SAWYER BOOKER

Growing God's Family Zondervan
 Being a parent in the modern world is tough. We are often overwhelmed with fear about damaging our children, guilt about our imperfections, and confusion about our role. Harriet Connor knows these feelings well. But hers is not just another parenting book full of "shoulds and shouldn'ts" to make you feel worse. Rather, she invites you to step back and consider the bigger picture: What is the purpose of life and parenthood? What are our human limitations? How can we cope with our guilt and fear? What are our family's values and how do we pass them on? What

is our family's structure and place within the wider community? When she was desperate for answers, Harriet Connor turned to the ancient wisdom of her ancestors--the Bible. She went looking for little pieces of grandmotherly advice, but what she found was a grand vision--a big picture--that made sense of both life and parenthood. Whether you are new to the Bible or have read it before, you will not regret taking time to reflect on its message, which has given comfort and guidance to generations of parents just like you.

Today's culture offers broadening opportunities for women; yet it still pressures them to fit long-standing stereotypes. McMinn challenges parents, teachers, churches, and civic communities to create a social environment that nurtures strong, confident girls.

Combining careful research with personal experience, McMinn takes a thoughtful look at gender differences and patterns limiting women's full participation in society. She discusses what it means to raise strong daughters made in the image of God and covers the various aspects of strength--confidence, interdependence, voice, and self-image.

In today's uncertain world, storms will arise that test your faith in a loving heavenly Father. At times, the winds and waves of the world's deceptions will roll in and seek to erode your confidence in God. Without a firm foundation in the truth of God's Word, you may be tempted to go off course and accept less than God's best for you. However, when you hear Jesus' words, receive them, and put them into practice, you will construct a life the torrents cannot shake, “because it was well built” (Luke 6:48). The Purple Book will help you understand foundational truths that God wants you to hear on topics such as sin, salvation, spiritual gifts, prayer, worship, generosity, and evangelism. It will show you how the Bible is “God-breathed and is useful for teaching, rebuking, correcting and training in righteousness” (2 Timothy 3:16). It will help you understand that the faith you hold has true power to change lives and transform nations. It will give you a solid foundation the enemy cannot dismantle—and a heart shaped by knowledge of God's Word.

#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • ONE OF GQ'S TOP 50 BOOKS OF LITERARY JOURNALISM IN THE 21st CENTURY • The heartrending story of a midcentury American family with twelve children, six of them diagnosed with schizophrenia, that became science's great hope in the quest to understand the disease. “Reads like a medical detective journey

and sheds light on a topic so many of us face: mental illness." —Oprah Winfrey Don and Mimi Galvin seemed to be living the American dream. After World War II, Don's work with the Air Force brought them to Colorado, where their twelve children perfectly spanned the baby boom: the oldest born in 1945, the youngest in 1965. In those years, there was an established script for a family like the Galvins--aspiration, hard work, upward mobility, domestic harmony--and they worked hard to play their parts. But behind the scenes was a different story: psychological breakdown, sudden shocking violence, hidden abuse. By the mid-1970s, six of the ten Galvin boys, one after another, were diagnosed as schizophrenic. How could all this happen to one family? What took place inside the house on Hidden Valley Road was so extraordinary that the Galvins became one of the first families to be studied by the National Institute of Mental Health. Their story offers a shadow history of the science of schizophrenia, from the era of institutionalization, lobotomy, and the schizophrenogenic mother to the search for genetic markers for the disease, always amid profound disagreements about the nature of the illness itself. And unbeknownst to the Galvins, samples of their DNA informed decades of genetic research that continues today, offering paths to treatment, prediction, and even eradication of the disease for future generations. With clarity and compassion, bestselling and award-winning author Robert Kolker uncovers one family's unforgettable legacy of suffering, love, and hope.

What does it take to be a "real" man? You don't have to be perfect to be a man of God. As Dr. Charles Stanley writes, a man of God is a maturing man, a striving man, a knowledgeable man. And the first step in real manhood is spiritual rebirth. In *Man of God*, Dr. Stanley asks and answers questions such as these: What can we learn about manhood from Jesus's example? How does a true leader allow God to lead him? Why is a godly man "both velvet and steel"? What does it look like to be a provider? What does it mean to lead with sensitivity? *Man of God* will challenge and equip you to become a better leader, teacher, father, and husband. What makes a man? The answer starts here. Includes study guide for individuals or groups.

Self-initiation is killing our young men. Without strong mentors, boys are walking alone into a wilderness of conflicting messages about who they should be as men. It's no wonder that our sons are confused about what the world expects from them and what they should expect of themselves. *The Intentional Father* is the antidote. This concise book is filled with practical steps to help men raise sons of consequence--young men who know what they believe, know who they are, and will stand up against the

negative cultural trends of our day. Jon Tyson lays out a clear path for fathers and sons that includes specific activities, rites of passage, and significant "marking moments" that can be customized to fit any family. It's not enough to hope our sons will

become good men. We need them to be good at being men. This book shows how fathers, grandfathers, and other male mentors can lead the way.
