Soulstorm New Directions Publishing

The first novel from award-winning author Gianfranco Calligaris to be published in English, *Last Summer in the City* is a witty and despairing classic of Italian literature. Biting, tragic, and endlessly quotable, this translated edition features an introductory appreciation from longtime fan New York Times bestselling author André Aciman. In a city smothering under the summer sun and an overdose of *la dolce vita*, Leo Gazarra spends his time in an alcoholic haze, bouncing between run-down hotels and the homes of his rich and well-educated friends, without whom he would probably starve. At thirty, he's still drifting: between jobs that mean nothing to him, between human relationships both ephemeral and frayed. Everyone he knows wants to graduate, get married, get rich—but not him. He has no ambitions whatsoever. Rather than toil and spin, isn't it better to submit to the alienation of the Eternal City, Rome, sometimes a cruel and indifferent mistress, sometimes sweet and sublime? There can be no half measures with her, either she's the love of your life or you have to leave her. First discovered by Natalia Ginzburg, *Last Summer in the City* is a forgotten classic of Italian literature, a great novel of a stature similar to that of *The Great Gatsby* or *The Catcher in the Rye*. Gianfranco Calligaris's enduring masterpiece has drawn comparisons to such writers as Truman Capote, Ernest Hemingway, and Jonathan Franzen and is here made available in English for the first time.

King Lear Farrar, Straus and Giroux

"A mystical mediation on creation and death in which a man (a thinly disguised Clarice Lispector) infuses the "breath of life" into his creation [and] forms a dialogue between the god-like author and the speaking, breathing, dying creature herself: Angela Pralini"--P. [4] of cover.

A Memoir Simon and Schuster

An inspired, lyrical meditation on religion and science that explores the tension between our yearning for permanence and certainty, and the modern scientific discoveries that demonstrate the impermanent and uncertain nature of the world. As a physicist, Alan Lightman has always held a scientific view of the world. As a teenager experimenting in his own laboratory, he was impressed by the logic and materiality of a universe governed by a small number of disembodied forces and laws that decree all things in the world are material and impermanent. But one summer evening, while looking at the stars from a small boat at sea, Lightman was overcome by the overwhelming sensation that he was merging with something larger than himself--a grand and eternal unity, a hint of something absolute and immaterial. Lightman's exploration of these seemingly contradictory impulses, he draws on sources ranging from Saint Augustine's conception of absolute truth to Einstein's theory of relativity, from the unity of the once-indivisible atom to the multiplicity of subatomic particles and the recent notion of multiple universes. What he gives us is a profound inquiry into the human desire for truth and meaning, and a journey along the different paths of religion and science that become part of that quest.

The Passion According to G.H. New Directions Publishing

A classic later novel by Anna Kavan. A largely autobiographical account of an unhappy childhood, this daring synthesis of memoir and surrealist experimentation chronicles the subject's gradual withdrawal from the daylight world of received reality. Brief flashes of daily experience from childhood, adolescence, and youth are described in what is defined as "nighttime language"—a heightened, decorative prose that frees these events from their gloomy associations. The novel suggests we have all spoken this dialect in childhood and in our dreams, but these thoughts can only

be sharpened or decoded by contemplation in the dark. Revealing that side of life which is never seen by the waking eye but which dreams and drugs can suddenly emphasize, this startling discovery illustrates how these nighttime illuminations reveal the narrator's joy for the living world. *The Passion According to G.H.* New Directions Publishing

Eleanor New Directions Publishing

Now in paperback, a romantic love story by the great Brazilian writer Lóri, a primary school teacher, is isolated and nervous, comfortable with children but unable to connect to adults. When she meets Ulisses, a professor of philosophy, an opportunity opens: a chance to escape the shipwreck of introspection and embrace the love, including the sexual love, of a man. Her attempt, as Sheila Heti writes in her afterword, is not only "to love and to be loved," but also "to be worthy of life itself." Published in 1968, *An Apprenticeship* is Clarice Lispector's attempt to reinvent herself following the exhausting effort of her metaphysical masterpiece *The Passion According to G. H.* Here, in this unconventional love story, she explores the ways in which people try to bridge the gaps between them, and the result, unusual in her work, surprised many readers and became a bestseller. Some appreciated its accessibility; others denounced it as sexist or superficial. To both admirers and critics, the olympian Clarice gave a typically elliptical answer: "I humanized myself," she said. "The book reflects that."

Beatriz Yagoda was once one of Brazil's most celebrated authors. At the age of sixty, she is mostly forgotten--until one summer afternoon when she enters a park in Rio de Janeiro, climbs into an almond tree, and disappears. When her devoted translator Emma hears the news in wintry Pittsburgh, she flies to the sticky heat of Rio. There she joins the author's son and daughter to solve the mystery of Yagoda's disappearance and satisfy the demands of the colorful characters left in her wake, including a loan shark with a debt to collect and the washed-up editor who launched Yagoda's career. What they discover is how much of her they never knew. Exquisitely imagined and as profound as it is suspenseful, *Ways to Disappear* is at once a thrilling story of intrigue and a radiant novel of self-reckoning.

A Fiction U of Minnesota Press

This new translation of Clarice Lispector's sensational first book tells the story of a middle class woman's life from childhood through an unhappy marriage and its dissolution to transcendence. *Near to the Wild Heart*, published in Rio de Janeiro in 1943, introduced Brazil to what one writer called "Hurricane Clarice": a twenty-three-year-old girl who wrote her first book in a tiny rented room and then baptized it with a title taken from Joyce: "He was alone, unheeded, near to the wild heart of life." The book was an unprecedented sensation — the discovery of a genius. Narrative epiphanies and interior monologue frame the life of Joana, from her middle-class childhood through her unhappy marriage and its dissolution to transcendence, when she proclaims: "I shall arise as strong and comely as a young colt."

