Business Espionage Copenhagen Business School Press DK  
Ethical Obligations and Decision-Making in Accounting gives students a robust ethical framework that is crucial for accountants in the post-Enron era. Incorporating the principles of the AICPA code and other systems of ethics, Mintz and Morris show accounting students how a commitment to ethics can enable accounting professionals to meet their ethical obligations both to investors and creditors. No other book so comprehensively examines the elements of the financial reporting system - including the ethics of the internal control environment and the effectiveness of board of director and audit committee oversight - that determine the ethical standard of the accounting process.

The Legal Environment of Business Dreamtech Press  
MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing,

sexual harassment, job discrimination, animal abuse, and drug testing.

**Moral Issues in Business** McGraw-Hill Companies

The concise book covers the essential concepts of global marketing with the aid of extensive real-life examples and cases. The book offers balanced coverage of developed and developing markets, including insights into the often overlooked markets of Africa, Latin America, and the Middle East. It features comprehensive coverage of current topics based on the authors' extensive research and consulting experience. An early introduction to culture and marketing prepares students to integrate cultural analysis throughout the course.

*Service Management* Prentice Hall  
Business Ethics: An Indian Perspective introduces ethical concepts that are relevant to resolving moral issues in business. It sensitizes readers on ethical principles and develops reasoning and analytical skills needed to apply ethical concepts to business decisions. The book is interspersed with a lot of case studies, more specifically Indian scenarios making it relevant for Indian students. The chapter topics cover ethical theories underlying business, application of ethics in day-to-day business, ethics and the environment and ethics in consumer protection. It also features ethical issues in various managerial functions such as finance, human resource and marketing. A separate chapter on the IT sector specifically addresses the ethical dilemmas of today's upcoming industry.

**Business Ethics: A Textbook with Cases** Cengage Learning

The Oxford Handbook of Business Ethics is a comprehensive treatment of the field of business ethics as seen from a philosophical approach. The volume consists of 24 essays that survey the field of business ethics in a broad and accessible manner, covering all major topics about the relationship between ethical theory and business ethics.

Ethics and the Conduct of Business

Createspace Independent Publishing Platform

This book originated in a symposium on business ethics that took place in the Faculty of Commerce at the University of Canterbury in September of 1997. Professor Werhane, who was a visiting Erskine Fellow, provided the keynote address, and many of the papers in this collection were originally presented at this symposium. We are grateful to Kluwer Publishers for the opportunity to publish these essays in their series on International Business Ethics. We want to thank the Olsson Center for Applied Ethics at the Darden School, University of Virginia, and the Erskine Trust and the Department of Management at the University of Canterbury for their support of Professor Werhane's fellowship, research for this text, and funding for its production. We especially want to thank Lisa Spiro, who copy-edited and prepared the manuscript for publication.

INTRODUCTION AND OVERVIEW This book originated in a symposium on business ethics that took place in the faculty of commerce, at the University of Canterbury, in September 1997. Professor Werhane, who was a visiting Erskine Fellow, provided the keynote address. Contributions to the proceedings were inter-disciplinary, spanning theory and practice.

Subsequent contributions were obtained from within New Zealand and from Asia.

The book starts off on rather a pessimistic note: the new managerialism (the kind of thing Scott Adams jokes about in the world-famous Dilbert cartoons) is economically suspect and psychologically damaging.

**Business Ethics in Theory and Practice** Broadview Press

Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of Business Ethics: Concepts and Cases has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. Business Ethics: Concepts and Cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses. Teaching and Learning Experience Personalize Learning - MyThinkingLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Business Ethics: Concepts and Cases provides summaries of basic ideas discussed within the text in its margins; presents conceptual materials first, and then offers discussion cases second through standardized chapters; all providing students the chance to critically think

about the material they are learning. Engage Students - Study questions at the beginning of each chapter, definitions of key terms in the margins, a glossary, chapter-end study and discussion questions, end-of-chapter web resources, and chapter-opening concrete examples / cases all ensure students' complete understanding of the material. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Note: MyThinkingLab does not come automatically packaged with this text. To purchase MyThinkingLab, please visit [www.MyThinkingLab.com](http://www.MyThinkingLab.com) or you can purchase a valuepack of the text + MyThinkingLab (VP ISBN-10: 0205029760, VP ISBN-13: 9780205029761)

