### ENRIQUE EMERSON

*Christian Theology* A&C Black

No previous knowledge of theology demanded, this volume is written in an essentially readable way and is the perfect core to the library of anyone who loves to learn. "This wide-ranging, well-directed, sharp-sighted textbook is his magnum opus. This one stands high as a demonstration of the biblical rationality of the Reformed faith." J. I.

**The Theology of History in St. Bonaventure** Wm. B. Eerdmans Publishing

This book traces the movements and counter-movements of theological thought through the centuries from the New Testament to the present. This work is divided in three parts: Part 1 addresses the age of the church fathers Part 2 covers the Middle Ages from Augustine to Luther Part 3 moves from the Reformation thru the 20th century.

[A Historical Theology of the Hebrew Bible](#) Crossway

Comprehensively detailing the sources for our knowledge of Jesus, Theissen and Merz fully explore the historical and social context of Jesus and his activity. They then unfold what we can know about Jesus' characteristics as a charismatic teacher, a Jewish prophet, a healer, a teller of parables and

an ethical teacher. Finally, they examine closely the historical question surrounding Jesus' last supper, his violent death, the accounts of Easter, and the beginnings of Christology.

*New Dictionary of Theology* JHU Press

The Historical Volume of what was originally called Reformed Dogmatics now appears with a new title, namely, History of Christian Doctrines. Works on the gradual development of theological truth in the Church of Jesus Christ usually appear alongside of those which deal with the systematic reproduction of it, and thus stand out as separate works. It was thought best to follow this practice, since this will stress the fact that, after all, the history of the development of Christian thought in the Church is a separate study.

**Christian Ethics (Revised Edition)** B&H Publishing Group

Historical Theology presents the key pillars of the contemporary church and the development of those doctrines as they evolved from the history of Christian thought. Most historical theology texts follow Christian beliefs in a strict chronological manner with the classic theological loci scattered throughout various time periods, movements, and controversies—making for good history but confusing theology. This companion to the classic bestseller Systematic Theology is unique among historical theologies. Gregg Allison sets out the history of Christian doctrine according to a topical-chronological arrangement—one theological element at a time instead of committing to a discussion of theological thought according to its historical appearance alone. This method allows you to: Contemplate one tenet of Christianity at a time, along with its formulation in the early church—through

the Middle Ages, Reformation, and post-Reformation era, and into the modern period. Become familiar with the primary source material of Christian history's most important contributors, such as Cyprian, Augustine, Aquinas, Luther, Calvin, Barth, and others. Understand the development of evangelical doctrine with a focus on the centrality of the gospel. Discern a sense of urgent need for greater doctrinal understanding in the whole church. Historical Theology is an easy-to-read textbook for any Christian who wants to know how the church has come to believe what it believes today. Gregg Allison's clear and concise structure make this resource an ideal introduction to Christian doctrine.

[Orthodox Dogmatic Theology](#) Ravenio Books

The advent of the modern, historical, and critical methods of reading Scripture is one of the most significant events in the last five hundred years of Christian history and theology. New questions arose in the course of that history that led to new, sometimes troubling answers. New ways of considering Scripture were articulated. The crisis in which academic Christian theology has found itself for approximately two hundred years is directly related to the emergence of new ways of studying--and criticizing--the Bible. The Challenge of History traces the trajectory of these developments, presenting key readings from over thirty-five theologians--from Erasmus to Pannenberg--whose writings relate to the birth of modern historical and critical exegesis and, more broadly, to the emergence, among theologians and biblical scholars, of a certain historical consciousness that characterizes vast segments of modernity. How did the historical and critical methods arise? How did they impact the study of Scripture? What are their implications for Christian theology? Scripture is read--and needs to be read--differently in a parish, in a monastery, and in an academic setting. But the various ways of approaching Scripture should not be cordoned off from one another. This volume is an ideal textbook for in-depth study of one of the most important topics in modern theology.

[The Puritan Hope: Revival and the Interpretation of Prophecy](#) Cambridge University Press

What Does the Bible Teach about How to Live in Today's World? How should Christians live when the surrounding culture is increasingly hostile to Christian moral values? Granted, the Bible is our guide—but how can we know if we are interpreting it rightly with regard to ethical questions about wealth and poverty, marriage and divorce, birth control, abortion, euthanasia, homosexuality, ethical business practices, environmental stewardship, and dozens of other issues? And on a very practical level, how can we know God's will in the ordinary decisions of life? To address questions like these, Wayne Grudem, author of the bestselling book Systematic Theology, draws on 40 years of teaching classes in ethics to write this wide-ranging introduction to biblical moral reasoning, organized according to the structure of the Ten Commandments. He issues a challenging call for Christians to live lives of personal holiness and offers a vision of the Christian life that is full of joy and blessing through living each day in a way that is pleasing to God. Written by Wayne Grudem: Bestselling author of Systematic Theology and the What the Bible Says About series Biblical and Applicable: Teaches readers how to protect 7 central tenets of God's law: God's honor, human authority, life, marriage, property, truth, and purity of heart Accessible: An ideal textbook for Christian college and seminary ethics classes, with straightforward language and a bibliography for the topic at the end of each chapter Replaces ISBN 978-1-4335-4965-6

[Historical Theology](#) Zondervan Academic

In this balanced volume, Gregg Allison—an evangelical theologian and church historian—helps readers understand the nuances of Roman Catholic teaching. Walking through the official Catechism of the Catholic Church, Allison summarizes and assesses Catholic doctrine from the perspective of both Scripture and evangelical theology. Noting prominent similarities without glossing over key differences, this book will equip Christians on both sides of the ecclesiastical divide to fruitfully engage in honest dialogue with one another.

