Changes In
Api 653
TankAs
outlined in
Annex D of
the API 653
Standard, the
qualification
requirements
for API 653
applicants are
based on the

combination
of education
and
experience
related to
aboveground
storage tanks.
This
experience
must have
been acquired
within the last
10 years while
employed by,
or under
contract with,
an authorized
inspection
agency as
defined in API
653.API | API

Aboveground
Storage Tank
InspectorTank
s change very
slowly over
time, so it is
important to
record any
observations
to see any
pattern and
allow you to
repair any
issue in its
infancy
instead of
permitting it
to become a
large problem.
Formal API
653
Inspections.

<p>Tanks change in ways that cannot be visually detected and that is why formal API inspections are required. API 653 Storage Tank Inspection - Heartland Tank Services ...What is API 653?