**Management, 7th Asia-Pacific Edition** Harvard University Press  
Peg Tittle's ambitious business ethics text brings together readings, cases, and the author's own informed opinions. The second edition includes over a dozen new readings and case studies, as well as a new chapter on issues in Information and Communication Technology. Includes - Canonical and topical readings on issues ranging from whistleblowing and advertising to international business, the nature of capitalism, and the environment - Engaging overviews from the author encourage careful reflection and critical examination of conventional assumptions - What to Do? scenarios and Case Studies illustrate the practical relevance of each topic - Comprehensive introductions to ethical theory and the ethics of business - Questions following each selection test understanding and promote active reading - A primer on

ethical institutions examines the role of ethics consultants, codes of ethics, and more

**Services Marketing: Concepts, Strategies, & Cases** Oxford University Press, USA

Eldenburg's Management is an introductory text that focuses on presenting content in an easy to understand way that encourages students to think critically and draw connections between theory and practice. This new seventh edition has a strengthened focus on technology and features have been updated to help students further consolidate their knowledge. This includes various forms of revision materials such as auto-graded knowledge-check questions and self-skill assessment. There is also a broad variety of concise case studies, including new ones with a strategic focus, which enable instructors to have thought-provoking and engaging tutorials. An exciting addition to the interactive e-text are the new ANZ videos that feature a diverse group of management thought-leaders who give insights and 'tales from the front.' This will provide supplementary content for lectures or serve as pre-work for a flipped classroom.

[Business & Society: Ethics, Sustainability & Stakeholder Management](#) Business Ethics

BUSINESS ETHICS, 9th Edition is a comprehensive and practical guide that will help you with real life ethical issues that rise in the business world. It will assist you through the process of developing the critical thinking and analytical skills needed to successfully navigate the unique set of problems that emerge when ethics and commerce collide. This book focuses on key ethical concepts and emphasizes the real world

importance of critical topics such as the nature of morality, major theories of ethics and economic justice, and competing views of capitalism and corporate responsibility. It is thorough, flexible, and designed to bolster student involvement with the material for better comprehension and understanding. ### **The Business Ethics Workshop**

Springer

Can a corporation have a conscience? What is wrong with reverse discrimination? Can ethical management and managed care coexist? Hoffman, Frederick, and Schwartz address these and many other current, intriguing, often complex issues in corporate morality. This introductory business ethics text contains a thorough general introduction on ethical theory, 54 readings, and 25 cases. Divided into five parts, each with an introduction that presents the major themes of its articles and cases, the text contains an impartial, point-counterpoint presentation of different perspectives on the most important issues being debated in business ethics. Each chapter ends with questions that can be used for student discussion, review, tests/quizzes, or for student assignments. The fourth edition has 27 new readings, 15 new cases, and 10 new mini-cases.

### **Philosophy** Cengage Learning

The cosmopolitan political tradition defines people not according to nationality, family, or class but as equally worthy citizens of the world. Martha Nussbaum pursues this "noble but flawed" vision, confronting its inherent tensions over material distribution, differential abilities, and the ideological conflicts inherent to

pluralistic societies.

### **Business Ethics** Pearson Education India

The fifth edition of Business Ethics addresses current, intriguing, often complex issues in corporate morality through 53 readings and 30 pertinent case studies. Now significantly updated, it includes new leading articles, related current cases, and mini-cases based on MBA student dilemmas. Addresses a broad range of the most current, intriguing, often complex issues and cases in corporate morality Provides impartial, point-counterpoint presentations of different perspectives on the most important and highly contended issues of business ethics Updated and significant case studies are included to reinforce student learning Now contains mini-cases based on actual MBA student dilemmas Each author has substantial experience in teaching, writing, and conducting research in the field

