Since the publication of New Practical Chinese Reader in 2002, it has been well-received by teachers and learners. For users' convenience, in this new edition we have revised those points we found improper. In contrast to its first edition, the notes of the texts are designed next to each text to facilitate students. We have not revised the framework, especially the texts and the

main language points of the textbook. Users can visit www.blcup.com/resource.blcup.com and download the traditional Chinese version of the texts for free. All the reading materials and illustrations in the workbook are updated. This is the second edition of the Workbook 4, which corresponds to Textbook 4. Each lesson is divided into two parts: 1. Listening and speaking exercises; 2. Reading and writing exercises. Readers are exposed to genuine Chinese materials to improve their integrated skills in listening, speaking, reading and writing. A CD of MP3 file is attached to the book, providing the recording of the listening exercises.

New words are set out here as long as the words used are not in the Extended HSK 2 Vocabulary. •Story – this section is the story in Simplified Chinese without Pinyin and the English translation. To test level of reading skills, you should attempt to read this section first before going to the next. •Pinyin and Translation – this will be the section for Pinyin and English translation. •Appendix – for the benefit of those who need assistance on the HSK 2 and HSK 2 Standard Course vocabularies, I have included them in this section for your reference.
