This volume introduces readers to regulatory theory. Aimed at practitioners, postgraduate students and those interested in regulation as a cross-cutting theme in the social sciences, *Regulatory Theory* includes chapters on the social-psychological foundations of regulation as well as theories of regulation such as responsive regulation, smart regulation and nodal governance. It explores the key themes of compliance, legal pluralism, meta-regulation, the rule of law, risk, accountability, globalisation and regulatory capitalism. The environment, crime, health, human rights, investment, migration and tax are among the fields of regulation considered in this ground-breaking book. Each chapter introduces the reader to key concepts and ideas and contains suggestions for further reading. The contributors, who either are or have been connected to the Regulatory Institutions Network (RegNet) at The Australian National University, include John Braithwaite, Valerie Braithwaite, Peter Grabosky, Neil Gunningham, Fiona Haines, Terry Halliday, David Levi-Faur, Christine Parker, Colin Scott and Clifford Shearing.

Slavery and the British Country House HarperCollins

The definitive biography of one of the most courageous women in American history "reveals Harriet Tubman to be even more remarkable than her legend" (Newsday). Celebrated for her exploits as a conductor on the Underground Railroad, Harriet Tubman has entered history as one of nineteenth-century America's most enduring and important figures. But just who was this remarkable woman? To John Brown, leader of the Harper's Ferry slave uprising, she was General Tubman. For the many slaves she led north to freedom, she was Moses. To the slaveholders who sought her capture, she was a thief and a trickster. To abolitionists, she was a prophet. Now, in a biography widely praised for its impeccable research and its compelling narrative, Harriet Tubman is revealed for the first time as a singular and complex character, a woman who defied simple categorization. "A thrilling reading experience. It expands outward from Tubman's individual story to give a sweeping, historical vision of slavery." --NPR's Fresh Air

The Jewish Phenomenon Penguin

The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants,

bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

Hal Wallis might not be as well known as David O. Selznick or Samuel Goldwyn, but the films he produced -- *Casablanca*, *Jezebel*, *Now Voyager*, *The Life of Emile Zola*, *Becket*, *True Grit*, and many other classics (as well as scores of Elvis movies) -- have certainly endured. As producer of numerous films, Wallis made an indelible mark on the course of America's film industry, but his contributions are often overlooked and no full-length study has yet assessed his incredible career. A former office boy and salesman, Wallis first engaged with the business of film as the manager of a Los Angeles movie theater in 1922. He attracted the notice of the Warner brothers, who hired him as a publicity assistant. Within three months he was director of the department, and appointments to studio manager and production executive quickly followed. Wallis went on to oversee dozens of productions and formed his own production company in 1944. Bernard F. Dick draws on numerous sources such as Wallis's personal production files and exclusive interviews with many of his contemporaries to finally tell the full story of his illustrious career. Dick combines his knowledge of behind-the-scenes Hollywood with fascinating anecdotes to create a portrait of one of Hollywood's early power players.

Bellamy's debut novel revives the central female character from Bram Stoker's *Dracula* and imagines her as an independent woman living in San Francisco during the 1980s. Hypocrisy's not the problem, I think, it's allegory the breeding ground of paranoia. The act of reading into--how does one know when to stop? KK

says that Dodie has the advantage because she's physical and I'm "only psychic." ... The truth is: everyone is adopted. My true mother wore a turtleneck and a long braid down her back, drove a Karmann Ghia, drank Chianti in dark corners, fucked Gregory Corso ... --Dodie Bellamy, *The Letters of Mina Harker* First published in 1998, Dodie Bellamy's debut novel *The Letters of Mina Harker* sought to resuscitate the central female character from Bram Stoker's *Dracula* and reimagine her as an independent woman living in San Francisco during the 1980s—a woman not unlike Dodie Bellamy. Harker confesses the most intimate details of her relationships with four different men in a series of letters. Vampirizing Mina Harker, Bellamy turns the novel into a laboratory: a series of attempted transmutations between the two women in which the real story occurs in the gaps and the slippages. Lampooning the intellectual theory-speak of that era, Bellamy's narrator fights to inhabit her own sexuality despite feelings of vulnerability and destruction. Stylish but ruthlessly unpretentious, *The Letters of Mina Harker* was Bellamy's first major claim to the literary space she would come to inhabit.

