Death Takes a Holiday Samuel French, Inc. Economics has often been described as "the dismal science," with TV and movies reinforcing this description. However, economics is a powerful tool that can be used to understand how the world works, helping to answer confusing puzzles and solve the world's problems. Surprisingly, Broadway musicals are an excellent way to show this. Musicals tell engaging stories through song and many are rich with economic concepts. This book analyzes 161 songs from 90 musicals to explore what they can teach us about supply and demand, monetary policy and numerous other core economic concepts. While some songs have an obvious connection to

economics, other connections may seem less apparent. When you hear "Let it Go" from *Frozen*, does your mind think about a firm's production decisions? After reading this book, it will. Whether showing how *Hamilton* can illustrate concepts of central banking, or how "Stars" from *Les Miserables* provides a perfect example of inelastic demand, the author presents complicated topics in an understandable and entertaining way. Featuring classic songs from some of the most popular shows ever produced, along with some hidden gems, *Broadway and Economics* will be of interest to anybody studying an introductory economics course as well as theatre aficionados.

Dames at Sea Samuel French, Inc. Actor and theatre aficionado Ron Fassler recalls his upbringing on Broadway, in conversation with Harold Prince, Stephen

Sondheim, Bette Midler, Sheldon Harnick, James Earl Jones, Austin Pendleton, Ken Howard, Hal Linden, Stacy Keach, Jane Alexander and Mike Nichols among many others.

The Golden Apple Oxford University Press
A romantic comedy on midlife relationships and a pet dog.

High Fidelity Samuel French, Inc.

"In Death Takes a Holiday, it's just after World War I and the loneliest of souls arrives at an Italian villa disguised as a handsome young Prince, and for the first time experiences the joys and heartbreaks of life. The show began as an Alberto Casella play from the 1920s that was made into a much-loved 1934 film. The original film was remade in 1998 as Meet Joe Black."--Page 4 of cover.

Ruthless! Samuel French, Inc.

The first autobiography of a jazz musician, Louis Armstrong's *Swing That Music* is a milestone in jazz literature. Armstrong wrote most of the biographical material, which is of a different nature and scope than that of his other, later autobiography, *Satchmo: My Life in New Orleans* (also published by Da Capo/Perseus Books Group). *Satchmo* covers in intimate detail Armstrong's life until his 1922 move to Chicago; but *Swing That Music* also covers his days on Chicago's South Side with

"King" Oliver, his courtship and marriage to Lil Hardin, his 1929 move to New York, the formation of his own band, his European tours, and his international success. One of the most earnest justifications ever written for the new style of music then called "swing" but more broadly referred to as "Jazz," *Swing That Music* is a biography, a history, and an entertainment that really "swings." **Dames at Sea** Dramatic Publishing
Giving each of Stephen Sondheim's musicals its own chapter, Ethan Mordden applies fresh insights and analysis to consider Sondheim's place in modern art, addressing the newcomer and the aficionado alike.

Save Me a Place at Forest Lawn Simon and Schuster

At turns funny and powerful, *MOTHERS AND SONS* portrays a woman who pays an unexpected visit to the New York apartment of her late son's partner, who is now married to another man and has a young son. Challenged to face how society has changed around her, generations collide as she revisits the past and begins to see the life her son might have led.

The riotous tale of mistaken identities and unexpected romance explodes in this brand new musical comedy based on the Tony award nominated play. It's 1934 and Opera virtuoso Tito Merelli is about to revive *Otello* for the ten-year anniversary of the Cleveland Grand Opera Company. When Tito becomes unexpectedly incapacitated, a suitable replacement must be found. Max, the Opera Director's sheepish assistant, is charged with the daunting task of finding a suitable replacement. Who is cavalier enough to replace him? With the help of a menacing soprano, a tenor-struck ingenue, a jealous wife, and the Cleveland Police department, mayhem, lunacy and sheer panic ensue,

but in the end the show must always go on."

Broadway and Economics Crown

... both fresh and informed, as well as a pleasure to read. --Film Quarterly Since 1982, when this book first appeared, the Hollywood musical has undergone a rebirth, with the rise of teen musicals such as *Dirty Dancing* and *Flashdance*. In a chapter written especially for this second edition of her well-known study, Jane Feuer shows how this new development in the genre relates to important changes in the cinema audience itself. It is the text for the study of Hollywood musicals.

Main-travelled Roads Samuel French, Inc.
 SAVE ME A PLACE AT FOREST LAWN is a small but perceptive slice of the lives of two old women, Clara and Gertrude, as they lunch at a cafeteria and face the uncertain interval of life still remaining. Tired, lonely, and weary of it all, they meet daily to discuss their grandchildren, to recall their early life, and to contemplate death, which lurks outside the cafeteria. Yet theirs is a resignation touched with wisdom and humor. When one of the ladies reveals that she had an affair with the other's husband many years before, her friend concedes very casually that she

had known about it all along. At the time she had concluded that no great harm would come of it and, besides, it seemed better to protect the friendship which might, in later years, relieve their final, mutual loneliness. -- Dramatists Play Service.
