BLAINE ROSS

A Novel Farrar, Straus and Giroux
The stories Hesse tells appeal to young people, because they keep faith with the powerful emotions of adolescence, which most adults forget or outgrow. As a young middle class boy Emil Sinclair has trouble knowing what is or what should be. Throughout this novel he is constantly seeking validation as well as mentorship. As Emil struggles a childhood friend begins to mentor him

and is said to be his daimon. In ancient greek daimon is is a person's deity or guiding spirit. In his story Emil's parents are a symbol of safety and fallback as his friend helps lead him to self realization.

North Atlantic Books

Vowing at an early age "to be a poet or nothing at all," Hermann Hesse rebelled against formal education, focusing on a rigorous program of independent study that included literature, philosophy, art, and history. One result of these efforts was a series of novels that became counterculture bibles that remain widely

influential today. Another was a body of evocative spiritual poetry. Published for the first time in English, these vivid, probing short works reflect deeply on the challenges of life and provide a spiritual solace that transcends specific denominational hymns, prayers, and rituals. *The Seasons of the Soul* offers valuable guidance in poetic form for those longing for a more meaningful life, seeking a sense of homecoming in nature, in each stage of life, in a renewed relationship with the divine. Extensive quotations from his prose introduce each theme addressed in the book: love, imagination, nature, the divine, and the passage of time. A foreword by Andrew Harvey reintroduces us to a figure about whom some may have believed everything had already

been said. Thoughtful commentary throughout from translator Ludwig Max Fischer helps readers understand the poems within the context of Hesse's life. *Demian (Heathen Edition)* Hogarth A Study Guide for Hermann Hesse's "Demian," excerpted from Gale's acclaimed *Novels for Students*. Situated in downtown Columbus, Ohio, "Face Your World," conceived by artist Jeanne van Heeswijk, involves a bus outfitted as a digital lab for children, sculptural bus stops designed by Atelier van Lieshout, and the Interactor, newly created computer software developed in collaboration with V2_Lab that encourages participating children to redesign their neighborhoods and their city together. As a publication, "Face Your World" adapts aspects of the city guidebook format to provide commentary about the project and serve as a guide to it.

A Novel Gale, Cengage Learning

First published in 1919, it is a brilliant journey of the psyche written by one of Germany's most influential writers and thinkers—Herman Hesse. A young man

 comic philosophical fables, which

abound in nested narratives and wild paradoxes. This new collection of eleven mind-bending and spellbinding tales includes some of Krzhizhanovsky's most dazzling conceits: a provincial journalist who moves to Moscow finds his existence consumed by the autobiography of his room's previous occupant; the fingers of a celebrated pianist's right hand run away to spend a night alone on the city streets; a man's lifelong quest to bite his own elbow inspires both a hugely popular circus act and a new refutation of Kant. Ordinary reality cracks open before our eyes in the pages of *Autobiography of a Corpse*, and the extraordinary spills out.

The Poetic Guidance and Spiritual Wisdom of Herman Hesse Bantam 2011 Reprint of 1948 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. The main character of this classic novel, Emil Sinclair, is a young boy raised in a bourgeois home, amidst what is described as a Scheinwelt, a play on words that means "world of light" as well as "world of illusion." Emil's entire existence can be summarized as a struggle between two worlds: the show world of illusion (related to the Hindu concept of maya) and the real world, the world of spiritual truth. In the course of the novel, accompanied and prompted by his mysterious classmate 'Max

Demian', he detaches from and revolts against the superficial ideals of the world of appearances and eventually awakens into a realization of self. The novel refers to the idea of Gnosticism, particularly the god Abraxas, showing the influence of Carl Jung's psychology. According to Hesse, the novel is a story of Jungian individuation, the process of opening up to one's unconsciousness.

A collection of twenty-two fairy tales by the Nobel Prize-winning novelist, most translated into English for the first time, show the influence of German Romanticism, psychoanalysis, and Eastern religion on his development as an author.

Autobiography of a Corpse Artimo

Originally published in 1919 under the pseudonym of the narrator of the story, Herman Hesse's "Demian" is the coming of age story of its principal character "Emil Sinclair." The struggle of Emil is one of self-awareness. A principal theme that courses throughout the novel is that of the inherent duality of existence. In the case of Emil this duality presents itself in the form of the opposing demands of the external world and his one internal quest for spiritual fulfillment. Emil's quest to resolve this conflict forces him to seek out the guidance and validation from the various members of his world including his mother, Eva; Pistorius, an organist at a local church; and ultimately Max Demian, a childhood friend who leads Emil to his eventual self-realization.

Influenced by the growing interest in psychoanalysis at the start of the 20th century, including Hesse's own experience with psychotherapy, "Demian" in its exploration of the interesting psychological underpinnings of growing up is a popular choice for young readers. This edition is printed on premium acid-free paper and follows the translation of N. H. Piday.

He wrote in a variety of genres, including historical fiction, mystery, romance, the occult, and science fiction. In 1828 he attracted general attention with *Pelham*, a humorous, intimate study of the dandyism of the age which kept gossips busy in identifying characters with public

figures of the time. By 1833, he had reached the height of his popularity with *Godolphin*, followed by *The Pilgrims of the Rhine* (1834), *The Last Days of Pompeii* (1834), *Rienzi: The Last of the Roman Tribunes* (1835), and *Harold: The Last of the Saxon Kings* (1848).

A Novel Open Court

The author, in defining the genre of "lyrical fiction," separates a type of fiction that can be legitimately viewed as "poetry" from other narrative types. The lyrical novelist uses fictional devices to find an aesthetic expression for experience, achieving an effect most frequently seen in dreams, picaresques, and allegories. Analyzing representative novels by Hermann Hesse, Andre Gide, and Virginia Woolf, Ralph Freedman focuses on the problem of self-consciousness. His findings are directly applicable to much twentieth-century fiction. Originally published in 1963.
