Ember Walsh is a trusting soul with the quiet beauty of her late mother, who perished in a mysterious car crash when Ember was three. A little tomboyish from being raised by her father, Ember packs a punch when a stranger gets pushy with her in a bar, catching the steely blue eyes of a tall, gorgeous tattooed man--Trace Montgomery. Still damaged from her last disastrous relationship and warned off the bad boy by friends, Ember fights the smoldering heat that Trace sparks in her when he begins shadowing her like a dark angel. Burdened by a lifetime of horror and heartbreak, amateur fighter Trace doesn't want to want Ember. His deep self-loathing keeps him from having any meaningful relationships, but Ember is an itch he can't scratch. The two push and pull, slowly crumbling their walls, seemingly brought together by fate, because the turmoil that haunts their pasts is interlinked in undeniable ways. But can these two fighters finally lay down their arms? In *Beautifully Damaged*, L.A. Fiore delves into deep scars and lets love and forgiveness uncover redemption.

Ever since its original publication in Germany in 1938, Max Schweidler's *Die Instandsetzung von Kupferstichen, Zeichnungen, Buchern usw.* has been recognized as a seminal modern text on the conservation and restoration of works on paper. This volume, based on the authoritative revised German edition of 1950, makes Schweidler's work available in English for the first time, in a meticulously edited and annotated scholarly edition. An extensively illustrated appendix presents case studies of eleven Old Master prints that were treated using the techniques Schweidler discusses.

Introducing a compelling new activity for crafters and artists, doodlers and coloring book enthusiasts of all ages. Paint by Sticker includes everything you need to create twelve vibrant, full-color "paintings." The images—including sunflowers, a fox, a hummingbird in mid-flight, two boats on the water—are rendered in "low-poly," a computer graphics style that creates a 3-D effect. As in paint-by-number, each template is divided into dozens of spaces, each with a number that corresponds to a particular colored sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next—it's an activity that's utterly absorbing as you watch a "painting" emerge from a flat black-and-white illustration to a dazzling image with color, body, spirit. The pages are perforated for easy removal, making it simple to frame the completed images.
