 New Page 1 THE COMPLETE STORY OF AMERICAN HISTORY IN ONE COMPREHENSIVE MIDDLE SCHOOL PROGRAM The American Journey is a superb, readable presentation of American history, from pre-exploration to the present. Its unparalleled author team, including the National Geographic, ensures accuracy in every detail of the narrative, maps, and charts. Features Accessible Reading and Reading Strategies Are a Priority • Exclusive! Foldables—student-made three-dimensional graphic organizers—are a unique strategy that helps students read effectively and also can be used as assessment or study tools. • A Guide to Reading, Reading Checks, and a Summary in every chapter keep students on track as they learn to read for information and process what they've read. • The extensive use of graphics, maps, and photography creates a visual/verbal approach that appeals to all your students. Relevance is Part of Every Lesson • TIME Notebooks allow students to step into the past, learning about everyday life in various periods and the “hot topics” of different eras. • What Life Was Like and Hands-On History fully engage students in learning and give them an understanding of parallels between earlier generations and their own. National Geographic Brings its Unequaled Expertise to Every Page • Colorful, easy-to-read maps help students understand the where and why of history. • Geography and History features show students how geography and events intertwine to create the history of a location or nation. Continual Practice in Social Studies Skills • The program emphasizes skill development—from reading maps to analyzing primary and secondary sources to exploring the connections between history and geography, economics, government, citizenship, and current events. Abundant Opportunities for Students to Demonstrate Proficiency • The Standardized Test Practice provides systematic, ongoing test preparation. As your students learn, they are simultaneously preparing to demonstrate their knowledge of American history in standardized test formats.

*My Journey to Uncover the Cost of Saving a Life* Penguin

For the past three decades, Colin Powell has been among America's most trusted and admired leaders. This biography demonstrates that Powell's decades-long development as an exemplary subordinate is crucial to understanding his astonishing rise from a working-class immigrant neighborhood to the highest echelons of military and political power. Once an aimless, ambitionless teenager who barely graduated from college, Powell became an extraordinarily effective and staunchly loyal subordinate to many powerful superiors who, in turn, helped to advance his career. By the time Powell became chairman of the Joint Chiefs of Staff, he had developed into the consummate follower—motivated, competent, composed, honorable, and independent. The quality of Powell's followership faltered at times, however, while in Vietnam, during the Iran-Contra scandal, and after he became George W. Bush's secretary of state. Powell proved a fallible patriot, and in the course of a long and distinguished career he made some grave and consequential errors in judgment. While those blunders do not erase the significance of his commendable achievements amid decades of public service, they are failures nonetheless. Colin Powell: Imperfect Patriot is the fascinating story of Powell's professional life, and of what we can learn from both his good and bad followership. The book is written for a broad readership, and will be of special interest to readers of military history, political biography, and leadership.

**A Reckoning with the History of Slavery Across America** McGraw-Hill

The #1 New York Times bestseller From Vice President Kamala Harris, one of America's most inspiring political leaders, a book about the core truths that unite us, and the long struggle to discern what those truths are and how best to act upon them, in her own life and across the life of our country "A life story that genuinely entrances." —Los Angeles Times Vice President Kamala

Harris's commitment to speaking truth is informed by her upbringing. The daughter of immigrants, she was raised in an Oakland, California community that cared deeply about social justice; her parents—an esteemed economist from Jamaica and an admired cancer researcher from India—met as activists in the civil rights movement when they were graduate students at Berkeley. Growing up, Harris herself never hid her passion for justice, and when she became a prosecutor out of law school, a deputy district attorney, she quickly established herself as one of the most innovative change agents in American law enforcement. She progressed rapidly to become the elected District Attorney for San Francisco, and then the chief law enforcement officer of the state of California as a whole. Known for bringing a voice to the voiceless, she took on the big banks during the foreclosure crisis, winning a historic settlement for California's working families. Her hallmarks were applying a holistic, data-driven approach to many of California's thorniest issues, always eschewing stale "tough on crime" rhetoric as presenting a series of false choices. Neither "tough" nor "soft" but smart on crime became her mantra. Being smart means learning the truths that can make us better as a community, and supporting those truths with all our might. That has been the pole star that guided Harris to a transformational career as the top law enforcement official in California, and it is guiding her now as a transformational United States Senator, grappling with an array of complex issues that affect her state, our country, and the world, from health care and the new economy to immigration, national security, the opioid crisis, and accelerating inequality. By reckoning with the big challenges we face together, drawing on the hard-won wisdom and insight from her own career and the work of those who have most inspired her, Kamala Harris offers in THE TRUTHS WE HOLD a master class in problem solving, in crisis management, and leadership in challenging times. Through the arc of her own life, on into the great work of our day, she communicates a vision of shared struggle, shared purpose, and shared values. In a book rich in many home truths, not least is that a relatively small number of people work very hard to convince a great many of us that we have less in common than we actually do, but it falls to us to look past them and get on with the good work of living our common truth. When we do, our shared effort will continue to sustain us and this great nation, now and in the years to come.

