“An emotional trip down memory lane for those of us who count our favorite restaurants as cherished personalities and members of our family.” —Danny Meyer, founder of Shake Shack From romantic spots like Le Bernardin to beloved holes-in-the-wall like Corner Bistro, John Donohue renders people’s favorite restaurants in a manner that captures the emotional pull a certain place can have on the hearts of New Yorkers. All the Restaurants in New York is a collection of these drawings, characterized by their appealingly loose and gently distorted lines. These transportive images are intentionally spare, leaving the viewer room to layer on their own meaning and draw connections to their own memories of a place, of a time, of an atmosphere. Featuring an eclectic mix of 100 restaurants—from Minetta Tavern to Frankies 457 and River Café—this charming collection of drawings is accompanied by interviews with the owners, chefs, and loyal patrons of

these much-loved restaurants. “I love John’s spare, romantic, quirky portrayals of iconic New York restaurants so much that I purchased over a dozen of his prints to hang around my office. These places come to define our lives in New York—that job right next to Balthazar, that boyfriend who lived above Prune, that interview that took place at ‘21’ . . . They deserve this spotlight, this tribute.” —Amanda Kludt, Editor in Chief, Eater “John Donohue is the Rembrandt of New York City’s restaurant facades. His collection is an invaluable, evocative guide to the ever-changing, slowly vanishing landscape of the city’s great dining scene. It belongs on the bookshelf of every devout chowhound and fresser.” —Adam Platt, Restaurant Critic, New York magazine

The New York Times Book Review Editor’s Choice The flâneur is the quintessentially masculine figure of privilege and leisure who strides the capitals of the world with abandon. But it is the flâneuse who captures the imagination of the cultural critic Lauren Elkin. In her wonderfully gender-bending new book, the flâneuse is a “determined, resourceful individual keenly attuned to the creative potential of the city and the liberating possibilities of a good walk.” Virginia Woolf

called it “street haunting”; Holly Golightly epitomized it in Breakfast at Tiffany’s; and Patti Smith did it in her own inimitable style in 1970s New York. Part cultural meander, part memoir, Flâneuse takes us on a distinctly cosmopolitan jaunt that begins in New York, where Elkin grew up, and transports us to Paris via Venice, Tokyo, and London, all cities in which she’s lived. We are shown the paths beaten by such flâneuses as the cross-dressing nineteenth-century novelist George Sand, the Parisian artist Sophie Calle, the wartime correspondent Martha Gellhorn, and the writer Jean Rhys. With tenacity and insight, Elkin creates a mosaic of what urban settings have meant to women, charting through literature, art, history, and film the sometimes exhilarating, sometimes fraught relationship that women have with the metropolis. Called “deliciously spiky and seditious” by The Guardian, Flâneuse will inspire you to light out for the great cities yourself.

Paris, 1939. Young, ambitious, and tempestuous, Odile Souchet has it all: Paul, her handsome police officer beau; Margaret, her best friend from England; Remy, her twin brother who she adores; and a dream job at the American Library in Paris, working alongside the library's legendary director, Dorothy Reeder. When World War II breaks out, Odile stands to lose everything she holds dear—including her beloved library. After the Nazi army marches into the City of Light and declares a war on words, Odile and her fellow librarians join the Resistance with the best weapons they have: books. Again and again, they risk their lives to help their fellow Jewish readers, but by war's end, Odile tastes the bitter sting of unspeakable betrayal. Montana, 1983. Odile's solitary existence in gossipy small-town Montana is unexpectedly interrupted by her neighbor Lily, a lonely teenager craving adventure. As Lily uncovers more about Odile's mysterious past, they find they share not only a love of language but also the same lethal jealousy. Based on the true story of the American Library in Paris, *The Paris Library* is a mesmerizing and captivating novel about the people and the books that make us who we are, for good and for bad, and the courage it takes to forgive.

A Novel A&C Black

In this luminous portrait of Paris, the celebrated historian gives us the history, culture, disasters, and triumphs of one of the world's truly great cities. While Paris may be many things, it is never boring. From the rise of Philippe Auguste through the reigns of Henry IV and Louis XIV (who abandoned Paris for Versailles); Napoleon's rise and fall; Baron Haussmann's rebuilding of Paris (at the cost of much of the medieval city); the Belle Epoque and the Great War that brought it to an end; the Nazi Occupation, the Liberation, and the postwar period dominated by de Gaulle--Horne brings the city's highs and lows, savagery and sophistication, and heroes and villains splendidly to life. With a keen eye for the telling anecdote and pivotal moment, he portrays an array of vivid incidents to show us how Paris endures through each age, is altered but always emerges more brilliant and beautiful than ever. The Seven Ages of Paris is a great historian's tribute to a city he loves and has spent a lifetime learning to know. "Knowledgeable and colorful, written with gusto and love.... [An] ambitious and skillful narrative that covers the history of Paris with considerable brio and fervor." —LOS ANGELES TIMES BOOK REVIEW

