Zoya Phan was born in the remote jungles of Burma, to the Karen ethnic group. For decades the Karen have been under attack from Burma's military junta; Zoya's mother was a guerrilla soldier, her father a freedom activist. She lived in a bamboo hut on stilts by the Moei River; she hunted for edible fungi with her much-loved adopted brother, Say Say. Many Karen are Christian or Buddhist, but Zoya's parents were animist, venerating the spirits of forest, river and moon. Her early years were blissfully removed from the war. At the age of fourteen, however, Zoya's childhood was shattered as the Burmese army attacked. With their house in flames, Zoya and her family fled. So began two terrible years of running from guns, as Zoya joined thousands of refugees hiding in the jungle. Her family scattered, Zoya sought sanctuary across the border in a Thai refugee camp. Conditions in the camp were difficult, and Zoya now had to care for her ailing mother. Zoya, a gifted pupil, was eventually able to escape, first to Bangkok and then, with her enemies still pursuing her, in 2004 she fled to the UK and claimed asylum. The following year, at a 'free Burma' march, she was plucked from the crowd to appear on the BBC, the first of countless interviews with the world's media. She became the face of a nation enslaved, rubbing shoulders with presidents and film stars. By turns uplifting, tragic and entirely gripping, this is the extraordinary true story of the girl from the jungle who became an icon of a suffering land.

When the younger players in India's cricket team find out that advertising executive Zoya Singh Solanki was born at the very moment India won the World Cup back in 1983, they are intrigued. When having breakfast with her is followed by victories on the field, they are impressed. And when not eating with her results in defeat, they decide she's a lucky charm. The nation goes a step further. Amazed at the ragtag team's sudden spurt of victories, it declares her a Goddess. So when the eccentric IBCC president and his mesmeric, always-exquisitely-attired Swamiji invite Zoya to accompany the team to the tenth ICC World Cup, she has no choice but to agree. Pursued by international cricket boards on the one hand, wooed by Cola majors on the other, Zoya struggles to stay grounded in the thick of the world cup action. And it doesn't help that she keeps clashing with the erratically brilliant new skipper who tells her flatly that he doesn't believe in luck...

The past few years have seen the street emerge as one of the most volatile and engaging sites of a politics in flux. Mass protests, widespread networks, and quick mobilization in the age

of social media have instilled a new life in protests and agitations, engendering an entirely new brand of rights agenda in India today. Grassroots activism along with organized, collective action has influenced several landmark legislations, often resulting in progressive outcomes and policies. Agitation to Legislation finds that such a progression is not so sudden. It examines ways in which social mobilizations influence legislative trajectory, opening up modes of direct engagement between the state and its citizens, between the government and the governed. It simultaneously focuses on political actors and processes that help expand rights and accountability and at the same time resist any attempt to increase representation of under-represented groups. Positive outcomes have depended on political responses and party strategies, either appropriating or reinforcing or disregarding the scale and intensity of public protests and collective action.
