design. The book has three sections, which follow the cycle of a typical Web project: PLAN Section I focuses on the pre-design phase of a Web project. From project planning and brief writing to information architecture and responsive grid creation. DESIGN The second section of *Above the Fold* explores the enduring principles of design and the nuances that are specific to the field of Web design. OPTIMIZE Finally, we close the loop and discover ways to enable your client to maximize the investment they've made in their Web site with marketing and analytics.

Gillingham & Around From Old Photographs Random House Digital, Inc.

Between workplace personnel being more culturally diverse than ever before, a generation of employees being raised attached to their smartphones and apart from human interaction, and an

ever-increasing culture of competitiveness that is constantly raising tensions between cubicles, it has become absolutely essential for managers to focus more on camaraderie and building team spirit. Now in its second edition, *Quick Team-Building Activities for Busy Managers* addresses the problems that drag down group productivity and helps teams:

- Collaborate successfully
- Cope with change
- Solve problems together
- Communicate better despite cultural and generational differences
- Boost creativity
- Leverage diversity
- Nurture healthy competition
- And more

Each of the 50 team-building activities in this invaluable resource takes only minutes to prep and uses only everyday office items to get its point across. In just 15 minutes a day, the results will be immediate: sullen teams find sparkle, nervous teams gain confidence, teams of strangers get to know one another. There are even activities to help the virtual team! No one will be left out, and all will leave the activity feeling better about their team and their individual role within it.

Skyler J. Collins

How effective a meeting will be depends on the tone set in the first few minutes...and it's up to the person running it to set that tone. *Quick Meeting Openers for Busy Managers* gives readers the tools, activities, and advice they need to create the kind of open, energetic, and relaxed atmosphere that lead to effective meetings and serious results. Designed to take the anxiety out of meetings and encourage creative and practical discussion, the book contains meeting starters that will help managers, team leaders, and facilitators: ease introductions for people who don't know each other • warm up the group before moving them into more difficult territory • generate lively dialogue and sharing of ideas • effectively split attendees up into work groups • expedite brainstorming and promote problem-solving • and more For anyone charged with the task of running meetings, this book is the answer.

Please note that the Bonus CD is not included with the digital version of this book.

Everything Voluntary Harvest House Publishers

At some point, most anglers realize their sport is so much more than catching a walleye. For me, it is the enjoyment of the spring sun warming my face on a cold morning. It's the time shared with my father and brother on the water. It's the cold splash of water from a walleye as I release him back for another day. It's the feeling of excitement when the reel screams out a cry from a walleye. The exhilaration overtook me at a young age and keeps me traveling back to continue the quest each year. It has been 25 years since I began my journey. Today I feel the need to share those experiences with others standing along the shores of the Maumee River. Inside these pages you will find a lifetime of experience fishing walleye on the river. The purpose of this book is to help you become more knowledgeable about fishing the walleye run. There are special techniques that only work in the Maumee River, secret tips only known by local fishermen, and timeframes to target trophy walleyes. When I look over the river there are more unproductive locations than productive. In these pages I will walk you through identifying the key locations regardless of the weather or river conditions. This will unlock the key for success even under the toughest conditions of rising water or cold fronts. Beyond techniques I have had the opportunity to study the walleye senses. A scientific look into walleye has helped me understand why some fishing techniques work and others do not. We will dig deep to explain vision as it relates to lure color; taste and smell as it relates to impregnated and spray on scent; lateral line and hearing as it relates to lure vibrations and boat noise. The ultimate question is answered within these pages. Where are the best locations to fish for walleye on the Maumee River? This book reaches far beyond the basics techniques, perfect for a novice or experienced walleye hunter. This is the most extensive information written on the

Maumee River Walleye Run today. I firmly believe the knowledge and experience you will glean from these pages will help you become an extremely successful walleye river fisherman.

A Sociology of Religious Structures Colchis Books

The first biography of rapper Mac Miller, the Pittsburgh cult favorite-turned-rap superstar who touched the lives of millions before tragically passing away at the age of twenty-six Malcolm James McCormick was born on January 19, 1992. He began making music at a young age and by fifteen was already releasing mixtapes. One of the first true viral superstars, his early records earned him a rabid legion of die-hard fans—as well as a few noteworthy detractors. But despite his undeniable success, Miller was plagued by struggles with substance abuse and depression, both of which fueled his raw and genre-defying music yet ultimately led to his demise. Through detailed reporting and interviews with dozens of Miller's confidants, Paul Cantor brings you to leafy Pittsburgh, seductive Los Angeles, and frenzied New York, where you will meet Miller's collaborators, producers, business partners, best friends, and even his roommates. Traveling deep into Miller's inner circle, behind the curtain, the velvet ropes, and studio doors, *Most Dope* tells the story of a passionate, gifted young man who achieved his life's ambition, only to be undone by his personal demons. *Most Dope* is part love letter, part cautionary tale, never shying away from the raw, visceral way Mac Miller lived his life.