*The American Journey* McGraw-Hill/Glencoe

When it comes to race in America, we must face one uncomfortable but undeniable fact. Almost 50 years after the birth of the civil rights movement, inequality still reigns supreme in our classrooms. At a time when African-American students trail their white peers on academic tests and experience high dropout rates, low college completion rates, and a tendency to shy away from majors in hard sciences and mathematics, the Black-White achievement gap in our schools has become the major barrier to racial equality and social justice in America. In fact, it is arguably the greatest civil rights issue of our time. The Black-White Achievement Gap is a call to action for this country to face up to and confront this crisis head on. Renowned former Secretary of Education Rod Paige believes we can close this gap. In this thought-provoking book, he and Elaine Witty trace the history of the achievement gap, discuss its relevance to racial equality and social justice, examine popular explanations, and offer suggestions for the type of committed leadership and community involvement needed to close it. African-American leaders need to rally around this important cause if we are to make real progress since students' academic performance is a function not only of school quality, but of home and community factors as well. The Black-White Achievement Gap is an unflinching and long overdue look at the very real problem of racial disparity in our schools and what we must do to solve it.

My Mexican-American Journey Random House Trade Paperbacks

The former Secretary of State recalls his youth, his military service, and his rise to the heights of America's political and military elite.

Imperfect Patriot Pearson Higher Ed

Winner of the Stowe Prize Winner of the NBCC Prize for Nonfiction This compelling #1 New York Times bestseller examines the legacy of slavery in America—and how both history and activism

continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be.

**Relieving Pain in America** University of Florida Press

In this book, immigrant minorities from Africa and the Caribbean tell their unique stories. These new Americans recount their travels in the American maze, and thus, allow their voices to be heard. Who really cares for these voices? They do care and Americans should care! Foreign born African Americans frequently find themselves in precarious situations. They confront three intriguing questions: How Black are they? How much racism do they endure? And how do they survive in spite of the odds? In reality, they are Blacks who are Black enough to encounter problems that other Blacks in America experience. However, they also understand that they must succeed in a competitive complex society like America. On the one hand, they are grateful to be in America; but on the other hand, they wonder why they must cross so many rubicons to achieve their goals. This book is unique! Never before have voices of Africans (from Africa and the Caribbean) been heard in this manner!! These voices provide multidimensional cases for scholars, educators, program planners, community leaders, and politicians. education, intercultural education, and multicultural education. It could also be a supplementary text for courses in general education and African/American Studies. In fact, it should be on the reading list of every American interested in making our world a better place to live.

*A novel* Little, Brown Spark

An astonishing story that puts a human face on the ongoing debate about immigration reform in the United States, now updated with a new Epilogue and Afterword, photos of Enrique and his family, an author interview, and more—the definitive edition of a classic of contemporary America Based on the Los Angeles Times newspaper series that won two Pulitzer Prizes, one for feature writing and another for feature photography, this page-turner about the power of family is a popular text in classrooms and a touchstone for communities across the country to engage in meaningful discussions about this essential American subject. Enrique's Journey recounts the unforgettable quest of a Honduran boy looking for his mother, eleven years after she is forced to leave her starving family to find work in the United States. Braving unimaginable peril, often clinging to the sides and tops of freight trains, Enrique travels through hostile worlds full of thugs, bandits, and corrupt cops. But he pushes forward, relying on his wit, courage, hope, and the kindness of strangers. As Isabel Allende writes: "This is a twenty-first-century Odyssey. If you are going to read only one nonfiction book this year, it has to be this one." Praise for Enrique's Journey "Magnificent . . . Enrique's Journey is about love. It's about family. It's about home."—The Washington Post Book World "[A] searing report from the immigration frontlines . . . as harrowing as it is heartbreaking."—People (four stars) "Stunning . . . As an adventure narrative alone, Enrique's Journey is a worthy read. . . . Nazario's impressive piece of reporting [turns] the current immigration controversy from a political story into a personal one."—Entertainment Weekly "Gripping and harrowing . . . a story begging to be told."—The Christian Science Monitor "[A] prodigious feat of reporting . . . [Sonia Nazario is] amazingly thorough and intrepid."—Newsday

