Indes Galantes Rameau On The Piano

Volume The second volume in pianist Stephen Gutman's three-disc survey of Rameau's complete keyboard music begins with the composer's harpsichord transcriptions of the ballet music from his opera *Les Indes galantes*, heard in what appears to be their first recording on a modern concert grand. Gutman's booklet notes present detailed analyses of how Rameau carefully went about his business of "de-orchestration".

RAMEAU ON THE PIANO, VOLUME THREE. 2. The two suites recorded on this disc are from the *Nouvelles suites de pièces de clavecin* of 1729 or 1730, Rameau's final collection of solo keyboard music. Like those of his *Pièces de clavessin* (1724), they are contrasted both in tonality and character. The Suite in A minor and major is dominated by dances and includes only three character pieces, whereas the Suite in G major and minor consists almost exclusively of pieces with character titles.

RAMEAU ON THE PIANO, VOLUME TWO

Rameau was one of the great composers for the keyboard. But because pianists have not adopted his harpsichord music as they have that of the other great names of the Baroque – Bach, Handel and Scarlatti – his stature as a keyboard composer is not fully acknowledged. This series of three CDs presents all his keyboard music on the piano: the familiar suites, a

number of discoveries and arrangements by his contemporaries.

The keyboard works of Jean-Philippe Rameau have not been played often on a modern piano. It will not do to claim, as does the copywriter of the back-cover text here, that the comparative neglect of Rameau's keyboard music is due to this fact; harpsichordists, with their growing body of performance insights, have tended indeed to rediscover composers.
