BOND BRADSHAW

The Works of Jonathan Edwards, Vol. 4 G E M/McCuen Publications, Incorporated

Interpreting the Great Awakening of the 18th century was in large part the work of Jonathan Edwards, whose writings on the subject defined the revival tradition in America. This text demonstrates how Edwards defended the evangelical experience against overheated zealous and rationalistic critics.

ISE Traditions & Encounters: A Global Perspective on the Past University of Pennsylvania Press

Canada is the largest trading partner of the United States, and the two governments have begun negotiations for a free trade agreement which would tie their relationship even closer. This study analyzes the difficult problems that must be addressed in the negotiations - including quite different perceptions in the two countries of what constitutes fair trade. It suggests several possible ways of reducing differences over subsidies and countervailing duties. It also addresses the exchange rate relationship between the two dollars, and how this affects the trade outlook. An appendix by John Williamson calculated a fundamental equilibrium exchange rate for the Canadian dollar.

Coin's Financial School Barrons Educational Series

The Washington University Libraries presents an online exhibit of documents regarding the Dred Scott case. American slave Dred Scott (1795?-1858)

and his wife Harriet filed suit for their freedom in the Saint Louis Circuit Court in 1846. The U.S. Supreme Court decided in 1857 that the Scotts must remain slaves.

Wilson's Ideals BoD - Books on Demand

The latest iteration of Alan Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. 0073513296

The Gilded Age Legare Street Press

Regarded as one of the most important sociological and business commentaries of modern times, *The Organization Man* developed the first thorough description of the impact of mass organization on American society. During the height of the Eisenhower administration, corporations appeared to provide a blissful answer to postwar life with the marketing of new technologies—television, affordable cars, space travel, fast food—and lifestyles, such as carefully planned suburban communities centered around the nuclear family. William H. Whyte found this phenomenon alarming. As an editor for *Fortune* magazine, Whyte was well placed to observe corporate America; it became clear to him that the American belief in the perfectibility of society was shifting from one of individual initiative to one that could be achieved at the expense of the individual. With its clear analysis of contemporary working and living arrangements, *The Organization Man* rapidly achieved bestseller status. Since the time of the book's original

publication, the American workplace has undergone massive changes. In the 1990s, the rule of large corporations seemed less relevant as small entrepreneurs made fortunes from new technologies, in the process bucking old corporate trends. In fact this "new economy" appeared to have doomed Whyte's original analysis as an artifact from a bygone day. But the recent collapse of so many startup businesses, gigantic mergers of international conglomerates, and the reality of economic globalization make *The Organization Man* all the more essential as background for understanding today's global market. This edition contains a new foreword by noted journalist and author Joseph Nocera. In an afterword Jenny Bell Whyte describes how *The Organization Man* was written.

Power and Constraint: The Accountable Presidency After 9/11 W. W. Norton & Company

The surprising truth behind Barack Obama's decision to continue many of his predecessor's counterterrorism policies. Conventional wisdom holds that 9/11 sounded the death knell for presidential accountability. In fact, the opposite is true. The novel powers that our post-9/11 commanders in chief assumed—endless detentions, military commissions, state secrets, broad surveillance, and more—are the culmination of a two-century expansion of presidential authority. But these new powers have been met with thousands of barely visible legal and political constraints—enforced by congressional committees, government lawyers, courts, and the media—that have transformed our unprecedentedly powerful presidency into one that is also unprecedentedly accountable. These constraints are the key to understanding why Obama continued the Bush counterterrorism program, and in this light, the events of the last decade should be seen as a victory, not a failure, of American constitutional government. We have actually preserved the framers' original idea of a balanced constitution, despite the vast increase in presidential power made necessary by this age of permanent emergency.

By the People McGraw-Hill Education

Reprint of the original, first published in 1859. The publishing house Anatioposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.

Hindsight

By the year 2110, the world's population driven to self-destruction, thanks to wealthy elitists, corrupt politicians and bankers, and greedy, self-serving progressives. Systemic greed and corruption within the halls of various governments and banks set in motion the engine of humanity's downfall. These organisations have incited wars and conflicts between tribes, religions, and countries, causing horrendous deaths, pain, and suffering for billions of innocent people. Humankind is facing destruction. To combat this, six time travellers from the year 2612 emerge out of stasis with the goal of preventing a nuclear disaster set to occur in 2111. With the advantage of hindsight, they visit six key historical events. They hope to persuade people of influence to make subtle changes to their thinking and actions. If all six events can be nudged in a slightly different direction, the impending man-made destruction might be averted. Only time will tell whether the time travellers can overcome their two biggest enemies, ego and self-importance, to prevent stupid mistakes from building a critical mass of human horror and causing humankind's extinction. In this science fiction novel, six people from the future arrive in the year 2111 seeking to prevent the destruction of humanity through intervention in key historical events.

