"Our fourth streamlined edition arrives in the midst of some of the most dramatic upheavals ever witnessed, both in the economy generally and in higher education in particular. The COVID-19 pandemic has produced levels of unemployment not seen since the Great Depression and has

created dramatic changes in the ways we teach across educational institutions at every level. These developments have reinforced our confidence in the instructional philosophy that motivated us to produce our first edition"--

Microeconomics, Brief  
Edition comes from the  
same author team as the  
market-leading Principles

the 18th edition,  
Microeconomics, Brief

and promote a lasting

Brief Edition is a  
derivative of  
Microeconomics 18e, is  
not a cut-and-paste book  
that simply eliminates  
several chapters of  
Economics 18e and  
reorders and renumbers  
the retained content.  
Instead, Microeconomics,  
Brief Edition is a very  
concise, highly integrated  
economics textbook that  
is distinct in purpose,  
style, and coverage from  
Microeconomics 18e.
