**An Essay in the Philosophy of Music** University of Chicago Press

Part I of a thirty-two lecture course on the history and analysis of the Beethoven's 9 symphonies.

**Choral** Boydell & Brewer

The history of Beethoven's popular Ninth Symphony, which premiered in 1824, is captured in this account of its life as an artwork and its political existence through time. Reprint.

*Symphony No. 9* Courier Corporation

At the turn of the twentieth century, students returning from abroad introduced Beethoven to China.

The composer's perseverance in the face of adversity and his musical genius resonated in a nation searching for a way forward. Beethoven remained a durable part of Chinese life in the decades that followed, becoming an icon to intellectuals, music fans and party cadres alike, playing a role in major historical events from the May Fourth Movement to the normalisation of US-China relations. Jindong Cai, whose love for the musician began during the Cultural Revolution, and culture journalist Sheila Melvin tell the compelling story of Beethoven and the Chinese people.

**Three great orchestral works** Courier Corporation

What is the difference between a performance of Beethoven's Fifth Symphony and the symphony itself? What does it mean for musicians to be faithful to the works they perform? To answer such questions, Lydia Goehr combines philosophical and historical methods of enquiry. Finding Anglo-American philosophy inadequate for the task, she shows that a historical perspective is indispensable to a full understanding of musical ontology. Goehr examines the concepts and assumptions behind the practice of classical music in the nineteenth century and demonstrates how different they were from those of previous centuries. She rejects the finding that the concept of a musical work emerged in the sixteenth century, placing its emergence instead around 1800. She describes how the concept of a work then came to define the norms, expectations, and behaviour that we now associate with classical music. Out of the historical thesis Goehr draws philosophical conclusions about the normative functions of concepts and ideals. She also addresses current debates among conductors, early music performers, and avant-gardists. - ;Introduction; I. The Analytic Approach: Status and identity: Analytical positions I; Analytical positions II; Critique and transition; II. The Historical Approach: Normativity and Practice: The central claim; Musical meaning I; Musical meaning II; Musical production I; Musical production II; Werktreue: Confirmation and challenge -

Nicholas Cook's guide charts the dramatic transformation in the reception of Symphony No. 9.

The Imaginary Museum of Musical Works : An Essay in the Philosophy of Music Random House Trade Paperbacks

Superb, highly authoritative editions (Henry Litolff's Verlag) of Symphony No. 8 in F Major, Op. 93, and Symphony No. 9 in D Minor, Op. 125. Large, clear noteheads and wide margins.

**The Way I Heard It** U of Nebraska Press

Compiled here are reviews, reports, notes, and essays found in German-language periodicals published between 1783 and 1830. The documents are translated into English with copious notes and annotations, an introductory essay, and indexes of names, subjects, and works. This volume contains a general section and documents on specific opus numbers up to opus 54, with musical examples redrawn from the original publications. ø The collection brings to light contemporary perceptions of Beethoven's music, including matters such as audience, setting, facilities, orchestra, instruments, and performers as well as the relationship of Beethoven's music to theoretical and critical ideas of the eighteenth and nineteenth centuries. These documents, most of which appear in English for the first time, present a wide spectrum of insights into the perceptions that Beethoven's contemporaries had of his monumental music.

Beethoven: Symphony No. 9 in D Minor, Op. 125 "choral" Oxford University Press

Beethoven And His Nine Symphonies By George Grove. Originally published in 1896. *Goethe's Faust in Music* Courier Corporation

The authoritative Beethoven biography, endorsed by and produced in close collaboration with the Beethoven-Haus Bonn, is timed for the 250th anniversary of Beethoven's birth. With unprecedented access to the archives at the Beethoven House in Bonn, renowned Beethoven conductor and scholar Jan Caeyers expertly weaves together a deeply human and complex image of Beethoven--his troubled youth, his unpredictable mood swings, his desires, relationships, and conflicts with family and friends, the mysteries surrounding his affair with the "immortal beloved," and the dramatic tale of his deafness. Caeyers also offers new insights into Beethoven's music and its gradual transformation from the work of a skilled craftsman into that of a consummate artist. Demonstrating an impressive command of the vast scholarship on this iconic composer, Caeyers brings Beethoven's world alive with elegant prose, memorable musical descriptions, and vivid depictions of Bonn and Vienna--the cities where Beethoven produced and performed his works. Caeyers explores how Beethoven's career was impacted by the historical and philosophical shifts taking place in the music world, and conversely, how his own trajectory changed the course of the music industry. Equal parts absorbing cultural history and lively biography, *Beethoven, A Life* paints a complex portrait of the musical genius who redefined the musical style of his day and went on to become one of the great pillars of Western art music.

*Beethoven: Symphony No. 9, Op. 125 "choral"* Yale University Press

Especially notable for the final movement's glorious chorale setting of Schiller's Ode to Joy, Beethoven's Ninth Symphony is reproduced here in full in a convenient size for study.

