Similar to The Big Book of Alcoholics Anonymous, Life with Hope thoroughly explains the 12 Steps and 12 Traditions as they relate to marijuana addicts and those with cannabis use disorder. This is an essential resource for anyone seeking recovery through Marijuana Anonymous (MA). "How can we tell you how to recover? We cannot. All we can do is share with you our own experiences and recovery through the Twelve Steps of Marijuana Anonymous." Similar to The Big Book of Alcoholics Anonymous, Life with Hope thoroughly explains the Twelve Steps and Twelve Traditions as they relate to individuals with cannabis use disorder. The text includes the 12 Steps and the 12 Traditions, fifteen personal stories from Marijuana Anonymous members, and the section, A Doctor's Opinion about Marijuana Addiction. Life with Hope is an essential resource for the marijuana addict and for anyone with a cannabis use disorder who is seeking recovery through Marijuana Anonymous (MA). The text is ideal for newcomers, people who are in active addiction, and anyone interested learning more about how marijuana addiction affects people's lives.

The ebb and flow of debate about Stalin's Russia is brilliantly captured in this book. Chris Ward conceptualizes the field in a clear and helpful way, offers a synthesis of the vast secondary literature in the area, and provides evaluation of the key issues at stake. This second edition includes the necessary updating, the provision of more maps, and a new chapter on foreign policy. [A Revision of the Genus Zethus Fabricius in the Western Hemisphere \(Hymenoptera: Eumenidae\)](#) Sismel

Spanning the centuries between pre-contact indigenous Haiti to the aftermath of the 2010 earthquake, the selections in The Haiti Reader introduce readers to Haiti's dynamic history and culture from the viewpoint of Haitians from all walks of life.

[Stalin and His Times](#) University of Chicago Press

Taddeo Alderotti was the most celebrated professor of medicine at Bologna in the late thirteenth century. His teaching involved close attention not merely to medicine itself but to all the scientific and philosophical learning of the time. His pupils, in turn, included some of the leading learned physicians in Italy in the early fourteenth century. In a study of the professional thought and practice of these physicians, Nancy Siraisi shows how their intellectual and medical achievements

were integrated with the social and institutional context within which they lived. Focusing specifically on Taddeo Alderotti and six of his pupils, the author treats what is known of their lives, their teaching activities, their learned writings, their medical practice, and their broader moral outlook. She pays particular attention to the theoretical concepts of medical learning, the relationship of medicine to natural philosophy, the correlation of medical theory to medical practice, and the role of the physician as a citizen. Nancy G. Siraisi is Professor of History at Hunter College of the City University of New York. Originally published in 1981. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Traditionally attributed to Hegemonius, the Acta Archelai is the oldest and most significant anti-Manichaean polemical texts. Originally composed in Greek in the fourth century, it has survived

mainly in a near contemporary Latin translation - substantial section of the Greek version has however survived in the Panarion of Epiphanius. The Acta gives a fictional account of a debate between Mani and Archelaus, the Christian bishop of the city of Carthage in Roman Mesopotamia as well as an important summary of his teaching on cosmogony and a highly polemical version of Mani's life. The work would later exercise enormous influence on anti-Manichaean writings in both Late Antiquity and Middle Ages. The present translation, the first to be based on the excellent edition by Charles Beeson, is accompanied by detailed introduction and notes. The Greek version of the summary of Mani's teaching preserved in Greek is also translated separately in an appendix. The book is of basic importance to all scholars of Manichaeism, gnosticism and of medieval heresies.

Skills for finding information are essential for academic study and beyond. This illustrated guide provides practical advice on how to source and use the right resources. It includes guidance on how to carry out a literature review as well as the skills needed for finding and evaluating information.

Taddeo Alderotti and His Pupils Lint Editoriale

The esteemed philosopher's assessment of good, evil, and the value of Machiavelli. Leo Strauss argued that the most visible fact about Machiavelli's doctrine is also the most useful one: Machiavelli seems to be a teacher of wickedness. Strauss sought to incorporate this idea in his interpretation without permitting it to overwhelm or exhaust his exegesis of *The Prince* and *Discourses on the First Ten Books of Livy*. "We are in sympathy," he writes, "with the simple opinion about Machiavelli [namely, the wickedness of his teaching], not only because it is wholesome, but above all because a failure to take that opinion seriously prevents one from doing justice to what is truly admirable in Machiavelli: the intrepidity of his thought, the grandeur of his vision, and the graceful subtlety of his speech." This critique of the founder of modern political philosophy by this prominent twentieth-century scholar is an essential text for students of both authors.

Soluzioni: A Practical Grammar of Contemporary Italian combines an engaging reference and practice grammar explained in clear and concise language with numerous supporting exercises. Aimed at keen students of all levels, Soluzioni offers: a complete grammar review in tabular form for easy navigation and at-a-glance comprehension; 650 graded practice exercises with an answer key for self-assessment; extensive examples, using a wide range of useful up-to-date vocabulary; authentic material from Italian media and literature, with vocabulary notes and linked exercises to show how grammar works in practice; special help sections throughout, dedicated to clarifying tricky points or avoiding common pitfalls; a comprehensive user-friendly index for ease of access in both Italian and English; a glossary of grammatical terms; a companion website at [www.routledge.com/cw/derome](http://www.routledge.com/cw/derome) with over 240 free interactive language quizzes for on-the-spot testing, plus supplementary downloadable material such as a comprehensive verb section and full answer key to the book exercises. This fourth edition continues the accessible methodology and focus on contemporary usage that has made Soluzioni the clearest and most comprehensive pedagogic grammar on the market today. Fully updated, it covers key areas of difficulty such as tense usage, the subjunctive, causative verbs, combined pronouns and word order. It also pays attention to the links between grammar and communicative functions as well as those between grammar, context and register. Suitable for class use and independent study, Soluzioni is the ideal reference and practice resource for learners of Italian. It is particularly suitable for fast-track use in ab initio courses at university and college.

