**Two** University of Illinois Press Designed to encourage critical thinking about history, this reader uses a carefully selected group of primary sources and analytical essays to allow students to test the interpretations of distinguished historians and draw their own conclusions about the history of American foreign policy. This text serves as an effective

educational tool for courses on U.S. foreign policy, recent U.S. history, or 20th Century U.S. history. In this volume, almost one-half of the

essays are new, including selections by Laura McEnaney, Michael L. Krenn, Walter A. Hixson, Robert W. Tucker, Erez Manela, Victoria de Grazia, Thomas F. O'Brien, John Lewis Gaddis, Andrew J. Rotter, Chen Jian, Vladislov Zubok, Michelle Mart, Christina Klein, Randall Woods, Jeremi Suri, Carol Eisenberg, Salim Yaquib, Melvyn P. Leffler, Arne Odd Westad, and George C. Herring. Recently released documents on Ronald Reagan's presidency and the end of the Cold War have also been added. Finally, the last chapter had been revised to focus on the administration of George W. Bush and its response to the terrorist attacks of September 11th, including the on-going wars in Iraq and Afghanistan.

MAJOR PROBLEMS IN AMERICAN POPULAR CULTURE follows the highly successful Major Problems format. Each chapter comprises

essays and documents that focus on a particular aspect of American popular culture. These essays and documents will prompt students to think about the centrality of popular culture in American life and its powerful role in forging identity, historical memory, and relationships among consumers, producers, citizens, and the state. They reinforce the idea that popular

culture is the ground on which cultural and social transformations are worked. Race and class are at the center of the analysis, and these categories, along with gender and nationalism, thread through the chapters. They all argue for seeing popular audiences as active creators rather than passive receivers of popular culture. Important Notice: Media content
