This book contains proven steps and strategies on how to enjoy endless streams of passive income online. The holy grail of personal finance is the creation of genuine and recurring passive income. Not all passive income are created equally. Some streams of passive income require much more initial effort to get it off the ground, like creating an app, or building a site. Understand that everything passive must first take active energy; active effort and input. The time to put in the effort is at the early stage of the business; when it's been set up. But once you begin it's very difficult not to gain both speed and direction, and after that you can continue to earn limitlessly. The goal is to make the initial effort to create streams of income that will keep rolling in even if we do nothing at all; passive income that could later totally replace your day job. As always, the interwoven relationship between money, time and freedom of choice is greatly displayed in passive income generation. With passive income you have the sexy opportunity of making more money without any severe increase in your

workload and you eventually enjoy free time to do what you want to, instead of what you have to. In this book you will learn: What Passive Income Is Not What Online Business Entails Benefits of Passive Income Web Marketing Maximizing Business Platforms Dealing in Creatives Rendering of Services *Passive Income Ideas* Createspace Independent Publishing Platform Did you know you can actually make money online? yeah that's right, and all you need is a computer or phone with internet access. So in this book, I'm going to show you 10 websites where you can actual start making some side cash or if you are really serious, some good Money! isn't that amazing! On some of these websites you can actually make as much as a 100 dollars a day or even more, and the best part is, you don't have to quit your 9 - 5 job, you can make this money, working in your free time. On the internet, there are two distinct ways of making money. The first way is active income. With active income, its like your normal 9 -5 job. You only get paid for the work you do. If you do not work, you don't make money, as simple as that. The second way is through passive income. This is my favorite method because, with active income, all you do is put in the work once, and the money in theory should keep rolling in, without you having to do any more work other then maybe promoting what you have made, or in some cases what other people have made.
