Several Short Sentences about Writing Springer Science & Business Media

With the media spotlight on the recent developments concerning the Supreme Court, more and more people have become increasingly interested in the highest court in the land. Who are the justices that run it and how do they make their decisions? *The Psychology of the Supreme Court* by Lawrence S. Wrightsman is the first book to thoroughly examine the psychology of Supreme Court decision-making. Dr. Wrightsman's book seeks to help us understand all aspects of the Supreme Court's functioning from a psychological perspective. This timely and comprehensive work addresses many factors of influence including, the background of the justices, how they are nominated and appointed, the role of their law clerks, the power of the Chief Justice, and the day-to-day life in the Court. Dr. Wrightsman uses psychological concepts and research findings from the social sciences to examine the steps of the decision-making process, as well as the ways in which the justices seek to remain collegial in the face of conflict and the degree of predictability in their votes. Psychologists and scholars, as well as those of us seeking to unravel the mystery of The Supreme Court of the United States will find this book to be an eye-opening read.

Writing Past Dark Amer Psychological Assn

Analyzes the art of reading and suggests ways to approach literary works, offering techniques for reading in specific literary genres ranging from fiction, poetry, and plays to scientific and philosophical works.

The Sense of Style Seal Press

`A comprehensive, well-written and beautifully organized book on publishing articles in the humanities and social sciences that will help its readers write forward with a first-rate guide as good company.' - Joan Bolker, author of *Writing Your Dissertation in Fifteen Minutes a Day* `Humorous, direct, authentic ... a seamless weave of experience, anecdote, and research.' - Kathleen McHugh, professor and director of the UCLA Center for the Study of Women Wendy Laura Belcher's *Writing Your Journal Article in Twelve Weeks: A Guide to Academic Publishing Success* is a revolutionary approach to enabling academic authors to overcome their anxieties and produce the publications that are essential to succeeding in their fields. Each week, readers learn a particular feature of strong articles and work on revising theirs accordingly. At the end of twelve weeks, they send their article to a journal. This invaluable resource is the only guide that focuses specifically on publishing humanities and social science journal articles.

So They Say You Should Write a Book OUP USA

Jacqueline Woodson and Rafael López's highly anticipated companion to their #1 New York Times bestseller *The Day You Begin* illuminates the power in each of us to face challenges with confidence. On a dreary, stuck-inside kind of day, a brother and sister heed their grandmother's advice: "Use those beautiful and brilliant minds of yours. Lift your arms, close your eyes, take a deep breath, and believe in a thing. Somebody somewhere at some point was just as bored you are now." And before they know it, their imaginations lift them up and out of their boredom. Then, on a day full of quarrels, it's time for a trip outside their minds again, and they are able to leave their anger behind. This precious skill, their grandmother tells them, harkens back to the days long before they were born, when their ancestors showed the world the strength and resilience of their beautiful and brilliant minds. Jacqueline Woodson's lyrical text and Rafael Lopez's dazzling art celebrate the extraordinary ability to lift ourselves up and imagine a better world.

The Psychology of the Supreme Court Crossroad Publishing Company

"In the spirit of Annie Dillard's *The Writing Life*, Friedman...gives heartfelt counsel to those who need to be coaxed into the creative process."—Washington Post An indispensable guide for writers that

explores the emotional side of writing and offers insightful advice on overcoming writer's block, procrastination, guilt, and more. Charting the emotional side of the writer's life, *Writing Past Dark* is a writing companion to reach for when you feel lost and want to regain access to the memories, images, and the ideas inside you that are the fuel of strong writing. Combining personal narrative and other writers' experiences, Bonnie Friedman explores a whole array of emotions and dilemmas writers face—envy, distraction, guilt, and writer's block—and shares the clues that can set you free so that you can write the book you've always dreamed of writing. Supportive, intimate, and reflective, *Writing Past Dark* is a comfort and resource for all writers.

Subtle Blood Vintage

Do you feel stuck in life, not knowing how to make it more successful? Do you wish to become more popular? Are you craving to earn more? Do you wish to expand your horizon, earn new clients and win people over with your ideas? *How to Win Friends and Influence People* is a well-researched and comprehensive guide that will help you through these everyday problems and make success look easier. You can learn to expand your social circle, polish your skill set, find ways to put forward your thoughts more clearly, and build mental strength to counter all hurdles that you may come across on the path to success. Having helped millions of readers from the world over achieve their goals, the clearly listed techniques and principles will be the answers to all your questions.