### **Business Ethics and Corporate Social Responsibility** Cengage Learning

Learning

Readers examine the use of services marketing as a competitive tool from a uniquely broad perspective with Hoffman/Bateson's SERVICES MARKETING: CONCEPTS, STRATEGIES, AND CASES, 5E. Using a reader-friendly, streamlined structure, this book explores services marketing not only as an essential focus for service firms, but also as a competitive advantage for companies that market tangible products. A wealth of real examples feature a variety of businesses from industries both within and beyond the nine service economy supersectors: education and health services, financial activities, government, information, leisure and hospitality, professional and

business services, transportation and utilities, wholesale and retail trade, and other services. Cutting-edge data addresses current issues, such as sustainability, technology, and the global market, giving readers valuable insights and important skills for success in business today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Honest Work** Oxford University Press  
This book presents a selection of articles with focus on the theoretical foundations of business ethics, and in particular on the philosophy of management and on human rights and business. This implies identifying and discussing conflicts as well as agreement with regard to the philosophical and other foundations of business and management. Despite the general interest in corporate social responsibility and business ethics, the contemporary discussion rarely touches upon the normative core and philosophical foundations of business. There is a need to discuss the theoretical basis of business ethics and of business and human rights. Even though the actions and activities of business may be discussed from a moral perspective, not least in the media, the judgments and opinions relating to business and management often lack deeper moral reflection and consistency. Partly for this reason, business ethicists are constantly challenged to provide such moral and philosophical foundations for business ethics and for business and human rights, and to communicate them in an understandable manner. Such a challenge is also of scientific kind. Positions and opinions in the academic field need to be substantiated by thorough moral and theoretical reflection to underpin normative approaches. Far

too often, business ethicists may agree on matters, which they approach from different and sometimes irreconcilable philosophical standpoints, resulting in superficial agreement but deeper-lying disagreement. In other cases, it may be of high relevance to identify philosophical standpoints that despite conflicting fundamentals may arrive at conclusions acceptable to everyone.

Cengage Learning

As tomorrow's manager, you will be confronted with challenges and opportunities that are more dynamic and complex than ever before.

**MANAGEMENT: AN INTEGRATED APPROACH**, by award-winning instructors and prominent Harvard business experts, teaches you how to think like a successful manager and effective leader. This second edition clearly demonstrates the interconnectivity between three facets of management: strategic positioning, organizational design, and individual leadership. You learn the importance of harnessing technological advances, managing and leading a dispersed and diverse workforce, anticipating and reacting to constant competitive and geopolitical change and uncertainty, competing on a global scale, and operating in a socially responsible and accountable manner. Clear concepts directly relate to how today's organizations operate, while self-reflection opportunities help you evaluate personal leadership abilities and skill-building practice equips you for leadership success. You master management principles from a tangible, integrated, and current perspective as you learn to visualize how strategy informs leadership and how leaders influence strategic positioning and, ultimately, manage performance. Let **MANAGEMENT: AN INTEGRATED**

APPROACH, 2E prepare you for leadership success as this unique book answers the key question: How are leaders successfully managing competitive companies in the 21st Century? Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Wadsworth Publishing Company

Business Espionage: Risk, Threats, and Countermeasures provides the best practices needed to protect a company's most sensitive information. It takes a proactive approach, explaining the measures and countermeasures that can be enacted to identify both threats and weaknesses. The text fully explains the threat landscape, showing not only how spies operate, but how they can be detected. Drawn from the author's 40 years of experience, this vital resource will give readers a true understanding of the threat of business spying and what businesses can do to protect themselves. It is ideal for use as a tool to educate staff on the seriousness of the threat of business espionage. Shows how to identify a company's threats, weaknesses, and most critical assets Provides proven and practical countermeasures that any business can employ to protect their most sensitive assets from both internal and external threats Uses real-life case studies and examples to help the reader understand how to apply the tactics discussed

 Business Media

Honest Work: A Business Ethics Reader, now includes 103 readings and 80 cases on such classic topics as honesty and trust in the workplace, whistleblowing, product liability, finance ethics, and conflicts of interest, along with more cutting edge subjects including environmental ethics and ethics and technology. The text was revised in the midst of the worst global financial crisis since the Great Depression, which reaffirms the convictions that led the authors to develop this text: first, that

business ethics is primarily about the ethics of individuals; second, that business itself is a morally sensitive endeavor as it directly or indirectly harms or benefits other people. Honest Work assumes that the goal of a business ethics course is to help students become successful as human beings so that they can go on to invent, run, and rebuild sustainable businesses. Unlike most texts, it brings ethical questions back to the reader, and challenges students to think about the relationship between the way they do business and the kind of life they want to live. questions, and suggested readings and web links. An Instructor's Manual with Test Bank is available to adopters.