WINNER OF THE PULITZER PRIZE Finalist for the Lambda Literary Award Finalist for the PEN/Jacqueline Bograd Weld Award for Biography Named one of the Best Books of the Year by: O Magazine, Milwaukee Journal Sentinel, Seattle Times The definitive portrait of one of the American Century's most towering intellectuals: her writing and her radical thought, her public activism and her hidden private face No writer is as emblematic of the American twentieth century as Susan Sontag. Mythologized and misunderstood, lauded and loathed, a girl from the suburbs who became a proud symbol of cosmopolitanism, Sontag left a legacy of writing on art and politics, feminism and homosexuality, celebrity and style, medicine and drugs, radicalism and Fascism and Freudianism and Communism and Americanism, that forms an indispensable key to modern culture. She was there when the Cuban Revolution began, and when the Berlin Wall came down; in Vietnam under American bombardment, in wartime Israel, in besieged Sarajevo. She was in New York when artists tried to resist the tug of money—and when many gave in. No writer negotiated as many worlds; no serious writer had as many glamorous lovers. Sontag tells these stories and examines the work upon which her reputation was based. It explores the agonizing insecurity behind the formidable public face: the broken relationships, the struggles with her sexuality, that animated—and undermined—her writing. And it shows her attempts to respond to the cruelties and absurdities of a country that had lost its way, and her conviction that fidelity to high culture was an activism of its own. Utilizing hundreds of interviews conducted from Maui to Stockholm and from London to Sarajevo—and featuring nearly one hundred images—Sontag is the first book based on the writer's restricted archives, and on access to many people who have never before spoken about Sontag, including Annie Leibovitz. It is a definitive portrait—a great American novel in the form of a biography.

Do Everything in the Dark Farrar, Straus and Giroux

Four striking and novel textual studies of major literary figures and emergent authors. Selected from Cixous's seminars taught between 1980 and 1986 at the Université de Paris VIII (Saint-Denis) and at the Collège International de Philosophie, the texts chronicle the French intellectual scene with its shifting tastes over the decade following May 1968. Near to the Wild Heart The Passion According to G.H.

G.H., a well-to-do Rio sculptress, enters the room of her maid, which is as clear and white 'as in an

insane asylum from which dangerous objects have been removed'. There she sees a cockroach - black, dusty, prehistoric - crawling out of the wardrobe and, panicking, slams the door on it. Her irresistible fascination with the dying insect provokes a spiritual crisis, in which she questions her place in the universe and her very identity, propelling her towards an act of shocking transgression. Clarice Lispector's spare, deeply disturbing yet luminous novel transforms language into something otherworldly, and is one of her most unsettling and compelling works. Clarice Lispector was a Brazilian novelist and short story writer. Her innovation in fiction brought her international renown. References to her literary work pervade the music and literature of Brazil and Latin America. She was born in the Ukraine in 1920, but in the aftermath of World War I and the Russian Civil War, the family fled to Romania and eventually sailed to Brazil. She published her first novel, *Near to the Wildheart* in 1943 when she was just twenty-three, and the next year was awarded the Graça Aranha Prize for the best first novel. Many felt she had given Brazilian literature a unique voice in the larger context of Portuguese literature. After living variously in Italy, the UK, Switzerland and the US, in 1959, Lispector with her children returned to Brazil where she wrote her most influential novels including *The Passion According to G.H.* She died in 1977, shortly after the publication of her final novel, *The Hour of the Star*.

Time in Exile Little, Brown

The Latin American Ecocultural Reader is a comprehensive anthology of literary and cultural texts about the natural world. The selections, drawn from throughout the Spanish-speaking countries and Brazil, span from the early colonial period to the present. Editors Jennifer French and Gisela Heffes present work by canonical figures, including José Martí, Bartolomé de las Casas, Rubén Darío, and Alfonsina Storni, in the context of our current state of environmental crisis, prompting new interpretations of their celebrated writings. They also present contemporary work that illuminates the marginalized environmental cultures of women, indigenous, and Afro-Latin American populations. Each selection is introduced with a short essay on the author and the salience of their work; the selections are arranged into eight parts, each of which begins with an introductory essay that speaks to the political, economic, and environmental history of the time and provides interpretative cues for the selections that follow. The editors also include a general introduction with a concise overview of the field of ecocriticism as it has developed since the 1990s. They argue that various strands of environmental thought—recognizable today as extractivism, eco-feminism, Amerindian ontologies, and so forth—can be traced back through the centuries to the earliest colonial period, when Europeans first described the Americas as an Edenic "New World" and appropriated the bodies of enslaved Indians and Africans to exploit its natural bounty.

Translation and Its Dyscontents SUNY Press

Acclaimed as a "gifted, courageous writer" (The New York Times), Chris Adrian brings all his extraordinary talents to bear in *The Great Night*—a brilliant and mesmerizing retelling of Shakespeare's "A Midsummer Night's Dream." On Midsummer Eve 2008, three people, each on the run from a failed relationship, become trapped in San Francisco's Buena Vista Park, the secret home of Titania, Oberon, and their court. On this night, something awful is happening in the faerie kingdom: in a fit of sadness over the end of her marriage, which broke up in the wake of the death of her adopted son, Titania has set loose an ancient menace, and the chaos that ensues will threaten the lives of immortals and mortals alike. Selected by The New Yorker as one the best young writers in America, Adrian has created a singularly playful, heartbreaking, and humorous novel—a story that charts the borders between reality and dreams, love and magic, and mortality and immortality.
