Shadows Over Lyra Penguin

Fans of Serafina and the Black Cloak and The Night Gardener will devour Shadow Weaver, the first in a dark middle-grade fantasy duology that's filled with shadows, danger, magic, and has the feel of a new classic. Emmeline's gift of controlling shadows has isolated her from the rest of the world, but she's grown to be content, hidden away in her mansion with Dar, her own shadow, as her only company. Disaster strikes when a noble family visits their home and offers to take Emmeline away and cure her of magic. Desperate not to lose her shadows, she turns to Dar who proposes a deal:

Dar will change the noble's mind, if Emmeline will help her become flesh as she once was. Emmeline agrees but the next morning the man in charge is in a coma and all that the witness saw was a long shadow with no one nearby to cast it. Scared to face punishment, Emmeline and Dar run away. With the noble's guards on her trail, Emmeline's only hope of clearing her name is to escape capture and perform the ritual that will set Dar free. But Emmeline's not sure she can trust Dar anymore, and it's hard to keep secrets from someone who can never leave your side.

Only his enemy has a dangerous new collaborator, one with powers darker than Vaelin has ever encountered... “The Ally is there, but only ever as a shadow, unexplained catastrophe or murder committed at the behest of a dark vengeful spirit. Except, to accomplish her goals, she must do more than rally her loyal supporters. She must align herself with forces she once found repugnant—those who possess the strange and varied gifts of the Dark—and take the war to her enemy’s doorstep. Victory rests on the shoulders of Vaelin Al Sorna, now named Battle Lord of the Realm. However, his path is riddled with difficulties. For the Volarian enemy has a new weapon on their side, one that Vaelin must destroy if the Realm is to prevail—a mysterious Ally with the ability to grant unnaturally long life to her servants. And defeating one who cannot be killed is a nearly impossible feat, especially when Vaelin’s blood-song, the mystical power which has made him the epic fighter he is, has gone ominously silent... ***Don't miss the continuation of this epic saga: The Wolf's Call, A Raven's Blade Novel available July 23, 2019***

2019 PRISM Award Winner! "The answer is no, Lyra," my mother utters her favorite—I swear—phrase. No means I have to travel with them to another planet—again. No means leaving all my friends fifty years in the past. Thanks, Einstein. Seventeen-year-old Lyra Daniels can't truly blame Einstein or her parents for their impending move across the Milky Way Galaxy. It's all due to the invention of the Q-net, which made traveling the vast distances in space possible—with one big caveat: the time dilation. But that never stopped Lyra's ancestors from exploring the Milky Way, searching for resources and exoplanets to colonize. What they didn't expect to find is life-sized terracotta Warriors buried on twenty-one different exoplanets. ... Make that twenty-two. As the Galaxy's leading experts on the Warriors, Lyra's parents are thrilled by the new discovery, sending them—and her—fifty years into the future. Her social life in ruins, she fills her lonely days by illegally worming into the Q-net. The only person close to her age is the annoyingly irresistible security officer who threatens to throw her into the brig. After the planet they just left goes silent—meaning no communications from them at all—security has bigger problems to deal with than Lyra, especially when vital data files go missing. But that's just the beginning, because they're not as alone as they thought on their new planet... and suddenly time isn't the only thing working against them.