A Walk Through Paris ParisPortrait of a City

In this wonderfully readable book, Alistair Horne tells the huge and romantic story of Paris through seven ages of turmoil and change: the Middle Ages, the 100 years war, the Paris of Louis XIV, the age of Napoleon, the Commune, the Empire days of Louis-Napoleon and Eugenie, and the First World War and De Gaulle. Interweaving historical narrative with telling detail, this is a fluent and

definitive work of social and cultural history. 'The best book I have read on Paris in a long time' Gregor Dallas, BBC History Books of the Year 'Reading Seven Ages of Paris is like taking an exciting trip in a French balloon' Antonia Fraser, New Statesman Books of the Year 'Provides not only a panorama of the capital, but also a well-crafted history of France with a nice balance between broad overviews and engaging episodes and details' Jonathan Fenby, The Times

Why are we drawn to certain cities? Perhaps because of a story read in childhood. Or a chance teenage meeting. Or maybe simply because the place touches us, embodying in its tribes, towers and history an aspect of our understanding of what it means to be human. Paris is about romantic love. Lourdes equates with devotion. New York means energy. London is forever trendy. Berlin is all about volatility. Berlin is a city of fragments and ghosts, a laboratory of ideas, the fount of both the brightest and darkest designs of history's most bloody century. The once arrogant capital of Europe was devastated by Allied bombs, divided by the Wall, then reunited and reborn as one of the creative centers of the world. Today it resonates with the echo of lives lived, dreams realized, and evils executed with shocking intensity. No other city has repeatedly been so powerful and fallen so low; few other cities have been so shaped and defined by individual imaginations. Berlin tells the volatile history of Europe's capital over five centuries through a series of intimate portraits of two dozen key residents: the medieval balladeer whose suffering explains the Nazis' rise to power; the demonic and charismatic dictators who schemed to dominate Europe; the genius Jewish chemist who invented poison gas for First World War battlefields and then the death camps; the iconic mythmakers like Christopher Isherwood, Leni Riefenstahl, and David Bowie, whose heated visions are now as real as the city's bricks and mortar. Alongside them are portrayed some of the countless ordinary Berliners who one has never heard of, whose lives can only be imagined: the Scottish mercenary who fought in the Thirty Years' War, the ambitious prostitute who refashioned herself as a baroness, the fearful Communist Party functionary who helped to build the Wall, and the American spy from the Midwest whose patriotism may have turned the course of the Cold War. Berlin is a history book like no other, with an originality that reflects the nature of the city itself. In its architecture, through its literature, in its movies and songs, Berliners have conjured their hard capital into a place of fantastic human fantasy. No other city has so often surrendered itself to its own seductive myths. No other city has been so shaped and defined by individual imaginations. Berlin captures, portrays, and propagates the remarkable story of those myths and their makers.

Seven Ages of Paris Monaco

Paris is a city built on two millennia of history. This title leads us through what Goethe described as 'universal city where every step upon a bridge or a square recalls a great past, where a fragment of history is unrolled at the corner of every street'. It recounts this history in photographs, from Daguerre's incunabula to the recent images.

Paris Phaidon Incorporated Limited

From the New York Times bestselling author of *My Paris Kitchen* and *L'Appart*, a deliciously funny, offbeat, and irreverent look at the city of lights, cheese, chocolate, and other confections. Like so many others, David Lebovitz dreamed about living in Paris ever since he first visited the city and after a nearly two-decade career as a pastry chef and cookbook author, he finally moved to Paris to start a new life. Having crammed all his worldly belongings into three suitcases, he arrived, hopes high, at his new apartment in the lively Bastille neighborhood. But he soon discovered it's a different world in France. From learning the ironclad rules of social conduct to the mysteries of men's footwear, from shopkeepers who work so hard not to sell you anything to the etiquette of working the right way around the cheese plate, here is David's story of how he came to fall in love with—and even understand—this glorious, yet sometimes maddening, city. When did he realize he had morphed into un *vrai parisien*? It might have been when he found himself considering a purchase of men's dress socks with cartoon characters on them. Or perhaps the time he went to a bank with 135 euros in hand to make a 134-euro payment, was told the bank had no change that day, and thought it was completely normal. Or when he found himself dressing up to take out the garbage because he had come to accept that in Paris appearances and image mean everything. Once you stop laughing, the more than fifty original recipes, for dishes both savory and sweet, such as Pork Loin with Brown Sugar-Bourbon Glaze, Braised Turkey in Beaujolais Nouveau with Prunes, Bacon and Bleu Cheese Cake, Chocolate-Coconut Marshmallows, Chocolate Spice Bread,

Lemon-Glazed Madeleines, and Mocha-Crème Fraîche Cake, will have you running to the kitchen for your own taste of Parisian living.

