Elijah - Bible Study Book CF4Kids

A little child wakes up and gets ready for his day by putting on the armor of God. This book is about teaching our kids how important it is to put on God's armor every day because the biggest battles are those we cannot see with our eyes. We are told not to add or take away from scripture, so this story strives to stay as close as possible to the words and message in Ephesians 6 while bringing it to life in a storybook. Parents are encouraged to read the Biblical account of Ephesians 6:10-18 with their children.

The magic of Paint by Sticker Kids continues, combining the fun of coloring and stickers with the creativity of paint by number. The series just keeps growing, with another much-loved nature-themed topic: Bugs! Paint by Sticker Kids:

Beautiful Bugs includes everything kids need to create 10 full-color illustrations of their favorite creepy-crawlies: a firefly, a praying mantis, a ladybug, butterflies, ants, a painted grasshopper, a dragonfly, beetles, a bumblebee, and a weevil.

Simply find the numbered sticker, peel it, and place it in the right space. Add the next, and the next—and watch a dazzling image come to life with color and spirit in the modern “low-poly” style (using geometric polygon shapes). The card-stock pages are perforated so artwork can be easily removed for framing or the fridge. Creating sticker art is as fun and meditative as coloring, and it’s a refreshing shake-up from the usual crayons and markers. Plus, the peel-and-place system allows kids to practice recognizing and learning numbers in an interactive, stress-free way. And it’s a great rainy day or travel activity (no cleanup!) that delivers hands-on fun for less than \$10.

In 1987 Ken Ham wrote what would become a prophetic warning to the Church about the destructive effects of compromise with evolutionary ideas, and how this compromise undermines Scriptural authority and erodes Christian confidence in the infallibility of God’s Word. Today we have Christians not only confused when it comes to Genesis and age of the earth, but even the reality of Hell, Adam as a real person, and Christ’s own words about creation, marriage and more are being debated in the pulpits across the world. In this special revised and updated edition, Ken Ham again takes the lead in pointing out the looming precipice the Church is rushing towards, how evolution and/or millions of years, is driving away young people of the faith, and the biblical solution that can change it!
