Bonjour! Escargot is a beautiful French snail who wants only two things: 1. To be your favorite animal. 2. To get to the delicious salad at the end of the book. But when he gets to the salad, he discovers that there's a carrot in it. And Escargot hates carrots. But when he finally tries one—with a little help from you!—he discovers that it's not so bad after all! A charming and interactive picture book ideal for picky eaters and animal lovers alike.

"HELP! My Students Can't Write!" Why You Need a Writing Revolution in Your Classroom and How to Lead It. The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong

communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, TWR can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities TWR is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

There is a reason why it's called "writer's block": long writing projects are daunting regardless of whether you are a student writing an essay or a professional who suddenly must access those long-forgotten academic skills to write a report. Our new Writing Tips & Tricks guide contains the information you need to get that project underway in an easy-to-use, color coded format. Use it to improve your writing so your point gets across and your readers take away the main ideas. Diagrams help illustrate key points in the writing process, and often forgotten grammar and mechanics issues are explained with examples.

Using and Creating Graphic Organizers to Grasp Content and Share New Understandings Farrar, Straus and Giroux (BYR)

This classroom resource provides teachers with a strong foundation in the elements of persuasive writing. In the 21st century classroom, the skills and strategies required to effectively evaluate and compose opinions has never been greater. This book discusses why teaching persuasive writing is relevant and beneficial to the target age groups, and includes resources to help grades 6-8 students examine multiple views on a topic and write their own informed, effective opinions and arguments. Persuasive writing provides students with an avenue to examine a topic, develop informed views, express their opinions, and defend their ideas with logical, evidence-based reasoning. This resource takes a unique approach to the topic of teaching persuasive writing with an effective combination of tips, strategies, and resources. With mentor texts, student writing samples, rubrics, lesson plans, and questions to assess professional growth at the end of each section, teachers will learn why persuasive writing is so important in today's classrooms, and how to tackle the challenge of teaching it. This book includes: 21 persuasive writing strategies; 10 lesson plans; student writing samples; mentor texts; anchor charts.

Alex just has to convince his mom to let him have an iguana, so he puts his arguments in writing. He promises that she won't have to feed it or clean its cage or even see it if she doesn't want to. Of course Mom imagines life with a six-foot-long iguana eating them out of house and home. Alex's reassurances: It takes fifteen years for an iguana to get that big. I'll be married by then and probably living in my own house. and his mom's replies: How are you going to get a girl to marry you when you own a giant reptile? will have kids in hysterics as the negotiations go back and forth through notes. And the lively, imaginative illustrations show their polar opposite dreams of life with an iguana.

The New York Times-bestselling story of kindness, friendship, and hope. Trees can't tell jokes, but they can certainly tell stories. . . .

Red is an oak tree who is many rings old. Red is the neighborhood "wishtree"—people write their wishes on pieces of cloth and tie them to Red's branches. Along with a crow named Bongo and other animals who seek refuge in Red's hollows, this wishtree watches over the neighborhood. You might say Red has seen it all. Until a new family moves in. Not everyone is welcoming, and Red's experience as a wishtree is more important than ever. Funny, deep, warm, and nuanced, this is Katherine Applegate at her very best—writing from the heart, and from a completely unexpected point of view. This book has Common Core connections.

"In second grade, children move from a "little-kid" focus on print to a "big-kid" focus on meaning. The first unit, Second-Grade Reading Growth Spurt, teaches children to take charge of their reading, drawing on everything they know to figure out hard words, understand author's craft, and build big ideas about the

books they read. Children learn that books can be their teachers in the second unit, *Becoming Experts: Reading Nonfiction*, in which they learn more about familiar topics and grow understanding of new topics while working on word solving, vocabulary development, and comparing and contrasting information across texts. In the third unit, *Bigger Books Mean Amping Up Reading Power*, children learn strategies to build three foundational reading skills--fluency, understanding figurative language, and comprehension. In the final unit for second grade, *Series Book Clubs*, children work within book clubs to study author's craft to understand ways authors use word choice, figurative language, punctuation, and even patterns to construct a series and evoke feelings in readers"--Pearson.com. *Volume 10 #3* John Wiley & Sons

Jossey-Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts (ELA) curriculum and professional development resources for grades 6–12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and

Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research and write from sources, and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6–12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes: Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.