Bird by Bird Hachette Books

Most writing is done under pressure. An executive has to produce a three-page position paper by tomorrow at nine. A department head suddenly has to write a one-page action memo by noon. A graduate student has a twenty-page research paper due in a week. Yet, while most students and professionals write under pressure—with limited time, limited space, and a supervisor or instructor to please—few approach the task systematically. In *Writing Under Pressure*, Sanford Kaye, a renowned expert on the subject, presents a system he calls the Quick Writing Process (QWP) that focuses on real-world writing tasks and demonstrates how to produce the clearest, most honest, most powerful work possible under the constraints of time and space. A writing instructor with twenty-five years' experience teaching students and professionals in business and government, Kaye tells writers how to budget their time and how to use this time efficiently. Exploring particular writing situations in which QWP can be applied to make the most of what the writer knows, Kaye discusses the process of taking exams, focusing on how instructors select questions and evaluate essays. He also considers writing in business and government, featuring an insightful analysis of a memo written by Colonel Oliver North. This memo highlights one of the most important issues writers in business and government face: whether to write the truth as they see it or simply what their bosses want to hear. Presenting a wealth of such examples, Kaye reveals how to break through stifling organizational codes in order to write memos and position papers that count. While most guides to writing ignore the constraints of time and space, *Writing Under Pressure* tackles these problems head on, making it an essential reference for students, business professionals, government officials, or anyone else faced with a difficult writing assignment that has to be done now.

How Institutions Successfully Navigate Demographic Changes Hachette UK

Don't have the time to write a book? Struggling with what to write about or where to start? *Write Your Book on the Side* will show you how to write your first nonfiction kindle book while you're working a full-time job, even if you've never written a book before. Writing Books for Fun, Fame & Fortune Kjc Books

From his early rise to fame to battles with his health, this revelatory memoir by legendary guitarist Peter Dinklage Frampton celebrates the life of a rock icon. Do You Feel Like I Do? is the incredible story of Peter Frampton's positively resilient life and career told in his own words for the first time. His monumental album Frampton Comes Alive! spawned three top-twenty singles and sold eight million copies the year it was released (more than seventeen million to date), and it was inducted into the Grammy Hall of Fame in January 2020. Frampton was on a path to stardom from an early age, first as the lead singer and guitarist of the Herd and then as cofounder—along with Steve Marriott—of one of the first supergroups, Humble Pie. Frampton was part of a tight-knit collective of British '60s musicians with close ties to the Rolling Stones, the Beatles, and the Who. This led to Frampton playing on George Harrison's solo debut, All Things Must Pass, as well as to Ringo Starr and Billy Preston appearing on Frampton's own solo debut. By age twenty-two, Frampton was touring incessantly and finding new sounds with the talk box, which would become his signature guitar effect. Frampton remembers his enduring friendship with David Bowie. Growing up as schoolmates, crossing paths throughout their careers, and playing together on the Glass Spider Tour, the two developed an unshakable bond. Frampton also shares fascinating stories of his collaborative work with Harry Nilsson, Stevie Wonder, B. B. King, and members of Pearl Jam. He reveals both the blessing and curse of Frampton Comes Alive!, opening up about becoming the cover boy he never wanted to be, his overcoming substance abuse, and how he has continued to play and pour his heart into his music despite an inflammatory muscle disease and his retirement from the road. Peppered throughout his narrative is the story of his favorite guitar, the Phenix, which he thought he'd lost in a fiery plane crash in 1980. But in 2011, it mysteriously showed up again—saved from the wreckage. Frampton tells of that unlikely reunion here in full for the first time, and why the miraculous reappearance is emblematic of his life and career as a quintessential artist.

The Feminine Revolution Multnomah

The original uncut edition of STRANGER IN A STRANGE LAND by Hugo Award winner Robert A. Heinlein - one of the most beloved, celebrated science-fiction novels of all time. Epic, ambitious and entertaining, STRANGER IN A STRANGE LAND caused controversy and uproar when it was first published and is still topical and challenging today. Twenty-five years ago, the first manned mission to Mars was lost, and all hands presumed dead. But someone survived... Born on the doomed spaceship and raised by the Martians who saved his life, Valentine Michael Smith has never seen a human being until the day a second expedition to Mars discovers him. Upon his return to Earth, a young nurse named Jill Boardman sneaks into Smith's hospital room and shares a glass of water with him, a simple act for her but a sacred ritual on Mars. Now, connected by an incredible bond, Smith, Jill and a writer named Jubal must fight to protect a right we all take for granted: the right to love. [How to Manage Your Time, Process, and Energy to Write Your Research Proposal, Thesis, and Dissertation and Get Published](#) Penguin

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

How to Write a Lot A Practical Guide to Productive Academic Writing Amer Psychological Assn [Practical Strategies for Writing and Publishing Journal Articles](#) Createspace Independent Publishing Platform

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

The Four Types of Human Behavior and How to Effectively Communicate with Each in Business (and in Life) Simon and Schuster

Self-awareness - the ability to recognize one's existence - is one of the most important variables in psychology. Without self-awareness, people would be unable to self-reflect, recognize differences between the self and others, or compare themselves with internalized standards. Social, clinical, and personality psychologists have recognized the significance of self-awareness in human functioning, and have conducted much research on how it participates in everyday life and in psychological dysfunctions. Self-Awareness & Causal Attribution: A Dual-Systems Theory presents a new theory of how self-awareness affects thought, feeling, and action. Based on experimental social-psychological research, the authors describe how several interacting cognitive systems determine the links between self-awareness and organized activity. This theory addresses when people become self-focused, how people internalize and change personal standards, when people approach or avoid troubling situations, and the nature of self-evaluation. Special emphasis is given to causal

attribution, the process of perceiving causality. Self-Awareness & Causal Attribution will be useful to social, clinical, and personality psychologists, as well as to anyone interested in how the self relates to motivation and emotion.

A New Author's Guide to Writing a Book People Will Buy and Read Oxford University Press Some of the best-known biblical episodes are found in the story of David's rise to kingship in First and Second Samuel. Why was this series of stories included in the Bible? An answer that has become increasingly popular is that this narrative should be interpreted as the apotheosis of David, that is, the personal justification of King David against charges that he illegitimately usurped Saul's throne. Comparisons between the History of David's Rise and the Hittite Apology of Hattushili, in particular, appear to support this view that the biblical account belongs to the genre of ancient Near Eastern royal apology. Having presented this approach, Randall Short argues that the biblical account has less in common with the Hittite apology than scholars have asserted, and he demonstrates how interpretive assumptions about the historical reality behind the text inform the meaning that these scholars discern in the text. His central contention is that this story should not be interpreted as the personal exoneration of David composed to win over suspicious readers. Rather, composed for faithful readers represented by David, the story depicts the dramatic confirmation of David's surprising election through his gradual emergence as the beloved son of Jesse, Saul, all Israel, and yhwh Himself.

A True Story of Men Against the Sea Srishthi Publishers & Distributors

In these difficult economic times, it is even easier to write and publish a book than ever before.

Using the simple but surefire methods within this volume, one can establish expertise in business, develop a steadily increasing income stream, and provide solutions to help other people. Learn how to write a book within 40 days with simple, but effective, tips and strategies.

Desiring God Harper Collins

All students and professors need to write, and many struggle to finish their stalled dissertations, journal articles, book chapters, or grant proposals. Writing is hard work and can be difficult to wedge into a frenetic academic schedule. In this practical, light-hearted, and encouraging book, Paul Silvia explains that writing productively does not require innate skills or special traits but specific tactics and actions. Drawing examples from his own field of psychology, he shows readers how to overcome motivational roadblocks and become prolific without sacrificing evenings, weekends, and vacations. After describing strategies for writing productively, the author gives detailed advice from the trenches on how to write, submit, revise, and resubmit articles, how to improve writing quality, and how to write and publish academic work.

21 Ways to Ignite the Power of Your Femininity for a Brighter Life and a Better World Amer

Psychological Assn

Nature wants you dead. Not just you, but your children and everyone you have ever met and everyone they have ever met; in fact, everyone. It wants you to cough and sneeze and poop yourself into an early grave. It wants your blood vessels to burst and pustules to explode all over your body. And - until recently - it was really good at doing this... Covid-19 may be only the first of many modern pandemics. The subject of infection and how to fight it grows more urgent every day. How do pathogens cause disease? And what tools can we give our bodies to do battle? Dr John S. Tregoning has dedicated his career to answering these questions. Infectious uncovers fascinating success stories in immunology and virology, making this book not only a vital overview of infection, but also a hopeful story of ongoing human ingenuity.

Writing Your Journal Article in Twelve Weeks Simon and Schuster

This book is for graduate students--and others--who want to become more productive writers. It's especially written for those who want to: • increase their motivation, focus, and persistence to move a project to completion • overcome procrastination and perfectionistic tendencies • reduce (or write in spite of) their anxiety and fear of writing • manage their time, work, energy (and advisor) for greater productivity The process or craft of sustained writing is not a matter that's taught to undergraduate or graduate students as part of their studies, leaving most at sea about how to start a practice that is central to a career in academe and vital in many other professional occupations. This book grew out of conversations Jan Allen has held with her graduate students for over 30 years and reflects the fruit of the writing workshops and boot camps she has conducted at three universities, her own and numerous colleagues' experiences with writing and advising, as well as the feedback she receives from her popular Productive Writer listserv. While Jan Allen recognizes that writing is not an innate talent for most of us, she demonstrates that it is a process based on skills which we can identify, learn, practice and refine. She focuses both on the process and habits of writing as well as on helping you uncover what kind of writer are you, and reflect on your challenges and successes. With a light touch and an engaging sense of humor, she proposes strategies to overcome procrastination and distractions, and build a writing practice to enable you to become a more productive and prolific writer. Jan Allen proposes that you read one of her succinct chapters - each devoted to a specific strategy or writing challenge - each day, or once a week. When you find one that increases your concentration, motivation or endurance, make it a habit. Try it for two weeks, charting the resulting increased productivity. It will become part of your repertoire of writing and productivity tools to which you can progressively add.

The Forever Decision : for Those Thinking about Suicide and for Those who Know, Love, Or Counsel Them Independently Published

Will Darling is all right. His business is doing well, and so is his illicit relationship with Kim Secretan--disgraced aristocrat, ex-spy, amateur book-dealer. It's starting to feel like he's got his life under control. And then a brutal murder in a gentleman's club plunges them back into the shadow world of crime, deception, and the power of privilege. Worse, it brings them up against Kim's noble, hostile family, and his upper-class life where Will can never belong. With old and new enemies against them, and secrets on every side, Will and Kim have to fight for each other harder than ever-or be torn apart for good.