Merrim Press Historical Fiction. 1949. American Rudy Chapman is planning his escape from Communist East Germany. For the past decade, he has survived the Nazi regime's brutality by teaching English in the tiny village of Grossheringen and translating at a POW camp while secretly aiding Allied POW code writers. Rudy falls in love with Miriam, a young Jewish woman in hiding, and remains optimistic that Miriam's family is alive. At war's end, unseen forces pull the couple apart. Miriam is utterly convinced her family has vanished, yet Rudy remains a Holocaust skeptic. Eventually escaping to West Germany, Rudy is recruited by the Allies to assist post-war displaced persons. Finally learning that the Holocaust was real, Rudy is devastated. Hoping to start a new life with Miriam, he longs to reunite with her. But will Miriam survive her daunting escape to the West? Vintage

Author Carol Park grew up in Los Angeles County in the 1980s and 1990s, a time of heightened racism and violence. Now she seeks to give voice to the Korean American community through her unique story. *Memoir of a Cashier* is more than just a description of a young girl's life growing up while working in a bulletproof cashier's booth in Compton, California. Park tells the story of the Korean American experience leading up to and after the 1992 Los Angeles Riots. Intricately weaving the story of her mother into the text, she provides a bird's-eye view into the Korean American narrative from her own unique perspective. With candor and direct language, she recounts the racism and traumatic incidents she lived through. Park bore witness to shootings, robberies, and violence, all of which twisted her worldview and ultimately shaped her life. In this memoir, a Korean American woman recalls her experiences of Los Angeles during the 1992 riots and shares her journey of finding her identity.

"Eight Dollars and a Dream tells of a remarkable personal and professional journey by one of America's premier CEOs and corporate directors. Raj Gupta, working with Syd Havelly, offers a candid and captivating story, told with passion and special appreciation for how family, mentors and other leaders transformed him and how he in turn changed his world, a compelling account for all who are navigating a corner office, a boardroom, or their life course. " - Michael Useem, Professor and Director of the Leadership Center, Wharton School, University of Pennsylvania "Raj's story is the American dream writ large with a focus on what is really important in life. I have had the privilege of working with Raj for many years and have seen his qualities as a business leader firsthand. But I have benefitted even more by watching his example of how to lead one's life with dignity, integrity, and grace. This is a book that needs to be read!" - Bill McNabb, Chairman and CEO, The Vanguard Group, Inc.

"Illuminate[s] the lives behind the current debates about Latino immigration." —The New York Times Book Review When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here Henríquez seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America. *The Book of Unknown Americans* is a stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American. Named a New York Times and Washington Post Notable Book, an NPR Great Read, The Daily Beast's Novel of the Year, and a Mother Jones, Oprah.com, School Library Journal, and BookPage Best Book of the Year

**The American Journey** Lulu Press, Inc

Chronic pain costs the nation up to \$635 billion each year in medical treatment and lost productivity. The 2010 Patient Protection and Affordable Care Act required the Department of Health and Human Services (HHS) to enlist the Institute of Medicine (IOM) in examining pain as a public health problem. In this report, the IOM offers a blueprint for action in transforming prevention, care, education, and research, with the goal of providing relief for people with pain in America. To reach the vast multitude of people with various types of pain, the nation must adopt a population-level prevention and management strategy. The IOM recommends that HHS develop a comprehensive plan with specific goals, actions, and timeframes. Better data are needed to help shape efforts, especially on the groups of people currently underdiagnosed and undertreated, and the IOM encourages federal and state agencies and private organizations to accelerate the collection of data on pain incidence, prevalence, and treatments. Because pain varies from patient to patient, healthcare providers should increasingly aim at tailoring pain care to each person's experience, and self-management of pain should be promoted. In addition, because there are major gaps in knowledge about pain across health care and society alike, the IOM recommends that federal agencies and other stakeholders redesign education programs to bridge these gaps. Pain is a major driver for visits to physicians, a major reason for taking medications, a major cause of disability, and a key factor in quality of life and productivity. Given the burden of pain in human lives, dollars, and social consequences, relieving pain should be a national priority.
