The essays collected in this volume engage in a conversation among lexicography, the culture of the book, and the canonization and commemoration of English literary figures and their works in the long eighteenth century. The source of inspiration for each piece is Allen Reddick's scholarship on Samuel Johnson (1709-1784), the great English lexicographer whose *Dictionary* (1755) included thousands upon thousands of illustrative quotations from the "best" authors, and, more recently, on Thomas Hollis (1720-1774), the much less well-known bibliophile who sent gifts of books by a pantheon of Whig authors to individuals and libraries in Britain, Protestant bastions in continental Europe, and America. Between the covers of *Words, Books, Images* readers will encounter canonical English authors of prose and poetry—Bacon, Milton, Defoe, Dryden, Pope, Richardson, Swift, Byron, Mary Shelley, and Edward Lear. But they will also become acquainted with the agents of their canonization and commemoration—the printers and publishers of Grub Street, the biographer John Aubrey, the lexicographer and biographer Johnson, the bibliophile Hollis, and the portrait painter Reynolds. No less crucially, they will meet fellow readers of then and now—women and men who peruse, poach, snip, and savour a book's every word and image.

Harriet Tubman is one of the giants of American history—a fearless visionary who led scores of her fellow slaves to freedom and battled courageously behind enemy lines during the Civil War. Now, in this magnificent biography, historian Kate Clifford Larson gives us a powerful, intimate, meticulously detailed portrait of Tubman and her times. Drawing from a trove of new documents and sources as well as extensive genealogical data, Larson presents Harriet Tubman as a complete human being—brilliant, shrewd, deeply religious, and passionate in her pursuit of freedom. A true American hero, Tubman was also a woman who loved, suffered, and sacrificed. Praise for Bound for the Promised Land "[Bound for the Promised Land] appropriately reads like fiction, for Tubman's exploits required such intelligence, physical stamina and pure fearlessness that only a very few would have even contemplated the feats that she actually undertook. . . . Larson captures Tubman's determination and seeming imperviousness to pain and suffering, coupled with an extraordinary selflessness and caring for others."—The Seattle Times "Essential for those interested in Tubman and her causes . . . Larson does an especially thorough job of . . . uncovering relevant documents, some of them long hidden by history and neglect."—The Plain Dealer "Larson has captured Harriet Tubman's clandestine nature . . . reading Ms. Larson made me wonder if Tubman is not, in fact, the greatest spy this country has ever produced."—The New York Sun

Peril and Protection in British Courtship Novels: A Study in Continuity and Change explores the use and context of danger/safety language in British courtship novels published between 1719 and 1920. The term "courtship novel" encompasses works focusing on both female and male protagonists' journeys toward marriage, as well as those reflecting the intertwined nature of comic courtship and tragic seduction scenarios. Through careful tracking of peril and protection terms and imagery within the works of widely-read, influential authors, Professor Chavis provides a fresh view of the complex ways that the British novel has both maintained the status quo and embodied cultural change. Lucid discussions of each novel, arranged in chronological order, shed new light on major characters' preoccupations, values, internal struggles, and inter-actional styles and demonstrate the ways in which gender ideology and social norms governing male-female relationships were not only perpetuated but also challenged and satirized during the course of the British novel's development. Blending close textual analysis with historical/cultural and feminist criticism, this multi-faceted study invites readers to look with both a microscopic lens at the nuances of figurative and literal language and a telescopic lens at the ways in which modifications to views of masculinity and femininity and interactions within the courtship arena inform the novel genre's evolution.

This study examines concepts of morality and structures of domestic relationships in Samuel Richardson's novels, situating them in the context of eighteenth-century moral writings and reader reactions. Based on a detailed analysis of Richardson's work, this book maintains that he sought both to uphold hierarchical concepts of individual duty, and to warn of the consequences if such hierarchies were abused. In his final novel, Richardson aimed at a synthesis between social hierarchy and individual liberty, patriarchy and female self-fulfilment. His work, albeit rooted in patriarchal values, paved the way for proto-feminist conceptions of female character.

The first part of this study provides background information to the eighteenth-century English novel, and includes discussion of the relationship between literature and ideology, literary realism, the fiction reading/purchasing public, and authorial intention and technique. The second focuses on seven diverse, yet representative, novels of the period, paying particular attention to the presentation of class, women and religion in the works examined. Whilst no grand theory is proposed, the writer seeks to utilise an approach derived from sociological and Marxist thought, and to employ it as a practical mode of criticism. Although some familiarity with the novels is assumed in the individual analyses of each work, the first part of the study should be of interest to anyone curious about eighteenth-century fiction and the more general issues considered.

