you to contact OEM for fully configured spare-parts. In case it is not possible to source spare vibration monitor / sensor / proximity probe from OEM, please check documentation to see if you can identify original PCH code and CHF code and send us your request for spares. Original Spare Parts - PCH Engineering PC H Engineering A/S is an ISO 9001 certified Danish production company

developing equipment for the monitoring of vibrations. With more than 20 years of experience in the vibration monitoring industry, we offer a wide range of monitoring solutions for traditional rotating machines such as decanters, blowers, fans, compressors, gearboxes and wind turbines. PCH Engineering A/S - The Vibration Monitoring Specialists PCH Engineering A/S offers a

sound monitor for the stand-alone, local monitoring of noise levels. Use it to monitor the noise level of traffic, airports, discotheques, working areas and other environments subject to noise restrictions. Configure your own alarm levels and let the sound monitor alert you when the noise level is nearing the limit. Permanent Sound Monitors - PCH Engineering A/S PCH Engineering:
