Ali Greenleaf's story is complex and beautifully told; full of fury, heartbreak, and hope. --Kathleen Glasgow, New York Times bestselling author of *Girl in Pieces* and *How to Make Friends With the Dark* Ali Greenleaf and Blythe Jensen couldn't be more different. Ali is sweet, biting funny, and just a little naive. Blythe is beautiful, terrifying, and the most popular girl in school. They've never even talked to each other, until a party when Ali decides she'll finally make her move on Sean Nessel, her longtime crush and the soccer team's superstar. But Sean pushes

Ali farther than she wants to go. When she resists--he rapes her. Blythe sees Ali when she runs from the party, everyone sees her. And Blythe knows something happened with Sean; she knows how he treats girls. Even so, she's his best friend, his confidant. When he tells her it was a misunderstanding, she decides to help him make things right. So Blythe befriends Ali, bringing her into a circle of ruthless popular girls, and sharing her own dark secrets. Despite the betrayal at the heart of their relationship, they see each other, in a way no one ever has before. In her searing, empowering debut novel, Hayley Krischer tells the story of what happened that night, and how it shaped Ali and Blythe forever. Both girls are survivors in their own ways, and while their friendship might not be built to last, it's one that empowers each of them to find justice on their own terms.

Created around the world and available only on the Web, internet "television" series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically financed through online crowd-funding, they are produced with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. The second in a first-ever set of books cataloging Internet television series, this volume covers in depth the drama and mystery genres, with detailed entries on 405 shows from 1996 through July 2014. In addition to casts, credits and story lines, each entry provides a website, commentary and episode descriptions. Index of performers and personnel are included. Helping Children with Attachment Issues to Understand Their Feelings Penguin

Dive into centuries of mermaid lore with these captivating tales from around the world. A Penguin Classic Among the oldest and most popular mythical beings, mermaids and other merfolk have captured the imagination since long before Ariel sold her voice to a sea witch in the beloved Disney film adaptation of Hans Christian Andersen's "The Little Mermaid." As far back as the eighth century B.C., sailors in Homer's *Odyssey* stuffed wax in their ears to resist the Sirens, who lured men to their watery deaths with song. More than two thousand years later, the gullible New York public lined up to witness a mummified "mermaid" specimen that the enterprising showman P. T. Barnum swore was real. The Penguin Book of Mermaids is a treasury of such tales about merfolk and water spirits from different cultures, ranging from Scottish selkies to Hindu water-serpents to Chilean sea fairies. A third of the selections are published here in English for the first time, and all are accompanied by commentary that explores their undercurrents, showing us how public perceptions of this popular mythical hybrid--at once a human and a fish--illuminate issues of gender, spirituality, ecology, and sexuality.

In the first novel of the Dream Trilogy, Nora Roberts begins the story of three women who shared a home and a childhood—but grew to fulfill their own unique destinies... Margo, Kate and Laura were brought up like sisters amidst the peerless grandeur of Templeton House. But it was Margo whose dreams first took her far away . . . Margo Sullivan had everything a young woman could ask for. But while growing up along the rocky cliffs of Monterey, she couldn't help but dream of bigger things. The daughter of the Templeton's stern Irish housekeeper, Margo had been treated like

a member of the family. Deep down, she knew that money could not buy the thing she craved most—her mother's acceptance. Maybe things would be different if she could be sweet like Laura—or had Kate's shrewd head for business. But all Margo knew how to do was be Margo, and that meant doing things her own way—no matter what the consequences . . .

Ali Baba to Zombies Candlewick Press (MA)

A heartfelt middle-grade novel about a theater-loving girl who uses a wheelchair for mobility and her quest to defy expectations—and gravity—from Tony award-winning actress Ali Stroker and Stacy Davidowitz Thirteen-year-old Nat Beacon loves a lot of things: her dog Warbucks, her best friend Chloe, and competing on her wheelchair racing team, the Zoomers, to name a few. But there's one thing she's absolutely OBSESSED with: MUSICALS! From Hamilton to Les Mis, there's not a cast album she hasn't memorized and belted along to. She's never actually been in a musical though, or even seen an actor who uses a wheelchair for mobility on stage. Would someone like Nat ever get cast? But when Nat's family moves from California to New Jersey, Nat stumbles upon auditions for a kids' production of Wicked, one of her favorite musicals ever! And she gets into the ensemble! The other cast members are super cool and inclusive (well, most of them)— especially Malik, the male lead and cutest boy Nat's ever seen. But when things go awry a week before opening night, will Nat be able to cast her fears and insecurities aside and "Defy Gravity" in every sense of the song title?

Merfolk of the World FriesenPress

Mariana the Mermaid is not like the other mermaids. Abandoned

by a careless mother on the ocean floor, she has never laughed or played, and can barely even swim. She feels useless. Then she meets Muriel the Turtle, who welcomes her into her family and teaches her to sing her own mighty song, making her feel confident and ready to join in with the other mermaids. Written for children aged 4+, this picture book uses a simple metaphor to show how children who have experienced neglect or who lack confidence can learn to find a sense of self-worth. It will help children explore their feelings and encourage communication.
