On October 24, 1961,  
Massachusetts wife and  
mother Joan Risch  
vanished seemingly into

thin air. Even with her  
children home and  
neighbors nearby, Joan  
disappeared from her  
upscale suburban house,  
never to be heard from  
again. The search that  
followed was one of the  
most intensive  
investigations of its time,  
but detectives were  
unable to identify any

suspects. Using extensive  
police casefiles and  
hundreds of newspaper  
articles written about the  
disappearance, this book  
carefully explores the  
story of Joan Risch and  
the investigation into her  
disappearance. With the  
assistance of a former FBI  
criminal profiler and an LA  
cold case detective, this

book reports previously undisclosed facts from the investigation, including multiple witness statements. Also evaluated are the numerous theories on the disappearance, ultimately revealing a possible explanation of what happened to Joan Risch that fateful October afternoon.
