## GRANT LOGAN

### Edexcel GCSE (9-1) Chemistry Student Book Philip Allan

Exam Board: Edexcel Level & Subject: International GCSE Biology and Double Award Science First teaching: September 2017 First exams: June 2019

*Pearson Edexcel A Level Chemistry (Year 1 and Year 2)* Elsevier

Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit requirements. This guide offers advice on preparing for the Edexcel Unit 3 and Unit 6 Chemistry Laboratory Skills assessments. The Content Guidance section outlines what you may be asked to do in the internally assessed practicals. The four skills required for A-level practical chemistry are described. Practice examples and worked examples with examiner's comments will help you understand precisely what you have to learn, the skills required and the potential pitfalls. The Questions and Answers section provides examples of the types of experiments and questions that you will be given in Units 3 and 6. It also contains answers to these test questions and to the practice examples.

*Edexcel AS/A Level Chemistry Lab Book* Hodder Education

Feynman once selected, as the single most important statement in science, that everything is made of atoms. It follows that the properties of everything depend on how these atoms are joined together, giving rise to the vast field we know of today as chemistry. In this unique book specifically written to bridge the gap between chemistry and the layman, Braterman has put together a series of linked essays on chemistry related themes that are particularly engaging. The book begins with the age of the earth, and concludes with the life cycle of stars. In between, there are atoms old and new, the ozone hole mystery and how it was solved, synthetic fertilisers and explosives, reading the climate record, the extraction of metals, the wetness of water, and how the greenhouse effect on climate really works. A chapter in praise of uncertainty leads on to the "fuzziness" and sharing of electrons, and from there to molecular shape, grass-green and blood-red, the wetness of water, and molecular recognition as the basis of life. Organised in such a way as to illustrate and develop underlying principles and approaches, this book will appeal to anyone interested in chemistry, as well as its history and key personalities. Where many other titles have failed, this book succeeds brilliantly in capturing the spirit and essence of chemistry and delivering the science in easily digestible terms. Contents: The Age of the Earth — An Age-Old Question Atoms Old and New The Banker Who Lost His Head From Particles to Molecules, with a Note on Homoeopathy The Discovery of the Noble Gases — What's so New About Neon? Science, War, and Morality; The Tragedy of Fritz Haber The Ozone Hole Story — A Mystery with Three Suspects Rain Gauge, Thermometer, Calendar, Warning Making Metal In Praise of Uncertainty Everything is Fuzzy Why Things Have Shapes Why Grass is Green, or Why Our Blood is Red Why Water is Weird The Sun, The Earth, The Greenhouse In the Beginning Readership: Intellectually curious non-scientists, scientists who are interested in the wider context of chemistry, and (perhaps most important) teachers at all levels who wish to show their classes that chemistry is not a mass of dead data, but a vibrant cultural activity.

*Edexcel a Level Chemistry Student Book 2 + ActiveBook* Hodder Education

Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit requirements. This guide offers advice on preparing for the Edexcel Unit 3 and Unit 6 Chemistry Laboratory Skills assessments.

*Longman Chemistry Homework for Edexcel IGCSE* Pearson UK

Created to support the new 2008 specification, the A2 Implementation and Assessment Guide for Teachers and Technicians provides support to deliver the concept-led approach to this course and helps you prepare your students for improving their learning for Edexcel GCE Chemistry.

*Pearson Edexcel a Level Chemistry (Year 1 and Year 2)* Hodder Murray

New suite of Chemistry resources for the 2008 A Level specifications by the bestselling authors Graham Hill and Andrew Hunt, including Dynamic Learning and Personal Tutor digital resources.

*Pearson Edexcel International a Level Chemistry Student Book Ebook* Longman

Written by a former senior examiner, George Facer, this Edexcel A2 Chemistry Student Unit Guide is the essential study companion for Unit 4: Rates, Equilibria and Further Organic Chemistry. This book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index, examiner's advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required and exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade.

*Chemistry* Longman

Chemistry for the IB Diploma, Second edition, covers in full the requirements of the IB syllabus for Chemistry for first examination in 2016. The Second edition of this well-received Coursebook is fully updated for the IB Chemistry syllabus for first examination in 2016, comprehensively covering all requirements. Get the best coverage of the syllabus with clear assessment statements, and links to Theory of Knowledge, International-mindedness and Nature of Science themes. Exam preparation is supported with plenty of sample exam questions, online test questions and exam tips. Chapters covering the Options and Nature of Science, assessment guidance and answers to questions are included in the additional online material available with the book.