"Up to this year I have always felt that I had no particular call to meddle with this subject....But I feel now that the time is come when even a woman or a child who can speak a word for freedom and humanity is bound to speak." Thus did Harriet Beecher Stowe announce her decision to begin work on what would become one of the most influential novels ever written. The subject she had hesitated to "meddle with" was slavery, and the novel, of course, was *Uncle Tom's Cabin*. Still debated today for its portrayal of African Americans and its unresolved place in the literary canon, Stowe's best-known work was first published in weekly installments from June 5, 1851 to April 1, 1852. It caused such a stir in both the North and South, and even in Great Britain, that when Stowe met President Lincoln in 1862 he is said to have greeted her with the words, "So you are the little woman who wrote the book that created this great war!" In this landmark book, the first full-scale biography of Harriet Beecher Stowe in over fifty years, Joan D. Hedrick tells the absorbing story of this gifted, complex, and contradictory woman. Hedrick takes readers into the multilayered world of nineteenth century morals and mores, exploring the influence of then-popular ideas of "true

womanhood" on Stowe's upbringing as a member of the outspoken Beecher clan, and her eventful life as a writer and shaper of public opinion who was also a mother of seven. It offers a lively record of the flourishing parlor societies that launched and sustained Stowe throughout the 44 years of her career, and the harsh physical realities that governed so many women's lives. The epidemics, high infant mortality, and often disastrous medical practices of the day are portrayed in moving detail, against the backdrop of western expansion, and the great social upheaval accompanying the abolitionist movement and the entry of women into public life. Here are Stowe's public triumphs, both before and after the Civil War, and the private tragedies that included the death of her adored eighteen month old son, the drowning of another son, and the alcohol and morphine addictions of two of her other children. The daughter, sister, and wife of prominent ministers, Stowe channeled her anguish and her ambition into a socially acceptable anger on behalf of others, transforming her private experience into powerful narratives that moved a nation. Magisterial in its breadth and rich in detail, this definitive portrait explores the full measure of Harriet Beecher Stowe's life, and her contribution to American literature. Perceptive and engaging, it illuminates the career of a major writer during the transition of literature from an amateur pastime to a profession, and offers a fascinating look at the pains, pleasures, and accomplishments of women's lives in the last century.

A comprehensive and timely resource on the depictions in film of enslaved African Americans and slavery from the Antebellum Period to Emancipation. *American Slavery on Film* highlights historical and contemporary depictions in film of the resistance, rebellion, and resilience of enslaved African Americans in the United States from the Antebellum period to Emancipation. In her study of such films as *Uncle Tom's Cabin* (1914), a silent movie adaptation of Harriet Beecher Stowe's novel; the groundbreaking and successful television miniseries *Roots* (1977); and the Harriet Tubman biopic *Harriet* (2019), Caron Knauer analyzes how African American slavery has been and continues to be portrayed in major studio blockbusters and independent films alike. Separating the romanticized and unrealistic depictions of slavery from the more accurate but often unflinching portrayals of its horrors, the author covers a wide range of topics, including the impact of slavery on popular culture, the Underground Railroad, Maroon communities, and the Los Angeles Film Rebellion of the 1960s. As a result, this book delivers a comprehensive, readable, and timely examination of enslaved African Americans and slavery in America's film history.

A determined Lady, a handsome Lord, a treasonous plot, a daring rescue, an enduring love. Lord Geoffrey Clarence heroically saved the life of his best friend, Charlton Edgeworth, Viscount Pendholm, and six other people. He was then recruited to work covertly, in defence of crown and country - which resulted in the Prince Regent gifting him a substantial estate. Unfortunately, it came with a dangerous mission as a side 'benefit'. Lady Harriet Edgeworth decided, at first sight of Lord Geoffrey, that he was the man for her, her hero. In the year since, nothing has changed her mind. When Lord Geoffrey moves to an estate close to her home, she is delighted, and soon finds a way to volunteer to assist with the inventory of his new property. Can Lord Geoffrey keep his mission secret, with Lady Harriet there every day? Can Lady Harriet convince Lord Geoffrey to see her as a woman, not just Charlton's sister? And, if he does, can he keep her safe in the midst of a treasonous conspiracy?
