New Manual of Homoeopathic Materia Medica and Repertory with Relationship of Remedies

B. Jain
Publishers

Kent's repertory is one of
the most acceptable
repertories amongst the
homoeopathic fraternity .

Kent's comparative
repertory is a helping
hand for the physicians
and students alike to
overcome the problem of
understanding the exact
meaning of each rubric

and to differentiate
amongst the closely
related ones such as
'abandon and Forsaken'
also the book is a guide
for the selection of 'The
correct remedy' as it
details the differenting
features of each of the
third grade remedy under
the given rubric. This
facilitates the physician at
the clinical level. The book
well elucidates the most
important section of the
Kent's repertory which is
the Mind section.

B. Jain Publishers David S. Riley's interest in the research and subsequently the history and methodology of homeopathic drug provings began with his medical school training in 1979 and a residency in Internal Medicine. He was exposed to homeopathy in 1988 followed by study at the Hahnemann College of Homeopathy in Albany, California. He has investigated the interplay between contemporary

research methods and the research methods associated with homeopathic drug provings. Dr Riley has developed research tools for data collection, symptom selection criteria and blinding; primarily to address the risk of bias. The homeopathic drug provings published here are the result of this work. For the 3rd edition twelve homeopathic drug provings, conducted by a number of internationally renowned proving directors, have been added. These homeopathic drug provings all follow good clinical practice (GCP) research guidelines and incorporate the guidelines suggested by Dr Samuel Hahnemann more than 200 years ago.