U.S. History McGraw-Hill/Glencoe

A collection of essays which define the religious right, discussing their attitudes regarding foreign policy, economic and social justice, homosexuality, and AIDS, from differing viewpoints. Includes a section on televangelists.

A Century of Dishonor McGraw-Hill Education

The #1 New York Times bestseller that sparked international dialogue is now a book for young adults! Based on the adult bestseller by Ibram X. Kendi, and co-authored by bestselling author Nic Stone, *How to be a (Young) Antiracist* will serve as a guide for teens seeking a way forward in acknowledging, identifying, and dismantling racism and injustice. The New York Times bestseller *How to be an Antiracist* by Ibram X. Kendi is shaping the way a generation thinks about race and racism. *How to be a (Young) Antiracist* is a dynamic reframing of the concepts shared in the adult book, with young adulthood front and center. Aimed at readers 12 and up, and co-authored by award-winning children's book author Nic Stone, *How to be a (Young) Antiracist* empowers teen readers to help create a more just society. Antiracism is a journey--and now young adults will have a map to carve their own path. Kendi and Stone have revised this work to provide anecdotes and data that speaks directly to the experiences and concerns of younger readers, encouraging them to think critically and build a more equitable world in doing so.

This updated manual presents one diagnostic test and two full-length practice tests that reflect the actual AP Psychology Exam in length, subject matter, and difficulty. All test questions are answered and explained. It also provides extensive subject review covering all test topics. Topics reviewed include research methods, the biological basis of behavior, sensation and perception, states of consciousness, learning, cognition, personality, abnormal psychology, and treatment of disorders. This manual also presents an overview of the test, extra multiple-choice practice questions, test-taking tips, and an analysis of the test's essay question with a sample essay. Enclosed with the manual is a CD-ROM that presents two more practice tests with answers, explanations, and automatic scoring, as well as extensive subject review.

American History: Connecting with the Past W. W. Norton & Company

U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

The New South Penguin

"This is History Book. It explored the grand scheme of world history as a product of real-life human beings pursuing their individual and collective interests. It also offered a global perspective on the past by focusing on both the distinctive characteristics of individual societies and the connections that have linked the fortunes of different societies. It has combined a clear chronological framework with the twin themes of traditions and encounters, which help to make the unwieldy story of world history both more manageable and more engaging. From the beginning, Traditions & Encounters offered an inclusive vision of the global past—one that is meaningful and appropriate for the interdependent world of contemporary times"--

The Unfinished Nation McGraw-Hill Humanities, Social Sciences & World Languages

America's History for the AP® Course offers a thematic approach paired with skills-oriented pedagogy to help students succeed in the redesigned AP® U.S. History course. Known for its attention to AP® themes and content, the new edition features a nine part structure that closely aligns with the chronology of the AP® U.S. History course, with every chapter and part ending with AP®-style practice questions. With a wealth of supporting resources, America's History for the AP® Course gives teachers and students the tools they need to master the course and achieve success on the AP® exam.

A CHOICE NOT AN ECHO W. W. Norton & Company

Traces the history of the United States from the arrival of the first Indian people to the present day.

The Dred Scott Case iUniverse

In this amusingly written yet serious report about housing developments, author John C. Keats discusses every aspect of life in a development. His account is supported by solid facts and figures and presented in personal terms to convey an existence that combines all of the worst aspects and none of the advantages of suburban living. "If you ever wondered what goes on under those regimented roofs, this book will tell you. And if you already know, it will make you want to get up and break something. Fortunately the book also tells you how to put the pieces back together."

Thoughts on Government: Applicable to the Present State of the American Colonies Pickle Partners Publishing

The book that changed the consciousness of a country—and the world. Landmark, groundbreaking, classic—these adjectives barely describe the earthshaking and long-lasting effects of Betty Friedan's *The Feminine Mystique*. This is the book that defined "the problem that has no name," that launched the Second Wave of the feminist movement, and has been awakening women and men with its insights into social relations, which still remain fresh, ever since. A national bestseller, with over 1 million copies sold.

Brinkley, American History: Connecting with the Past UPDATED AP Edition, 2017, 15e, Student Edition McDougal Littel

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom.
