Mockingbird Library of Alexandria
 A New York Times Editors' Choice Pick! A Best Book of the Year for Time | NPR | The Guardian | Gizmodo | Portalist | New York Public Library A Most Anticipated Pick for USA Today | Bustle | BuzzFeed | Goodreads | Nerdist | io9 | WBUR | Polygon | The New Scientist Locus Award Finalist! Connecticut Book Award for Fiction winner! Dragon Award Finalist! Legacy Award Finalist! "In this ambitious novel, dense with perspectives and social commentary, Onyebuchi dreams up disparate lives in a crumbling future America—with gentrifiers returning to Earth from space colonies and

laborers trying to make a precarious living—while leaving room for moments of beauty and humor."—The New York Times, Editors' Choice In his adult novel debut, Hugo, Nebula, Locus, and NAACP Image Award finalist and ALA Alex and New England Book Award winner Tochi Onyebuchi delivers a sweeping science fiction epic in the vein of Samuel R. Delany and Station Eleven. In the 2050s, Earth has begun to empty. Those with the means and the privilege have departed the great cities of the United States for the more comfortable confines of space colonies. Those left behind salvage what they can from the collapsing infrastructure. As they eke out an existence, their neighborhoods are being cannibalized. Brick by brick, their houses are sent to the colonies, what was once a home now a quaint reminder for the

colonists of the world that they wrecked. A primal biblical epic flung into the future, Goliath weaves together disparate narratives—a space-dweller looking at New Haven, Connecticut as a chance to reconnect with his spiraling lover; a group of laborers attempting to renew the promises of Earth's crumbling cities; a journalist attempting to capture the violence of the streets; a marshal trying to solve a kidnapping—into a richly urgent mosaic about race, class, gentrification, and who is allowed to be the hero of any history. Miriam Black is trying to live an ordinary life, keeping her ability to see how someone dies hidden...until a serial killer crosses her path. This is the second book in the Miriam Black series. "Visceral and often brutal, this tale vibrates with emotional rawness that helps to paint a bleak, unrelenting picture of life on the edge." —Publishers Weekly Miriam is trying. Really, she is. But this whole "settling down thing" just isn't working out. She lives on Long Beach Island all year in a run-down, double-wide trailer. She works at a grocery store as a checkout girl. And her relationship with Louis—who's on the road half the time in his truck—is subject to the mood swings Miriam brings to everything she does. It just isn't going well. Still, she's keeping her psychic ability—to see when and how someone is going to die just by touching them—in check. But even that feels wrong somehow. Like she's keeping a tornado stopped up in a tiny bottle. Then comes the one bad day that turns it all on her ear.

The million copy, Booker Prize finalist, bestseller "To describe this novel as spine-tingling in its indescribable poetic effect would be to trivialize its profoundly tragic theme. Say then that it is heart-stunning."—The New York Times It is a dream of electrifying eroticism and inexplicable violence, recounted by a young woman to her analyst, Sigmund Freud. It is a horrifying yet restrained narrative of the Holocaust. It is a searing vision of the wounds of the twentieth century, and an attempt to heal them. Interweaving poetry and case history, fantasy and historical truth-telling, *The White Hotel* is a modern classic of enduring emotional power that attempts nothing less than to reconcile the notion of individual destiny with that of historical fate.

Far from Home Vintage

For the first time ever, a complete collection of short fiction the New York Times bestselling author of *The Queen's Gambit* Walter Tevis is widely regarded as

a master for both his gritty poolhall novels and his brilliant rendering of the world of competitive chess. This long overdue collection establishes Tevis's rightful place as a maestro of the short form, as well. Bringing together the 1981 short story collection *Far From Home* with a host of other previously unpublished stories from journals and magazines, this entertaining collection showcases Tevis's characteristic perceptiveness, empathy, and range. In one story, a man receives a phone call from his future self and follows their instructions to unpredictable, calamitous results. In another, a famous actor and a young actress showcase their talent for acting both on and off the stage. Here also are five short stories set in poolhalls, including one that features Fast Eddie Felson and another that was the basis for the novel *The Hustler*. Here also is his first fictional foray into chess, with a ranked chess player finding fellowship in the prison yard with another player. In all of them, Tevis reminds again and again why his writing has long been revered for its roving curiosity and innate humanity.
