This book is an expanded edition of IELTS Reading Practice Tests: IELTS Guide for Self-Study Test Preparation for IELTS for Academic Purposes by IELTS Success Associates. Each practice reading test in this book has three passages, just like the actual IELTS academic reading test, so there are twelve reading passages in the publication for you to study. All of the reading passages in the book are on factual, informative, or academic topics, which is also like the format of the actual IELTS test. The practice exams have questions of all of the types that you will see on

the real IELTS reading test, so the book has multiple choice questions; form, diagram and summary completion; identification of the writer's views; matching features and headings; and gap-fill questions. The tips at the beginning of the book explain the format of the IELTS reading test and tell you what to expect on your exam day. Practice Reading Test 1 in the publication is in tutorial mode, so it includes tips and suggestions at the beginning of each section

The explanations give you additional tips to help you improve your test-taking technique. Get a high score on your IELTS reading test with this great book!

It is an extra-ordinary work of the writer that focuses on proven time-saving and answering strategies for each question type of IELTS Reading. Besides comprehensive step-by-step preparation tips, the book highlights each question type and explains how to answer them without reading the

passage thoroughly. Rather than providing superficial pedagogy, the author explains how to save time and find answer of each question with ease. It is to note that the book goes beyond the cliches such as skimming and scanning, but includes innovative reading strategies

exclusively developed by the author through his hard-earned teaching experiences. The book has two versions - one is with Bengali annotations, and the other is in simplified English only. Anyone desired to learn how to read better and faster for academic purposes will find the book very useful.