Brian's Winter Independently Published

"The moist, sultry northern coast of the Gulf of Mexico hosts a remarkably diverse bird community of more than three hundred species. Waders and seabirds, waterfowl, nightjars and owls, hummingbirds, thrushes and mimic thrushes, warblers, grosbeaks, tanagers, larks, blackbirds, sparrows, and finches all thrive in the various ecosystems of the Gulf Coast and swirl in and out with the seasons. Featuring 175 color photographs by nature photographer Brian K. Miller and essays by natural history columnist and lecturer William R. Fontenot, *Birds of the Gulf Coast* depicts the mystery and majesty of these beautiful creatures and highlights the importance of the region to the birds' conservation." "Together with Fontenot's essays, these photographs convey the luxuriant abundance that characterizes bird life of the Gulf Coast. This is a book that will inspire seasoned birders and novices alike to explore the region's woodlands,

marshes, and beaches and discover for themselves the avian riches that await."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Hi-Fi Color for Comics Independently Published

This is a different kind of web design book. Above the Fold is not about timely design or technology trends; instead, this book is about the timeless fundamentals of effective communication within the context of web design. It is intended to help you, the reader, understand the considerations that web designers make when developing successful websites. Above the Fold is divided into three sections: Design & Typography Planning & Usability Business Value Each section represents a phase in the continuous cycle of web design. It's the balance among design, usability, and return on investment that makes a website truly great. Topics covered in Above the Fold include: What makes web design unique The history of web design Anatomy of a web page White space and grid use in web design The elements of web design: color, texture, imagery, scale, depth, animation, and variability Web typography, including web-safe type, images of type, and font replacement and embedding Web project planning Information architecture, including site maps, wireframes, and user flow diagrams The elements of usability: navigation, breadcrumbs, links, search, submission forms, and error messaging Search engine optimization Online marketing, including banner ads, viral and social marketing, on-site marketing, and email marketing Web statistics and analysis

Punch Me Up to the Gods IMPACT

Playful, poignant and wholly original, this coming-of-age memoir about Blackness, masculinity and addiction follows the author, a poet and screenwriter, as he recounts his experiences, revealing a perpetual outsider awkwardly squirming to find his way in. --

A Memoir Grand Central Publishing

The book has three sections, which follow the cycle of a typical Web project: PLAN: This section focuses on the predesign phase of a Web project. Everything from project planning and brief writing to information architecture and responsive grid creation will be covered. DESIGN: The second section of Principles of Web Design explores the enduring principles of design and the nuances that are specific to the field of Web design. OPTIMIZE: Finally, we close the loop and discover ways to enable your client to maximize the investment they've made in their Web site with marketing and analytics.

Teaching Effectively with Technology Above the Fold, Revised Edition

The Book in the Dresser Drawer Brian Lee Miller The Midwesterner boy had a blessed upbringing hunting, fishing, working, and playing in rural and urban settings. As a presumed misfit he struggled with color blindness, speech disorders, and life's decisions. Portrayed is a teenager who had an encounter with Muhammad Ali, and as a young man lived homeless in his truck while purchasing his first house at eighteen years-old. The blue collar worker crashed a racecar, confronted three near-death situations, and eluded being paralyzed in a fluke accident. Later

in life, he competed on a college football team and received an elementary school teaching degree. The wannabe adventurer encountered a WWII German soldier, dwelled among the descendants of the Apache Chief, Geronimo, and slept through a tornado. After ending a twenty-four year marriage, he suffered through depression and suicidal thoughts. The chronicle closes with happiness rediscovered through Jesus, forgiveness, fireflies, marathons, grandchildren, and daydreams of future adventures.

Above the Fold, Revised Edition Harper Collins

People of all ages are fascinated by dinosaurs. When and where did they live? Are they mentioned in the Bible? What do their fossils tell us? *Dinosaurs and the Bible* explores the historical, scriptural, and fossil evidence about dinosaurs, and shares what we can know after many years of thoughtful, careful research.

Ugly Christmas Sweater Party Book Routledge

Peter Guzzardi spent decades as an editor working with some of the wisest writers of our time—from Stephen Hawking and Deepak Chopra to Carol Burnett and Douglas Adams—yet he couldn't shake the sense that everything he'd learned from working with them felt oddly familiar. One day, he had an epiphany: All that wisdom had its roots in a film he'd watched as a child—*The Wizard of Oz*. In *Emeralds of Oz*, Guzzardi invites us to join him on a journey through the classic film, unearthing gems of wisdom large and small about longing, joy, compassion, fear, power, and having faith in ourselves. He also creates a practical Oz-based tool that we can apply to obstacles in our own lives. Now, like Dorothy, we can activate the magical power we've possessed all along. Written with the grace and insight of *All I Really Need to Know I Learned in Kindergarten*, *Emeralds of Oz* is an instant classic, sure to inspire a fresh perspective on this legendary movie—and on our own lives.