Benjamin G. Kohl begins by describing Padua's late medieval setting, exploring the geographic and institutional givens inherited by the early Carrara lords as they fought to maintain their city's independence. He then offers a detailed analysis of the Carrara's century-long relationship with their powerful neighbor, Venice - sometimes protector and sometimes nemesis. Kohl examines the changing composition of the Carrara family relationships, as well as the regime's household government, its economic and landed interests, investments in textiles and trade, and the development of its own mint and tax system. By providing a nuanced view of the growth of state power in the hands of a single dynasty, Kohl lays to rest the received view of the lawless Renaissance despot.

Spanish Marxism Versus Soviet Communism is the first historical study of the P.O.U.M. to appear in English. Drawing from his multi-volume work on the subject, which was published in Spanish and Catalan, Victor Alba has collaborated with Stephen Schwartz to produce a condensed and amplified study that is far more than a translation. Outside Spain, the political movement known as the Workers Party of Marxist Unification (Partido Obrero de Unificación Marxista or P.O.U.M.) is chiefly known as the revolutionary group with which George Orwell fought during the Spanish Civil War of the 1930s. The events in which the P.O.U.M. found itself at the center of conflict between Iberian revolutionaries and Soviet interests remain a controversial topic for historians and other writers. This book presents a detailed picture of the organization and its main antecedent, the Workers' and Peasants' Bloc, in the context of a stimulating working class political culture. Those interested in Catalan history as well as historians of Western European Marxism and the Spanish Civil War will find this book useful. It will also be of interest to those concerned with Orwell and his experience in Spain. A fitting tribute to the P.O.U.M.'s great struggle against Stalinism, Spanish Marxism Versus Soviet Communism will surely stand out among the array of books that have been published on the Spanish Civil War period as a definitive study.

New Softcover Edition with Index! Considered by Ratzinger devotees as his greatest work on the Liturgy, this profound and beautifully written treatment of the "great prayer of the Church" will help readers rediscover the Liturgy in all its hidden spiritual wealth and transcendent grandeur as

the very center of our Christian life. Among the many liturgical issues that he covers in this work, Cardinal Ratzinger discusses fundamental misunderstandings of the Second Vatican Council's intentions for liturgical renewal, especially the orientation of prayer at the Eucharistic sacrifice, the placement of the tabernacle, and the posture of kneeling. Other important topics he discusses include the following: the essence of worship; Jewish roots and new elements of the Christian Liturgy; the historic and cosmic dimensions of the Liturgy; the relationship of the Liturgy to time and space; art, music, and the Liturgy; active participation of all the faithful; gestures, posture, and vestments. "My purpose here is to assist this renewal of understanding of the Liturgy. Its basic intentions coincide with what Guardini wanted to achieve. The only difference is that I have had to translate what Guardini did at the end of the First World War, in a totally different historical situation, into the context of our present-day questions, hopes, and dangers. Like Guardini, I am not attempting to involve myself with scholarly discussion and research. I am simply offering an aid to the understanding of the faith and to the right way to give the faith its central form of expression in the Liturgy." - Joseph Cardinal Ratzinger, from the preface

"This book contains twenty essays by expert scholars of higher learning in the early modern period. Together they discuss topics that historians of universities have largely ignored: notably the extensive collaboration, and occasional conflicts, between university scholars, instructors, and administrators on the one hand, and students at academies, independent and dependent colleges, gymnasia, and Latin schools on the other. The contributions also cover a wide geographical range, covering universities, schools, academies, and the history of the book, in many European states, and Latin America"--

**L'uomo e le scimmie lezione pubblica detta in Torino la sera dell'11 gennaio 1864 da F. De Filippi** Brepols Pub

"Even in 17th-century Italy, news spread quickly. On June 25, 1678, an enormous crowd that included nobles, knights, city officials, ladies, scholarly men, the diocesan vicar general, and the entire College of Philosophers and Physicians gathered at the University of Padua to witness Elena Lucrezia Cornaro Piscopia stand for her oral doctoral examination-the first time in history that a woman had been accorded this privilege! So great was the crowd that the examination had to be moved from the University's College to the cathedral. The bishop's refusal to allow Elena to stand for a degree in theology no doubt increased interest in the grudgingly approved examination in philosophy. Elena's eloquent discourse on two Aristotelian theses so impressed the examining committee that, despite her request for a secret ballot, they voted their approval viva voce to award the Teacher and Doctor of Philosophy degrees. She was the first woman so honored by a university. Maschietto's definitive biography of Elena Lucrezia Cornaro Piscopia was originally published in Italian on the occasion of the 300th anniversary of her landmark degree (Padua: Editrice Antenore, 1978). Now more than 25 years later, this meticulously researched biography is available for the first time in English translation. After carefully tracing the lineage of Elena's family, Maschietto tells the fascinating story of her rearing and education, as well as of the high drama of her standing for examination for a doctoral degree. Maschietto also offers a full assessment of Elena's writings, spirituality, and posterity. This book is profusely illustrated with reproductions of paintings and engravings of many of the principal figures who populate Elena's life-story."--Publisher's website.
