"Surveying Fundamentals and Practices, Sixth Edition," covers up-to-date surveying technology without losing perspective of the need to provide students with a strong foundation in traditional surveying fundamentals. Through clear explanations and applied examples, the text presents the methods of measuring and computing distances, angles, and directions. It provides students with a firm grasp of modern equipment and office and field procedures related to horizontal control surveys, property surveys, topographic surveys, roadway curve calculations, and construction layout surveys. The sixth edition offers students a "user-friendly" text that they will be able to rely on as a meaningful learning tool in class and at home. Plus! A companion student website, "MyConstructionKit," is now available!

MyConstructionKit is an online resource that offers a wealth of study tools to engage students for a variety of Pearson construction management, architecture, and civil engineering technology textbooks!

Fundamentals of Management, 4/e, an abridged version of Management, 8/e, provides up-to-date coverage to key functional areas (planning, organizing, leading, and controlling) plus new research and examples, all in a brief format. From respected author Ricky Griffin, this skills-based text gives instructors the flexibility to integrate their own cases, exercises, and projects while continuing to provide them with a strong theoretical framework. New! Each chapter also contains either a Technology Toolkit, Business of Ethics, or Today's Management Issues boxed feature. These are intended to briefly depart from the flow of the chapter to highlight or extend especially interesting or emerging points and issues relating to new technology and its role in management or ethical issues and questions facing managers today. New! Test Preppers, located at the end of every chapter, prompt students with true/false and multiple-choice quizzes to gauge their retention and comprehension of chapter material. The answers are found at the end of the text. New! HM e-Study Student CD-ROM is carefully tailored to supplement and enhance the content of the text, including ACE self-tests, selected videos, chapter outlines, company web links, a glossary, flashcards, learning objectives, ready notes, self-assessment exercises, and chapter summaries. The CD-ROM is free with the text. Knowledgebank Icon in the text refers students to the new

Knowledgebank feature on the HM e-Study CD. Here they can find additional information about particular topics in the text. It can also be used to find further management knowledge or for a research project, and it can be found only on HM e-Study CD ROM. Building Management Skills exercises appear throughout the text and are organized around the set of basic management skills introduced in Chapter 1. The Skills Self-Assessment Instrument helps readers learn something about their own approach to management. Finally, an Experiential Exercise provides additional action-oriented learning opportunities, usually for group settings. Pedagogical features that support learning are features throughout the text. In addition to the end-of-the-chapter exercises, every chapter includes important learning objectives, a chapter outline, an opening incident, boldface key terms, a summary of key points, questions for review, questions for analysis, and an end-of-the-chapter case with questions. Eduspace, a flexible, powerful, and customizable e-learning platform, provides instructors with text-specific online courses and content for Management, 4/e, Eduspace permits the instructor to create part or all of their course online using the widely recognized tools of Blackboard and quality text-specific content of Houghton Mifflin (HMCo). Instructors can quickly and easily assign homework exercises, quizzes and tests, tutorials and supplementary study materials. Pre-loaded material can be modified, or instructors can add their own.

Project Management in Practice Juta and Company Ltd

The world is in a constant state of flux, and this influences the operations of every business and organisation. Business Management: A Contemporary Approach deals with these changes by covering the functions of a business or an organisation and then addressing the contemporary issues that

affect them. These issues include globalisation, corporate entrepreneurship and citizenship, credit, diversity and HIV/AIDS. Every student of business and business manager needs to understand the importance of these issues and their influence on the operations of a business. Business Management: A Contemporary Approach also highlights the interdependency between the various business functions. This interdependency is very important for a business or organisation to operate as a whole.
