The classic collection of Dr. King's sermons that fuse his Christian teachings with his radical ideas of love and nonviolence as a means to combat hate and oppression. As Martin Luther King, Jr., prepared for the Birmingham campaign in early 1963, he drafted the final sermons for Strength to Love, a volume of his most well known homilies. King had begun working on the sermons during a fortnight in jail in July 1962.

While behind bars, he spent uninterrupted time preparing the drafts for works such as “Loving Your Enemies” and “Shattered Dreams,” and he continued to edit the volume after his release. *Strength to Love* includes these classic sermons selected by Dr. King. Collectively they present King’s fusion of Christian teachings and social consciousness and promote his prescient vision of love as a social and political force for change.

A deeply poetic account of love and resistance through a young girl’s eyes by acclaimed writer, Sahar Khalifeh, called “the Virginia Woolf of Palestinian literature” (*Börsenblatt*) Nidal, after many decades of restless exile, returns to her family home in Nablus, where she

had lived with her grandmother before the 1948 Nakba that scattered her family across the globe. She was a young girl when the popular resistance began and, through the bloodshed and bitter struggle, Nidal fell in love with freedom fighter Rabie. He was her first and only real love—him and all that he represented: Palestine in its youth, the resistance fighters in the hills, the nation as embodied in her family home and in the land. Many years later, Nidal and Rabie meet, and he encourages her to read her uncle Amin’s memoirs. She immerses herself in the details of her family and national past and discovers the secret history of her absent mother. Filled with emotional urgency and political immediacy, Sahar Khalifeh spins an epic tale reaching from the final days

of the British Mandate to today with clear-eyed realism and great imagination.

Sensual, earthy love poems that formed the basis for the popular movie *Il Postino*, now in a beautiful gift book perfect for weddings, Valentine's Day, anniversaries, or just to say "I love you!" Charged with sensuality and passion, Pablo Neruda's love poems caused a scandal when published anonymously in 1952. In later editions, these verses became the most celebrated of the Noble Prize winner's oeuvre, captivating readers with earthbound images that reveal in gentle lingering lines an erotic re-imagining of the world through the prism of a lover's body: "today our bodies became vast, they grew to the

edge of the world / and rolled melting / into a single drop / of wax or meteor...." Written on the paradisaical island of Capri, where Neruda "took refuge" in the arms of his lover Matilde Urrutia, *Love Poems* embraces the seascapes around them, saturating the images of endless shores and waves with a new, yearning eroticism. This wonderful book collects Neruda's most passionate verses.

What happens to the dying in the final days and weeks of their lives? What emotions come to the surface and what do they want to talk about? Attilio Stajano, a volunteer worker at the palliative care ward of a Brussels hospital, presents a series of deeply-moving personal encounters with seriously-ill patients. The dying, he

discovers, have much to teach the living. Whilst their stories are all different, they share one thing in common: in the end, when all is said and done, only love remains... How should we respond to the challenge of death? As a society and as individuals, we can choose to be patient and sensitive, giving dignity to those reaching the end of their lives – even when those lives appear to have no further value. The period leading to death can be full of profound experiences, telling us much about the meaning of life and the abiding nature of love. If we see the terminally-ill as an inconvenience, however, we forego the possibility of finding unexpected resources in ourselves: a tenderness, a touch, a readiness to assist that we did not know we were capable of. Underlying

this book is the momentous and very current debate over euthanasia. In a comprehensive appendix, the author reports on the provision of palliative care services and the laws governing euthanasia in European and English-speaking countries around the world, and the implications these have for the way we value and care for the dying.

Now an original movie on Prime Video starring Anne Hathaway and Nicholas Galitzine! attraction is immediate. That he is all of twenty years old further complicates things. What begins as a series of clandestine trysts quickly evolves into a passionate relationship. It is a journey that spans continents as Solène and Hayes navigate each other's disparate worlds: from stadium tours to international art fairs to secluded hideaways in Paris and Miami. And for Solène, it is as much a reclaiming of self, as it is a rediscovery of happiness and love. Think about the most powerful speech you've ever heard a leader give. What made that speech—and that

speaker-memorable was likely a mix of authenticity, stage presence, masterful delivery, and—above all—an inspirational message. Nobody ever walked out of a great speech saying, “I loved the way she used PowerPoint.” Yet, all too often, speakers rely on tools like it to carry them through a presentation. Real leaders speak to make a difference, to promote a vision, to change the way people think and feel and act. Their ability to lead goes hand in hand with their ability to get their message across, no matter what size audience they’re addressing. Drawing on his years of experience in coaching executives, Christopher Witt shows not just how to make a speech but why and when you should make one. His practical advice on how to take your game to the next level

includes:

- You are the message. Who you are—your character, experience, values—shapes the message your listeners hear.
- Content is king. Delivery is important, but it is only the helpful—or unhelpful—servant of your message. So build each speech around one, and only one, “Big Idea.”
- A confused mind always says no. When you want your listeners to say yes, you’ve got to make them understand what you want them to do and why they should care.
- Dare to do the unexpected. Leaders know the rules, and they know when, why, and how to break them. In chapters that can be read in five minutes or less and in a book that can be gone through in one sitting, Witt shows you how to become more confident, more commanding, more compelling speakers. But this isn’t

just a book about speaking. It's about leadership and about how people—CEOs and PTA presidents, small business owners and sales reps, middle managers and techno geeks—can present themselves and their ideas with greater impact.