Fans of *Lady Bird* will love this novel about a good girl who dreams herself into a bad boy's room in this lyrically romantic novel that Maggie Stiefvater, author of *The Raven King*, says she read and "woke up satisfied." Waverly Camdenmar spends her nights running until she can't even think. Then the sun comes up, life goes on, and Waverly goes back to her perfectly hateful best friend, her perfectly dull classes, and the tiny, nagging suspicion that there's more to life than student council and GPAs. Marshall Holt is a loser. He drinks on school nights and gets stoned in the park. He is at risk of not graduating, he does not care, he is no one. He is not even close to being in Waverly's world. But then one night Waverly falls asleep and dreams herself into Marshall's bedroom—and when the sun comes up, nothing in her life can ever be the same. In Waverly's dreams, the rules have changed. But in her days, she'll have to decide if it's worth losing everything for a boy who barely exists. "Waverly and Marshall burn brightly . . . both refreshingly flawed as they come into their own. Readers will forgo sleep themselves to witness their vibrant, achingly real story unfold. A brilliant romance." —Kirkus Reviews, Starred "A tightly woven, luminously written novel that captures the uncertain nature of high school and the difficult path of self-discovery." —Booklist, Starred "Yovanoff offers a multilayered exploration of human connections, particularly those that manifest in unpredictable ways." —Publishers Weekly, Starred

Mary Seward thought she had escaped the darkness of Transylvania. But now, back in England, she has terrible nightmares, fears the night, and sees vampires everywhere she turns. When a strange virus weakens her father, Mary suspects that there's a far more sinister explanation for the disease than doctors can provide. Then Mary's worst nightmare comes true: Quincey Harker, heir to Count Dracula's bloodline, appears in England. He declares his eternal love for Mary and claims he has renounced his evil heritage. Is he telling the truth or playing a deadly game?

War has begun. Arin is in the thick of it with untrustworthy new allies and the empire as his enemy. Though he has convinced himself that he no longer loves Kestrel, Arin hasn't forgotten her, or how she became exactly the kind of person he has always despised. She cared more for the empire than she did for the lives of innocent people—and certainly more than she did for him. At least, that's what he thinks. In the frozen north, Kestrel is a prisoner in a brutal work camp. As she searches desperately for a way to escape, she wishes Arin could know what she sacrificed for

him. She wishes she could make the empire pay for what they've done to her. But no one gets what they want just by wishing. As the war intensifies, both Kestrel and Arin discover that the world is changing. The East is pitted against the West, and they are caught in between. With so much to lose, can anybody really win?

Thirty-five years have passed since the death of the Master. But now a new evil walks among the living. . . . When nineteen-year-old John Shaw returns from the trenches of World War I, he is haunted by nightmares—not only of the battlefield, but of the strange, cruel and impossible feats of his regiment's commander, Quincey Harker. Harker's ferocity knows no limits, and his strength is superhuman. At first John blames his bloody nightmares on trench fever. But when Harker appears in England and begins wooing John's sister, John must confront the truth—and stop Harker from continuing Dracula's bloodline.

From the eighteenth-century abolitionist motto "Am I Not a Man and a Brother?" to the Civil Rights-era declaration "I AM a Man," antiracism has engaged in a struggle for the recognition of black humanity. It has done so, however, even as the very definition of the human has been called into question by the biological sciences. While this conflict between liberal humanism and biological materialism animates debates in posthumanism and critical race studies today, Antebellum Posthuman argues that it first emerged as a key question in the antebellum era. In a moment in which the authority of science was increasingly invoked to defend slavery and other racist policies, abolitionist arguments underwent a profound shift, producing a new, materialist strain of antislavery. Engaging the works of Douglass, Thoreau, and Whitman, and Dickinson, Cristin Ellis identifies and traces the emergence of an antislavery materialism in mid-nineteenth century American literature, placing race at the center of the history of posthumanist thought. Turning to contemporary debates now unfolding between posthumanist and critical race theorists, Ellis demonstrates how this antebellum posthumanism highlights the difficulty of reconciling materialist ontologies of the human with the project of social justice.

