A savage indictment of religious extremism and man's inhumanity to man, Lajja was banned in Bangladesh, but became a bestseller in the rest of the world. The Duttas—Sudhamoy and Kironmoyee, and their children, Suranjan and Maya— have lived in Bangladesh all their lives. Despite being members of a small, vulnerable Hindu community, they refuse to leave their country, unlike most of their friends and relatives. Sudhamoy believes with a naive mix of optimism and idealism that his motherland will not let him down. And then, on 6 December 1992, the Babri Masjid is demolished. The world condemns the incident, but its immediate fallout is felt most acutely in Bangladesh, where Muslim mobs begin to seek out and attack Hindus. The nightmare inevitably arrives at the Duttas' doorstep, and their world begins to fall apart.

Many have discovered the joys of living with indoor plants. They contribute not only to a healthier environment, but with proper styling, add a nice element to interior design schemes. For some living in more urban settings it is a matter of necessity as home gardens are rare. For others living in more rural or suburban surroundings it is a matter of choice. Aesthetica Botanica visits the homes of artists, florists, gardeners and other plant enthusiasts who exemplify green living and are happy to share their stories and tips on caring for and decorating with plants. With handy chapters on green plants, cacti and succulents, and flowers, this book caters to any inclination providing practical information alongside stunning photographs.

The Autobiography of the People in Verse Penguin UK

On the eve of his thirtieth birthday, Miguel Santos leaves his high-powered life behind for a visit to the small town he grew up in... and the high school sweetheart whose wild passion he's never stopped craving. Faith Bennett loved Miguel the moment she saw him. But she always knew his future was in New York, while hers was tied to the auto shop that was her close-knit family's livelihood. Pushing him away nearly broke her, but when he took her heart with him, he left

something precious behind. Now he's back, demanding her body, her desire, her very soul as retribution for the pain he still carries. He won't settle for anything less than everything she's got, but she still can't leave with him and he still can't stay, and their past has secrets too explosive to share.

The book addresses the problem of passivation at the surface of crystalline silicon solar cells. More specifically, it reports on a high-throughput, industrially compatible deposition method for Al₂O₃, enabling its application to commercial solar cells. One of the main focus is on the analysis of the physics of Al₂O₃ as a passivating dielectric for silicon surfaces. This is accomplished through a comprehensive study, which moves from the particular, the case of aluminium oxide on silicon, to the general, the physics of surface recombination, and is able to connect theory with practice, highlighting relevant commercial applications.

[Choices for the Future : Summary](#) London E. Arnold 1905.

Albaniens schwieriger Weg zur Demokratie und die Such nach seiner nationalen Identität sind geprägt durch die historischen Erfahrungen von Fremdbestimmung, Besetzung und Unterdrückung durch verschiedene Großmächte und vor allem durch die bis heute nachwirkenden Folgen eines kommunistischen Herrschaftssystems mit fast völliger Isolation des Landes von der Außenwelt und parteistaatlicher Kontrolle der Bevölkerung im Inneren. Der 1989/90 begonnene politische Umbruch konnte an keine eigenen demokratischen Erfahrungen anknüpfen und wurde, verschärft noch durch eine katastrophale wirtschaftliche Lage, vom zeitweiligen Zusammenbruch jeglicher staatlichen Ordnung begleitet. Wie unter den Bedingungen von faktischer Anarchie, politischer und krimineller Gewalt, bewaffneter Aufstände und Demonstrationen auf der einen, sozialer Verelendung und Massenflucht auf der anderen Seite um neue politische Weichenstellungen gerungen wurde, welche Akteure dabei wichtig waren und welche Erfolge und Rückschläge es gab, wird in diesem Band beschrieben. Im Zentrum des Interesses stehen der Aufbau demokratischer Institutionen, die Formierung von Parteien, die Wahlgesetze und -ergebnisse sowie die Zusammensetzung der Regierungen und Parlamente.

The ultimate smart reference to the world of mathematics - from quadratic equations and Pythagoras' Theorem to chaos theory and quantum computing. Maths 1001 provides clear and concise explanations of the most fascinating and fundamental mathematical concepts. Distilled into 1001 bite-sized mini-essays arranged thematically, this unique reference book moves steadily from the basics through to the most advanced of ideas, making it the ideal guide for novices and mathematics enthusiasts. Whether used as a handy reference, an informal self-study course or

simply as a gratifying dip-in, this book offers - in one volume - a world of mathematical knowledge for the general reader. Maths 1001 is an incredibly comprehensive guide, spanning all of the key mathematical fields including Numbers, Geometry, Algebra, Analysis, Discrete Mathematics, Logic and the Philosophy of Maths, Applied Mathematics, Statistics and Probability and Puzzles and Mathematical Games. From zero and infinity to relativity and Godel's proof that maths is incomplete, Dr Richard Elwes explains the key concepts of mathematics in the simplest language with a minimum of jargon. Along the way he reveals mathematical secrets such as how to count to 1023 using just 10 fingers and how to make an unbreakable code, as well as answering such questions as: Are imaginary numbers real? How can something be both true and false? Why is it impossible to draw an accurate map of the world? And how do you get your head round the mind-bending Monty Hall problem? Extensive, enlightening and entertaining, this really is the only maths book anyone would ever need to buy.

The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. "Albanian Literature: A Short History" tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, "Albanian Literature" is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.