*Beethoven: Symphony No. 9 "choral"* Univ of California Press

The premier of Beethoven's Ninth Symphony in Vienna on May 7, 1824, was the most significant artistic event of the year—and the work remains one of the most precedent-shattering and influential compositions in the history of music. Described in vibrant detail by eminent musicologist Harvey Sachs, this symbol of freedom and joy was so unorthodox that it amazed and confused listeners at its unveiling—yet it became a standard for subsequent generations of creative artists, and its composer came to embody the Romantic cult of genius. In this unconventional, provocative book, Beethoven's masterwork becomes a prism through which we may view the politics, aesthetics, and overall climate of the era. Part biography, part history, part memoir, *The Ninth* brilliantly explores the intricacies of Beethoven's last symphony—how it brought forth the power of the individual while celebrating the collective spirit of humanity.

**Beethoven** Alfred Publishing Company, Incorporated

Complete scores of three orchestral favorites by vastly influential modern composer. Innovation, texture, shimmering impressionism. Reprinted from early French editions. New Contents, Glossary of French musical terms.

*Beethoven symphonies* Courier Corporation

Beethoven's Ninth Symphony, a masterpiece that has influenced virtually every Western composer since its premiere, has become associated with the marking of momentous public occasions. In

1989, Chinese students played its finale through loudspeakers in Tiananmen Square, and Leonard Bernstein led a performance in Berlin to celebrate the razing of the Berlin Wall. This lively and up-to-date book focuses on Beethoven's Ninth, exploring the cultural and musical meanings that surround this powerful work of genius. David B. Levy sets the scene with a brief survey of nineteenth-century Germanic culture and society, then analyzes the Ninth symphony in detail with special emphasis on the famous choral finale. He discusses the initial performances in 1824 under Beethoven's direction and traces the symphony's critical reception and legacy. In the final chapter of the book, Levy examines interpretations of the work by prominent conductors, including Wagner, Mahler, and Weingartner. A fully annotated discography of selected recordings completes this comprehensive volume.

**Symphony No.9 in D Minor, Op.125 "choral", Beethoven (cd).** Clarendon Press

Beethoven's Ninth Symphony has held musical audiences captive for close to two centuries. Few other musical works hold such a prominent place in the collective imagination; each generation rediscovers the work for itself and makes it its own. Honing in on the significance of the symphony in contemporary culture, this book establishes a dialog between Beethoven's world and ours, marked by the earthshattering events of 1789 and of 1989. In particular, this book outlines what is special about the Ninth in millennial culture. In the present day, music is encoded not only as score but also as digital technology. We encounter Beethoven 9 flashmobs, digitally reconstructed concert halls, globally synchronized performances, and other time-bending procedures. The digital artwork *9 Beet Stretch* even presents the Ninth at glacial speed over twenty-four hours, challenges our understanding of the symphony, and encourages us to confront the temporal dimension of Beethoven's music. In the digital age, the Ninth emerges as a musical work that is recomposed and reshaped—and that is robust enough to live up to such treatment—continually adapting to a changing world with changing media.

*Symphonies of Beethoven* Simon and Schuster

In the years spanning from 1800 to 1824, Ludwig van Beethoven completed nine symphonies, now considered among the greatest masterpieces of Western music. Yet despite the fact that this time period, located in the wake of the Enlightenment and at the peak of romanticism, was one of rich intellectual exploration and social change, the influence of such threads of thought on Beethoven's work has until now remained hidden beneath the surface of the notes. Beethoven's *Symphonies* presents a fresh look at the great composer's approach and the ideas that moved him, offering a lively account of the major themes unifying his radically diverse output. Martin Geck opens the book with an enthralling series of cultural, political, and musical motifs that run throughout the symphonies. A leading theme is Beethoven's intense intellectual and emotional engagement with the figure of Napoleon, an engagement that survived even Beethoven's disappointment with Napoleon's decision to be crowned emperor in 1804. Geck also delves into the unique ways in which Beethoven approached beginnings and finales in his symphonies, as well as his innovative use of particular instruments. He then turns to the individual symphonies, tracing elements—a pitch, a chord, a musical theme—that offer a new way of thinking about each work and will make even the most devoted fans of Beethoven admire the symphonies anew. Offering refreshingly inventive readings of the work of one of history's greatest composers, this book shapes a fascinating picture

of the symphonies as a cohesive oeuvre and of Beethoven as a master symphonist.

*A Political History* Open Road + Grove/Atlantic

This nicely filled-out arrangement of the famous theme from Beethoven's 9th Symphony is especially appropriate as a performance piece for an intermediate level pianist, featuring elements of the symphonic work intertwined with the theme. It is presented in D major, has a wide keyboard range, and nice extremes in dynamics.