For fans of *The Maze Runner* and *The Fifth Wave*, this debut YA novel from Hugo Award winner Will McIntosh pits four underprivileged teens against an evil billionaire in the race of a lifetime. No one knows where the brilliant-colored spheres came from. One day they were just there, hidden all over the earth like huge gemstones. Burn a pair and they make you a little better: an inch taller, skilled at math, better-looking. The rarer the sphere, the greater the improvement—and the more expensive the sphere. Sully is a sphere dealer at a flea market. It doesn't pay much—Alex Holliday's stores have muscled out most of the independent sellers—but it helps him and his mom make the rent. When Sully meets Hunter, a girl with a natural talent for finding

spheres, the two start searching together. One day they find a Gold—a color no one has ever seen. There's no question the Gold is priceless, but what does it actually do? None of them is aware of it yet, but the fate of the world rests on this little golden orb. Because all the world fights over the spheres, but no one knows where they come from, what their powers are, or why they're here. PRAISE: "Burning Midnight is for (1) adrenaline junkies and gamers, (2) obsessive collectors, and (3) people who can't get enough of crazy endings. I'm all of these things, and I loved it." —Margaret Stohl, New York Times bestselling author of *Black Widow*: Forever Red and coauthor of the internationally bestselling *Beautiful Creatures* series

The British country house has long been regarded as the jewel in the nation's heritage crown. But the country house is also an expression of wealth and power, and as scholars reconsider the nation's colonial past, new questions are being posed about these great houses and their links to Atlantic slavery. This book, authored by a range of academics and heritage professionals, grew out of a 2009 conference on 'Slavery and the British Country house: mapping the current research' organised by English Heritage in partnership with the University of the West of England, the National Trust and the Economic History Society. It asks what links might be established between the wealth derived from slavery and the British country house and what implications such links should have for the way such properties are represented to the public today. Lavishly illustrated and based on the latest scholarship, this wide-ranging and innovative volume provides in-depth examinations of individual houses, regional studies and critical reconsiderations of existing heritage sites, including two studies specially commissioned by English Heritage and one sponsored by the National Trust.

A witty and sophisticated mystery featuring bestselling author Josephine Tey's popular Inspector Alan Grant, a beloved character created by a woman considered to be one of the greatest mystery writers of all time. Literary sherry parties were not Alan Grant's cup of tea. But when the Scotland Yard Inspector arrived to pick up actress Marta Hallard for dinner, he was struck by the handsome young American photographer, Leslie Searle. Author Lavinia Fitch was sure her guest "must have been something very wicked in ancient Greece," and the art colony at Salcott St. Mary would have agreed. Yet Grant heard nothing more of Searle until the news of his disappearance. Had Searle drowned by accident or could he have been murdered by one of his young women admirers? Was it a possible case of suicide or had the photographer simply vanished for reasons of his own?

World Fantasy Award winner Patricia A. McKillip tells "an enchanting fantasy that is tinged with realism and romance." (*School Library Journal*) Since the day her father's fishing boat returned without him, Peri and her mother have mourned his loss. Her mother sinks into a deep depression and spends her days gazing out at the sea. Unable to control her anger and sadness any longer, Peri uses the small magic she knows to hex the sea. And suddenly into her drab life come the King's sons—changelings with strange ties to the underwater kingdom—a young magician, and, finally, love. "McKillip is a master storyteller; her tale rings true as if it were being told from memory." —Kirkus Reviews, pointer review
