A confirmed bigot and an oddball, the man who became Gandhi's assassin was something of a miracle baby. Born to Brahmin parents after several stillbirths, Nathuram Godse started off as a child mystic. However, success in everything serious-studies or work-eluded him. The expectations and frustrations that mark the path of young men who cannot cope with the changing tides form the basis of Dharendra K. Jha's spectacular study of this disaffected youth. Godse was one of hundreds, and later thousands, of young Indian men to be steered into the sheltering fold of early Hindutva. As disruptions to history evolved new social structures, these men were caught by ideologues, cocooned in a community, and coached and readied for action.

Gandhi's Assassin: The Making of Nathuram Godse and His Idea of India lays bare Godse's relationship with the organizations that influenced his world view and gave him a sense of purpose. The book draws out the gradual hardening of Godse's resolve, and the fateful decisions and intrigue that eventually led to, in the chaotic aftermath of India's independence in 1947, Mahatma Gandhi's assassination. On a wintry Delhi evening on 30 January 1948, Godse shot Gandhi at point-blank range, forever silencing the great man. Godse's journey to this moment of international notoriety from small towns in western India is, by turns, both riveting and wrenching. Drawing from previously unpublished archival material, Jha challenges the sanitization of Gandhi's assassination, and offers a stunning view on the making of independent India.

Pride and Prejudice gets remixed in this smart, funny, gorgeous retelling of the classic, starring all characters of color, from Ibi Zoboi, National Book Award finalist and author of American Street. Zuri Benitez has pride. Brooklyn pride, family pride, and pride in her

Afro-Latino roots. But pride might not be enough to save her rapidly gentrifying neighborhood from becoming unrecognizable. When the wealthy Darcy family moves in across the street, Zuri wants nothing to do with their two teenage sons, even as her older sister, Janae, starts to fall for the charming Ainsley. She especially can't stand the judgmental and arrogant Darius. Yet as Zuri and Darius are forced to find common ground, their initial dislike shifts into an unexpected understanding. But with four wild sisters pulling her in different directions, cute boy Warren vying for her attention, and college applications hovering on the horizon, Zuri fights to find her place in Bushwick's changing landscape, or lose it all. In a timely update of Jane Austen's Pride and Prejudice, critically acclaimed author Ibi Zoboi skillfully balances cultural identity, class, and gentrification against the heady magic of first love in her vibrant reimagining of this beloved classic.

#1 NEW YORK TIMES BESTSELLER • Michelle

Obama's worldwide bestselling memoir, *Becoming*, is now adapted for young readers. Michelle Robinson was born on the South Side of Chicago. From her modest beginnings, she would become Michelle Obama, the inspiring and powerful First Lady of the United States, when her husband, Barack Obama, was elected the forty-fourth president. They would be the first Black First Family in the White House and serve the country for two terms. Growing up, Michelle and her older brother, Craig, shared a bedroom in their family's upstairs apartment in her great-aunt's house. Her parents, Fraser and Marian, poured their love and energy into their children. Michelle's beloved dad taught his kids to work hard, keep their word, and remember to laugh. Her mom showed them how to think for themselves, use their voice, and be unafraid. But life soon took her far from home. With determination, carefully made plans, and the desire to achieve, Michelle was eager to expand the sphere of her life from her schooling in Chicago. She went to Princeton University, where she learned what it felt like to

be the only Black woman in the room. She then went to Harvard Law School, and after graduating returned to Chicago and became a high-powered lawyer. Her plans changed, however, when she met and fell in love with Barack Obama. From her early years of marriage, and the struggle to balance being a working woman, a wife, and the mom of two daughters, Michelle Obama details the shift she made to political life and what her family endured as a result of her husband's fast-moving political career and campaign for the presidency. She shares the glamour of ball gowns and world travel, and the difficulties of comforting families after tragedies. She managed to be there for her daughters' swim competitions and attend plays at their schools without catching the spotlight, while defining and championing numerous initiatives, especially those geared toward kids, during her time as First Lady. Most important, this volume for young people is an honest and fascinating account of Michelle Obama's life led by example. She shares her views on how all young people can help

themselves as well as help others, no matter their status in life. She asks readers to realize that no one is perfect, and that the process of becoming is what matters, as finding yourself is ever evolving. In telling her story with boldness, she asks young readers: Who are you, and what do you want to become?

In this powerful book, Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai introduces the people behind the statistics and news stories about the millions of people displaced worldwide. After her father was murdered, María escaped in the middle of the night with her mother. Zaynab was out of school for two years as she fled war before landing in America. Her sister, Sabreen, survived a harrowing journey to Italy. Ajida escaped horrific violence, but then found herself battling the elements to keep her family safe. Malala's experiences visiting refugee camps caused her to reconsider her own displacement — first as an Internally Displaced Person when she was a

young child in Pakistan, and then as an international activist who could travel anywhere in the world except to the home she loved. In *We Are Displaced*, Malala not only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys — girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that every single one of the 68.5 million currently displaced is a person — often a young person — with hopes and dreams. If people like Malala can come out of Pakistan, all is not yet lost in that benighted country. The result of the clash between her passion in advocating such a noble cause and the forces of darkness embodied in the Taliban was to almost martyr her before her time. She is a child prodigy, and her autobiography rings true. She is objective, clear, and evenhanded in describing a society (of which she is a part) so charged with religious fervor and conflict. Moreover, Malala has the character and the wisdom to push an issue that is greatly upsetting in a deeply patriarchal society: the right of every girl and woman to an education. Why should this be? Because it is profoundly liberating to that portion of the population that happens to be women and

therefore threatening to those who have power over them. These oppressors feared education's liberating influence for women and girls, causing them to strike out against an innocent and wholesome girl in the form of Malala. Here's your chapter-by-chapter guide you can use as you read along with Malala Yousafzai's *I Am Malala!
