POWER TRANSMISSION SYSTEM - Hill Agric | pdf Book Manual ...
Basic Functions of Power Transmission System
1. To transmit power from the engine to the rear wheels of the tractor.
2. To make reduced speed available, to rear wheels of the tractor. □ Operating speed of agricultural tractor is 3-6kmph

3. Power Transmission units in agricultural Tractors and ...

Lecture Notes (.pdf)
Farm Power & Machinery Ag. Engg.-243
Hydraulic

transmission is a transmission method that uses liquid as a working medium to transfer energy and control. Pros: From the structural point of view, the output power per unit weight and the output power per unit size is force-compressed in the four types of transmission modes, and have a large moment inertia ratio.
