[The World Book Encyclopedia](#) Vintage "You are about to begin reading Italo Calvino's new novel...Relax. Concentrate. Dispel every other thought. Let the world around you fade." —from *If On A Winter's Night a Traveler* Italo Calvino's stunning classic imagines a novel capable of

endless possibilities in an intricately crafted, spellbinding story about writing and reading. *If on a Winter's Night a Traveler* is a feat of striking ingenuity and intelligence, exploring how our reading choices can shape and transform our lives. Originally published in 1979, Italo Calvino's singular novel crafted a postmodern narrative like never seen before—offering not one novel but ten, each with a different plot, style, ambience, and author, and each interrupted at a moment of suspense. Together, the stories form a labyrinth of literature known and unknown, alive and extinct, through which two readers pursue the story lines that intrigue them and try to read each other. Deeply profound and surprisingly romantic, this classic is a beautiful meditation on the transformative power of reading and the ways we make meaning in our lives. "Calvino is a wizard...There is no halting [this book's] metamorphoses." —New York Times Review of Books

Discovering Fiction, An Introduction Teacher's Manual Cambridge University Press

This book charts the significant changes in contemporary Canada's literary profile since the mid-1990s, within a context of the new national rhetoric of multiculturalism. By looking closely at a representative range of fictions in English by women from a variety of ethnocultural backgrounds, Howells examines the complexities embedded within Canadian identity. What does 'Refiguring Identities' mean for these writers, given their individual agendas and the multiple affiliation of any woman's identity construction? All these writers are engaged in rewriting history across generation, and Howells argues that woman's fiction negotiates new

possibilities for cultural change, introducing more heterogeneous narratives of identity in multi-cultural Canada.