**Historical Theology** Kregel Academic

This new edition of Systematic Theology by Wayne Grudem is one of the most important resources for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, Systematic Theology has been thoroughly revised and expanded for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. With nearly 250 pages of new content and revisions, this new edition now includes the following distinctive features: Updated analysis of recent controversies within evangelical theology, including the eternal relationship between the Father and the Son in the Trinity, the role of women in the church, miraculous gifts of the Holy Spirit, and contemporary worship music. New discussion and critiques of recent theological controversies situated outside of traditional evangelical theology, such as open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming. Completely revised chapter on the clarity of Scripture. Completely revised chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth. New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels. Additional material explaining evangelical Protestant differences with Roman Catholicism, Protestant liberalism, and Mormonism. Completely updated bibliographies. All Scripture quotations updated from RSV to ESV. Updated section on contemporary worship music. Numerous other updates and corrections. Part of the brilliance of Systematic Theology has been its simplicity and ease of use. Each chapter follows the same structure: discussion of the doctrine being considered, an explanation of that doctrine's biblical support and possible objections, followed by personal application and key terms to know for personal growth. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you think theology is hard to understand or boring, then this new edition of Systematic Theology will change your mind.

**Historical Theology: An Introduction** Ignatius Press

This text helps students acquire a basic theological literacy in key persons and events of the Bible and the Christian faith, and in Christianity's encounter with culture at large. Historically arranged, it also addresses five major themes of systematic theology: revelation, God, creation, Jesus, and church.

**Text-book of the History of Doctrines** Createspace Independent Pub

This book is designed to introduce the foundation of early Christian theology and its relation to modern apologetics. It is not an in-depth study of systematic theology nor does it take into account the institutional developments, but it seeks to disclose the origins of Christian theology?the source of authority for the early church?Scripture.Understanding specific developments of church history is an important aspect to the study of historical theology. Historical theology evaluates historical events and situations where various theological ideas were developed and formulated.

*Systematic Theology* Walter de Gruyter GmbH & Co KG

Originally published in 1949 and then revised in 1979, this comprehensive introduction to systematic theology has well served countless students and pastors for more than half a century. In this paperback edition it will continue to instruct serious students of the Bible and theology. Following two introductory chapters delineating the nature, necessity, possibility, and divisions of theology, Henry Clarence Thiessen systematically address a wide range of subjects in eight major sections -- Theism, Bibliology, Theology, Anthropology, Soteriology, Ecclesiology, Angelology, and Eschatology. Also included are two specialized indexes for further study -- an Index of Subjects and an Index of Scriptural References that includes over 4,000 entries.

**Physico-theology** Crossway

This broad-ranging collection of the primary sources that have shaped the theology of Christianity, spans Old Testament to modern writings. This historical theology textbook includes informative introductions and guiding questions from the author.

[Pascal and Theology](#) Routledge

This classic one-volume reference work is now substantially expanded and revised to focus on a variety of theological themes, thinkers and movements. From African Christian Theology to Zionism, this volume of historical and systematic theology offers a wealth of information and insight for students, pastors and all thoughtful Christians.

**Lectures in Systematic Theology** Wipf and Stock Publishers

Freshly updated for this second edition with considerable new material, this authoritative introduction to the history of Christian theology covers its development from the beginnings of the Patristic period just decades after Jesus's ministry, through to contemporary theological trends. A substantially updated new edition of this popular textbook exploring the entire history of Christian thought, written by the bestselling author and internationally-renowned theologian Features additional coverage of orthodox theology, the Holy Spirit, and medieval mysticism, alongside new sections on liberation, feminist, and Latino theologies, and on the global spread of Christianity Accessibly structured into four sections covering the Patristic period, the Middle Ages and Renaissance, the reformation and post-reformation eras, and the modern period spanning 1750 to the present day, addressing the key issues and people in each Includes case studies and primary readings at the end of each section, alongside comprehensive glossaries of key theologians, developments, and terminology Supported by additional resources available on publication at [www.wiley.com/go/mcgrath](http://www.wiley.com/go/mcgrath)

*Justification by Faith* Wipf and Stock Publishers

"The Gospel of John, one of the most enigmatic writings of the early Christian movement, has continued to produce sophisticated scholarly analyses of its literary form, its relationship to the Jesus of history, and its fundamental theological claims. Drawing on contemporary Johannine scholarship this study explores how the gospel weaves into a dramatic narrative a process of serious reflection on a fundamental question of religious epistemology, how one can possibly come to a knowledge of a mysterious God through a special human witness"--

**A Historical Theology of Worship** Lulu.com

Introduces the reader to the views of the most outstanding theologians in the history of Christianity. The book's three sections deal with Patristic Theology, Medieval and Reformation Theology, and Modern Theology.

[The Historical Jesus](#) Zondervan Academic

Why does the church worship as it does? Worship is central to the life and vocation of the church. Yet the church's understanding of worship is more often connected to practicalities and a congregation's likes or dislikes. This book seeks to take the reader beyond the practical; to explore where God is in worship and the impact worship should have on the life of the church. Through a historical narrative of the evolution of worship in a British Free Church (the United Reformed Church and its antecedents, the Congregational Church in England and Wales and the Presbyterian Church of England), freedom, order, and participation are identified as the key elements of worship. Investigation into their interrelationship develops a theology of worship that is applicable not only to churches of the Free Church tradition in Britain, but potentially to the universal church.

[God Interrupts History](#) John Wiley & Sons

In Historical Theology for the Church, editors Jason Duesing and Nathan Finn bring together top contributors to survey key doctrinal developments in every era of church history. They not only trace the development of various doctrines within historical congregations; they also provide a resource for contemporary congregations. Steered by the conviction that historical theology serves the church both local and global, each chapter concludes with an application section that clarifies the connection between the historical doctrine being covered and the Christian church today.
