Detransition, Baby Broadway

In this humorous and honest poetry
collection, 'Princess of Hip Hop' Ashanti
shares her unique perspective on life
and love. Bestselling recording artist
Ashanti stormed the pop charts with her
self-titled debut album, going all the way
to #1 and staying there for 10 weeks,
garnering legions of loyal fans, and
earning herself the nickname the
'Princess of Hip Hop.' In

Foolish/Unfoolish, Ashanti explores the
same themes that make her music so
real for her fans—stories of falling head-
over-heels in love, becoming broken-
hearted or insanely jealous, getting over
it, and loving life. Spirited, moving, and
filled with Ashanti's unique sense of
humor, this collection of poetry and
reflections will entertain and surprise as
it offers an intimate look into the life of a
legend.

Hi Abby, Bet I'm the last person you
expected to get a card from. The island
is hot and beautiful and brilliant, but you
were 80% right about Davinia. No—90%
right. She's totally self-centered and
she's trying to force me to date this
creep! I'd sooner slit my wrists because
I'm in love with someone else. He's
gorgeous but he hates me. Aren't
holidays supposed to be relaxing?! Abby,
I wish we hadn't fallen out. Maybe see
you when I get back? Lots of love

(honest!), Chloe xxx

“Hazel Hayes writes with such honesty
and casual confidence and flowing
dialogue, you feel you are overhearing it
rather than reading it. The writing
sparkles with wit and a poignant
emotional reality. I love it.”—Matt Haig,
bestselling author of *The Midnight
Library* “A smart, touching, time-bending
romance. Funny and affecting.”—David
Nicholls, bestselling author of *One Day
and Sweet Sorrow* For anyone who has
loved and lost, and lived to tell the tale,
this gorgeously written debut is a love
story told in reverse, a modern novel
with the heart of a classic: truthful,
tragic, and ultimately full of hope. *Out of
Love* begins at the end. A couple call it
quits after nearly five years, and while
holding a box of her ex-boyfriend's
belongings, the young woman wonders:
How could they have spent so long
together? When did they fall out of love?
Were there good times before the bad?
These are the questions we obsess over
when a relationship ends, even when
obsessing can do no good. But instead of
moving forward through the emotional
fallout of a break-up, *Out of Love* moves
backward in time, weaving together an
already unraveled tapestry, from tragic
ending to magical first kiss. Each chapter
jumps further into the past, mining their
history for the days and details that
might help us understand love; how it
happens and why it sometimes falls
apart. Readers of *Normal People*;

Goodbye, Vitamin; and One Day will adore this bittersweet romance, a sparkling debut that you won't want to miss.

For Elena Michaels, being the world's only female werewolf has its advantages, such as having her pick of the Otherworld's most desirable males. And she couldn't have picked a more dangerously sexy and undyingly loyal mate than Clayton Danvers. But now their bond will be put to the ultimate test. A werewolf more wolf than human and more unnatural than supernatural—a creature whose origins spring from ancient legend—is hunting human prey, and Elena and Clayton must track the predator deep into Alaska's frozen wilderness. But the personal stakes are even higher. Either Clayton or Elena has been chosen to become the new Pack leader, and every wolf knows that there can be only one Alpha. The couple have always been equals in everything. Now, when their survival depends more than ever on perfect teamwork, will instinct allow one of them to lead and the other to follow?

Rival photographers are forced to collaborate on a body-positive lingerie campaign, but they might have to readjust their focus when sparks fly. Photographer Cassie Harris loves her job—her company Buxom Boudoir makes people look beautiful and feel empowered with her modern twist on classic pinup photography. Cassie's best friend, Dana, is about to launch her own dangerously dreamy lingerie line and wants Cassie to shoot and direct the career-changing national campaign. But company politics and Dana's complicated pregnancy interfere, and Cassie finds herself—a proud plus size Black woman—not behind the camera but in front of it. Though she's never modeled herself, Cassie's pretty sure she can handle the sheer underwear and caution tape bralettes. She's not sure she can work so intimately with the chosen photographer, her long-time competitor in the Chicago photography scene, Reid Montgomery. Their chemistry is undeniable on set, however, and feelings can develop faster than film...

The author of *Bonjour, Happiness!* offers a revealing foray into French femininity with beauty and style secrets from the women of Paris and beyond. French women seem to have a special knack for life's most important things—food, love, raising children. And in matters of beauty and style, they appear to be at an unfair advantage. But the truth is that French women are not born more attractive than anyone else—and everything they know can be learned. French women learn at a young age how to feel beautiful, confident, and sexy, inside and out. It's an allure that outlasts youth—in fact, some of France's most celebrated women are femmes d'un certain âge. Growing up, Jamie Cat Callan had a French grand-mère to

instruct her on style, grooming, and genuinely liking her reflection in the mirror. Now she shares that wisdom along with advice from other French women on fragrance, image consulting, makeup, and more. "This charming foray into French femininity will make a perfect cadeau for any Francophile lady." —Publishers Weekly

I hired her to fix my company, to bring Marks Lingerie back to life. I didn't expect her to become my friend. I didn't expect to fall in love with her. The first rule of business is to never touch your employees. I think there is another rule about not falling for your best friend--a rule against imagining the curves of her body, or the way her breathing would change if I pulled down her panties and unzipped my pants. Now, I can't wait any longer. I'm tossing out the rules. Damn the company. Damn our friendship. Damn my fears.

The Accidental Pinup Hodder Paperbacks
A New York Times bestseller! Cofounder of the international beauty company Caudalíe shares the simple, natural, time-tested beauty secrets she learned growing up in France that any woman can use to look younger, healthier, and more radiant without harsh products or drastic procedures. When Mathilde Thomas moved from her native France to the United States to expand her skin-care company, Caudalíe, she wanted to find out what American women wanted from their beauty routines. She interviewed thousands of women and was struck by how different the French and American approaches to beauty were. American women are all about the quick fix—the elusive product or

procedure that will instantly solve a nagging beauty problem, even if it hurts, is wildly expensive, or is damaging in the long term. The French, by contrast, approach beauty as an essential and pleasurable part of the day, a lifelong and active investment that makes you look and feel good. Mathilde used these insights to turn Caudalíe into one of America's top beauty brands. Drawing on her company's twenty years of scientific skin-care expertise backed by the research of doctors and dermatologists—as well as the beauty secrets she learned growing up on a vineyard in Bordeaux—The French Beauty Solution covers everything from how to use natural ingredients such as oil and honey to wash your face; what foods to eat for healthier hair, skin, and nails; and the amazing properties of grapes and grapeseed oil. She also introduces an easy three-day grape cleanse that European aristocrats have been using to detox for hundreds of years. Blending stories, science, DIY recipes, and tons of savoir faire, The French Beauty Solution is the last beauty regimen you'll ever need.