*Chemistry for the IB Diploma Coursebook with Free Online Material* Pearson Education India

Helps higher achieving students to maximise their potential, with a focus on independent learning, assessment advice and model assessment answers in this new edition of George Facer's best-selling textbook - Encourages independent learning with notes and clear explanations throughout the content - Strengthens understanding with worked examples of chemical equations and calculations - Stretches the students with a bank of questions at the end of each chapter - Provides assessment guidance and sample answers

**Edexcel AS/A2 Chemistry Student Unit Guide: Units 3 and 6 Chemistry Laboratory Skills**

Hodder Education

Exam Board: Edexcel Level: IGCSE Subject: Science First Teaching: September 2017 First Exam: June 2019 Develop your students' scientific thinking and practical skills with this second edition, fully updated to match the new 2017 specifications. - Build students' confidence with in-depth yet accessible scientific content - Test understanding with study questions throughout the book - Prepare students for the exam with sample answers and expert comments plus exam-style questions for every section - Build practical skills with coverage of all required practicals plus further suggested experiments - Develop mathematical skills with maths explanations and questions throughout - Challenge higher ability students with extend and challenge activities - Answers to all activities freely available online

**Cambridge International AS and A Level Psychology Coursebook** Cambridge University Press

Prepare students with complete coverage of the new Edexcel International GCSE specification for Physics. Collins Edexcel International GCSE Teacher Packs are full of lesson ideas, practical instructions, technician's notes, planning support and more. Ensure complete and comprehensive coverage of the new Edexcel International GCSE Physics specification Access effective lesson plan ideas with split into flexible learning episodes with all answers to student book questions provided Be prepared with lists of resources, clear objectives and outcomes and notes on common misconceptions to help you get the most out of every lesson Support learning with a range of activity sheets Make practicals easy with clear instructions for students and technicians fully checked for safety and effectiveness by CLEAPSS Help medium- and long-term planning with a clear

overview of each topic and links to other topics highlighted One of a range of new books supporting the Edexcel International GCSE science specifications, approved for use for Edexcel Level 2 Certificates in UK state schools"

**Edexcel International GCSE Chemistry** Hodder Education

Longman Chemistry Homework for Edexcel IGCSE is an ideal companion to the London Examinations IGCSE specification for Chemistry

*Edexcel A Level Chemistry Student Book 2* Philip Allan

Exam Board: AQA Level: AS/A-level Subject: Chemistry First Teaching: September 2015 First Exam:

June 2016 AQA Approved Help students to apply and develop their knowledge, progressing from basic concepts to more complicated Chemistry, with worked examples, practical activities and mathematical support throughout - Provides support for all 12 required practicals with activities that introduce practical work and other experimental investigations in Chemistry - Offers detailed examples to help students get to grips with difficult concepts such as Physical Chemistry calculations - Mathematical skills are integrated throughout the book and all summarised in one chapter for easy reference - Allows you to easily measure progression with Differentiated End of Topic questions and Test Yourself Questions - Develops understanding with free online access to 'Test yourself' answers and an extended glossary. AQA A-level Chemistry Year 1 includes AS-level.

*AQA A Level Chemistry Student Book 1* Philip Allan

Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit requirements. This guide offers advice on preparing for the Edexcel Unit 3 and Unit 6 Chemistry Laboratory Skills assessments. The Content Guidance section outlines what you may be asked to do in the internally assessed practicals. The four skills required for A-level practical chemistry are described. Practice examples and worked examples with examiner's comments will help you understand precisely what you have to learn, the skills required and the potential pitfalls. The Questions and Answers section provides examples of the types of experiments and questions that you will be given in Units 3 and 6. It also contains answers to these test questions and to the practice examples.

**Edexcel International GCSE Physics** Philip Allan

Fully revised and updated content matching the Cambridge International AS & A Level Chemistry syllabus (9701). Endorsed by Cambridge International Examinations, the Second edition of the AS/A Level Chemistry Coursebook comprehensively covers all the knowledge and skills students need for AS/A Level Chemistry 9701 (first examination 2016). Written by renowned experts in Chemistry, the text is written in an accessible style with international learners in mind. The Coursebook is easy to navigate with colour-coded sections to differentiate between AS and A Level content. Self-

assessment questions allow learners to track their progression and exam-style questions help learners to prepare thoroughly for their examinations. Contemporary contexts and applications are discussed throughout enhancing the relevance and interest for learners.

**Chemistry Student Book** Hachette UK

Develop and assess your students' knowledge and skills throughout A level with worked examples, practical assessment guidance and differentiated end of topic questions in this updated, all-in-one textbook for Years 1 and 2. Combining everything your students need to know for the Pearson Edexcel A level Chemistry specification, this revised textbook will: - Identify the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Student Book. - Provide support for all 16 required practicals with various activities and questions, along with.

*Edexcel International GCSE (9-1) Chemistry Student Book (Edexcel International GCSE (9-1))* Pearson Education India

Help higher achieving students to maximise their potential, with a focus on independent learning, assessment advice and model assessment answers in this new edition of George Facer's best-selling textbook. - Encourages independent learning with notes and clear explanations throughout the content - Strengthens understanding with worked examples of chemical equations and calculations - Stretches the students with a bank of questions at the end of each chapter - Provides assessment guidance and sample answers

*George Facer's Edexcel A Level Chemistry Student* Philip Allan

Written by a former senior examiner, George Facer, this Edexcel A2 Chemistry Student Unit Guide is the essential study companion for Unit 4: Rates, Equilibria and Further Organic Chemistry. This full-colour book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index examiner's advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade

*AQA A Level Chemistry Student Book 2* Collins Educational

This comprehensive, highly accessible, exam-focused text is essential reading for all Edexcel A2 Chemistry students. Revised and updated to meet the needs of A2 students following the new specification from September 2009, and including free online support

*From Stars to Stalagmites* Hodder Education

\* Offers complete coverage of the new specification \* Includes free student ActiveBook CD-ROM \* Links to additional support and teacher support are provided online directly from Edexcel
