The Egypt Game Penguin

The fictionalized biography of Betty Shabazz (Malcolm X's wife) as a young girl in post-WWII Detroit, as written by her daughter, Ilyasah Shabazz, with

Renée Watson.

Prisoner B-3087 B&H Publishing Group

Winner of the Newbery Medal “A charming, intriguingly plotted novel.”—Washington Post Newbery Medalist Erin Entrada Kelly’s *Hello, Universe* is a funny and poignant neighborhood story about unexpected friendships. Told from four intertwining points of view—two boys and two girls—the novel celebrates bravery, being different, and finding your inner bayani (hero). “Readers will be instantly engrossed in this relatable neighborhood adventure and its eclectic cast of misfits.”—Booklist In one day, four lives weave together in unexpected ways.

Virgil Salinas is shy and kindhearted and feels out of place in his crazy-about-sports family. Valencia Somerset, who is deaf, is smart, brave, and secretly lonely, and she loves everything about nature. Kaori Tanaka is a self-proclaimed psychic, whose little sister, Gen, is always following her around. And Chet Bullens wishes the weird kids would just stop being so different so he can concentrate on basketball. They aren't friends, at least not until Chet pulls a prank that traps Virgil and his pet guinea pig at the bottom of a well. This disaster leads Kaori, Gen, and Valencia on an epic quest to find missing Virgil. Through luck, smarts, bravery, and a little help from the universe, a rescue is performed, a bully is put in his place, and friendship blooms. The acclaimed

and award-winning author of *Blackbird Fly* and *The Land of Forgotten Girls* writes with an authentic, humorous, and irresistible tween voice that will appeal to fans of Thanhha Lai and Rita Williams-Garcia. "Readers across the board will flock to this book that has something for nearly everyone—humor, bullying, self-acceptance, cross-generational relationships, and a smartly fateful ending."—School Library Journal
Walk Two Moons Penguin

A hilarious new middle grade novel from beloved and bestselling author Gordon Korman about what happens when the worst class of kids in school is paired with the worst teacher—perfect for fans of *Ms. Bixby's Last Day*. A good choice for summer reading or anytime! The *Unteachables* are a notorious class of

misfits, delinquents, and academic train wrecks. Like Aldo, with anger management issues; Parker, who can't read; Kiana, who doesn't even belong in the class—or any class; and Elaine (rhymes with pain). The Unteachables have been removed from the student body and isolated in room 117. Their teacher is Mr. Zachary Kermit, the most burned-out teacher in all of Greenwich. He was once a rising star, but his career was shattered by a cheating scandal that still haunts him. After years of phoning it in, he is finally one year away from early retirement. But the superintendent has his own plans to torpedo that idea—and it involves assigning Mr. Kermit to the Unteachables. The Unteachables never thought they'd find a teacher who had a worse attitude than they did. And Mr.

Kermit never thought he would actually care about teaching again. Over the course of a school year, though, room 117 will experience mayhem, destruction—and maybe even a shot at redemption.

This detailed book is a "how-to" guide to building controlled vocabulary tools, cataloging and indexing cultural materials with terms and names from controlled vocabularies, and using vocabularies in search engines and

databases to enhance discovery and retrieval online. Also covered are the following: What are controlled vocabularies and why are they useful? Which vocabularies exist for cataloging art and cultural objects? How should they be integrated in a cataloging system? How should they be used for indexing and for retrieval? How should an institution construct a local authority file? The links in a controlled vocabulary ensure that relationships are defined and maintained for both cataloging and retrieval, clarifying whether a rose window and a Catherine wheel are the same thing, or how pot-metal glass is related to the more general term stained glass. The book provides organizations and individuals with a practical tool for creating and implementing vocabularies

as reference tools, sources of documentation, and powerful enhancements for online searching. The Resettlement Administration Simon and Schuster

In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother

disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.

Religion in 50 Words: A Critical Vocabulary is the first of a two-volume work that seeks to transform the study of religion by offering a radically critical perspective. It does so by providing a succinct and critical examination of the key words used in the modern study of religion. Arranged alphabetically, the book explores the historic roots, varied uses, and current significance and utility of the technical terms used within the

current field of religious studies. These are the terms that both students and scholars routinely deploy to think about, describe, and analyze data—sometimes without realizing that they are themselves technical tools in need of attention. Among the topics covered: Belief Critical Culture Definition Environment Gender Ideology Lived religion Material religion Orthodoxy Politics Race Sacred/profane Secular Theory This book submits all of its terms to a critical interrogation and subsequent re-description, thereby allowing a collective reframing of the field. This volume is an indispensable resource for students and academics working in religious studies.
