The Northern Ireland Experience of Conflict and Agreement presents a salutary warning to the international community against the fashionable view that there is an 'Irish model' which can be exported to cauterise ethnic troubles around the globe. The book draws on extensive archive

research in London and Dublin on the 1970s power-sharing experiment, and on interviews with senior officials and political figures from the two capitals—as well as reconciliation practitioners—about the negotiation and chequered implementation of the Belfast agreement. It shows how stereotyped conceptions of the problem as a product of 'ancient hatreds', allied to solutions based on Realpolitik, have failed to transform Northern Ireland from a fragile peace, following the exhaustion of protracted paramilitary campaigns, to genuine reconciliation. The book concludes with practical proposals for constitutional reforms which would favour genuine power-sharing—rather than merely sharing power out—and set Northern Ireland on the road to the 'normal', civic society its long-suffering residents desire. It will be essential reading not only for academics and postgraduates interested in ethnic conflict but also for policy-makers who confront it in practice.

'When the house of history is on fire, journalists are often the first-responders, pulling victims away from the flames. Deep Halder is one of them.' - Amitava Kumar
 In 1978, around 1.5 lakh Hindu refugees, mostly belonging to the lower castes, settled in Marichjhapi an island in the Sundarbans, in West Bengal. By May 1979, the island was cleared of all refugees by Jyoti Basu's Left Front government. Most of the refugees were sent back to the central India camps they came from, but there were many deaths: of diseases, malnutrition resulting from an economic blockade, as well as from violence unleashed by the police on the orders of the government. Some of the refugees who survived Marichjhapi say the number of those who lost their lives could be as high as 10,000, while the then government officials maintain that there were less than ten victims. How does an entire island population disappear? How does one unearth the truth and the details of one of the worst atrocities of post-Independent

India? Journalist Deep Halder reconstructs the buried history of the 1979 massacres through his interviews with survivors, erstwhile reporters, government officials and activists with a rare combination of courage, conscientiousness and empathy.
