Charlie Creative Lab Sure, I know you've heard it all before, just pick the right niche, write good articles, sprinkle affiliate links everywhere, and you are sure to make a profit. Well, have I got news for you! That's NOT what the big money bloggers are doing! Though that's not to say there isn't some truth in putting affiliate links in your blog, but just sprinkling them around and hoping someone clicks on them is the wrong strategy entirely. Thus, this book aims to reveal to you exactly what the big money bloggers really do (which is exactly what I do). Make no mistake about it, most who get into blogging are

totally clueless in the area of monetization, and fail to make their blogs profitable. And since that is the reality of things, your competition is low if you do things right, the way I illustrate in this book. In fact, you'll never need to pick up another blogging book again after this book is through with you, because you'll know exactly what you need to do to monetize your blog. Trust me on this, this book is the best blogging book you will ever read on blogging, and it will show you a very true, very straight forward map, to ensuring that you get paid from your blog. The only way you can fail is by not implementing the method that I teach, so be sure to not just read this book passively,

and actually implement the method that I'm teaching you, as I'm absolutely certain that it will take your blog to the next level.

Chronicle Books

There are tens of thousands of blogs created every day online. Most of these blogs are merely hobbies or personal diaries of the people who create them. For some blogging is merely a creative outlet to express their inner thoughts or to simply broadcast their opinions to their audience. For others,

blogging is a vehicle for building a business and continuing to do what they love while having control over their destiny. This is the reason I developed an interest in blogging, to create content people love and to build on something that I have full control over while being able to work anywhere in the world. Blogging is not something that just about anyone can do. Sure, we can all create a webpage, throw up and blog and start posting to our heart's content, but that is no guarantee it will be successful, whether you count success as having a large following or making an income to support yourself with. Blogging takes incredible persistence and determination, without

these your blog will be neglected and fall back in line with the majority that can never make any money. Treat your blog as a successful business and have a clear vision of the goals you have in mind to take it to the top. Here are some of the chapters covered in this guide: Getting started Position your blog as a voice of authority Outsource to build a blogging team Creating a lead magnet The dashboard Customizing your website's appearance Blog monetization - digital products (ebooks) Monetizing through sponsored posts Website flipping Listicle blogging How to build an email list Guest blogging Types of content that can sky-rocket your blog traffic Best blogging

If you want to generate six-figure income through blogging, this book can help you do that. Remember, the process of generating a profitable blog is not an art, it's a science. There are specific strategies that can be enforced and things that you must consider to generate the income you desire. Should you follow these steps, however, then it should be easy and feasible for you to generate six figures or more every single year from your blog.