San Francisco, Portrait of a City: 1940-1960 Chronicle Books

A lens on the city of lights: A photographic tribute to a capital of romance Described by Goethe as “universal city where every step upon a bridge or a square recalls a great past, where a fragment of history is unrolled at the corner of every street”, Paris is as rich in its two millennia of history as it is in its beauty, its romance, and its art. It was on the banks of the Seine that Niépce and Daguerre officially gave birth to the new art of photography, and in this evocative tapestry of images, Paris: Portrait of a City leads us through the city's photographic, as well as its cultural, architectural and civic history. Now in a popular Reader's Edition, the book features some 500 pictures, bringing together past and present, the monumental and the everyday, faces and vistas. Images captured by the most illustrious photographers—Daguerre, Marville, Atget, Lartigue, Brassai, Kertész, Ronis, Doisneau, Cartier-Bresson, sit alongside unknown photographers whose work somehow bottles a little of that “Parisian air,” in all its sensuality, its poetry and its light. The German Historical School Forever

A New York Times bestseller and a "Best Thriller of the Year" Winner of the Goncourt Prize and now an international phenomenon, this dizzying, whip-smart novel blends crime, fantasy, sci-fi, and thriller as it plumbs the mysteries surrounding a Paris-New York flight. Who would we be if we had made different choices? Told that secret, left that relationship, written that book? We all wonder—the passengers of Air France 006 will find out. In their own way, they were all living double lives when they boarded the plane: Blake, a respectable family man who works as a contract killer. Slimboy, a Nigerian pop star who uses his womanizing image to hide that he's gay. Joanna, a Black American lawyer pressured to play the good old boys' game to succeed with her Big Pharma client. Victor Miesel, a critically acclaimed yet largely obscure writer suddenly on the precipice of global fame. About to start their descent to JFK, they hit a shockingly violent patch of turbulence, emerging on the other side to a reality both perfectly familiar and utterly strange. As it charts the fallout of this logic-defying event, *The Anomaly* takes us on a journey from Lagos and Mumbai to the White House and a top-secret hangar. In Hervé Le Tellier's most ambitious work yet, high literature follows the lead of a bingeable Netflix series, drawing on the best of genre fiction from “chick lit” to mystery, while also playfully critiquing their hallmarks. An ingenious, timely variation on the *doppelgänger* theme, it taps into the parts of ourselves that elude us most.

With a landmark around every corner and a picture perfect view atop every hill, San Francisco might be the world's most picturesque city. And yet, the Golden City is so much more than postcard vistas. It's a town alive with history, culture, and a palpable sense of grandeur best captured by a man known as San Francisco's Brassai. Walking the city's foggy streets, the fourth-generation San Franciscan captures the local's view in dramatic black-and-white photos— from fog-drenched mornings in North Beach and cable cars on Market Street to moody night shots of Coit Tower and the twists and turns of Lombard Street. In San Francisco, *Portrait of a City 1940-1960*, Fred Lyon captures the iconic landscapes and one-of-a-kind personalities that transformed the city by the bay into a legend. Lyon's anecdotes and personal remembrances, including sly portraits of San Francisco characters such as writer Herb Caen, painters Richard Diebenkorn and Jean Varda, and madame and former mayor of Sausalito Sally Stanford add an artist's first-hand view to this portrait of a classic American city.

The Story of a Murderer Univ of California Press

Paris has always enjoyed a reputation as a city at the forefront of architecture and urban planning. Its faubourgs and its boulevards, its palaces and hotels, its towers and arches and its notorious glass Pyramid, are the public face of what is perhaps the most imposing city in the world. Over the decades, photographers and artists have amassed hundreds of images of the city and its buildings.

Matthew Weinreb's extraordinary photography, however, provides a refreshingly different approach, throwing a new and startling light on even the most familiar sites. Through elaborate sequences, astonishing angles and intriguing details, this volume is a powerful celebration of the buildings and their features. Punctuated by anecdotal essays from centuries of Parisian architectural history, it creates a stunning visual essay.

The Paris Years of Jacqueline Bouvier Kennedy, Susan Sontag, and Angela Davis Taschen America Llc

In *Women and the Everyday City*, Jessica Ellen Sewell explores the lives of women in turn-of-the-century San Francisco. A period of transformation of both gender roles and American cities, she shows how changes in the city affected women's ability to negotiate shifting gender norms as well

as how women's increasing use of the city played a critical role in the campaign for women's suffrage. Focusing on women's everyday use of streetcars, shops, restaurants, and theaters, Sewell reveals the impact of women on these public places-what women did there, which women went there, and how these places were changed in response to women's presence. Using the diaries of three women in San Francisco-Annie Haskell, Ella Lees Leigh, and Mary Eugenia Pierce, who wrote extensively on their everyday experiences-Sewell studies their accounts of day trips to the city and combines them with memoirs, newspapers, maps, photographs, and her own observations of the buildings that exist today to build a sense of life in San Francisco at this pivotal point in history. Working at the nexus of urban history, architectural history, and cultural geography, *Women and the Everyday City* offers a revealing portrait of both a major American city during its early years and the women who shaped it-and the country-for generations to come.
