The year is 1901--it's been twenty-three years since Peter and the Lost Boys returned from Rundoon. Since then, nobody on the island has grown a day older, and the Lost Boys continue their friendship with the Mollusk tribe, and their

The search for the legendary Sword of Peter... Two thousand years ago, when the Romans came to arrest Jesus in the Garden of Gethsemane, the disciple Peter cut off the ear of an innocent man. Jesus rebuked Peter and quickly healed the

servant's ear - and the Sword of Peter took on supernatural powers. Fast forward to modern day where a Biblical archaeology quest for the Sword of Peter is imperative to both Israel and to the Christian world. It's also a race against others who would possess and use the Sword of Peter for their own purposes, if they find it first. In Summer Lee's second Biblical treasure hunt adventure, Achava, a guardian of sacred artifacts, has her Jewish heritage and her Christian faith. She also has unique DNA from her ancestor, Achsah, who lived during the time of Joshua. Like Samson in the Bible, Achava is capable of exercising supernatural strength, as well as other unusual powers.

The invasion of the solar system has begun! Private Lucas Walker never thought he'd be a hero. As a grunt in United Federation of Sol's peacekeeper force deployed to Pluto's tiny moon Nyx, the furthest barren hellhole in the solar system, he thought his career was all but over even before it began. He day-dreams of lightsabers, vampires, battlecats, wizards, and all things sci-fi and fantasy while he repairs sand-clogged equipment and mops floors. Then everything changes. A spatial-temporal vortex opens on Pluto, and out pours an army. A deadly force intent on capturing Earth and enslaving humanity in its quest for universal domination. All universes, all galaxies, all planets--all will kneel and submit to The Dominion. The crap has hit the fan. UFS marines are overwhelmed. The odds look grim. Humanity teeters on the edge. A "magical, marvellous" epic of an empire in collapse: Book one in the acclaimed Ottoman Quartet by the award-winning Turkish author and political dissident (La Stampa, Italy). Tracking the decline and fall of the Ottoman empire, Ahmet Altan's Ottoman Quartet spans fifty years from the end of the nineteenth century to the post-WWI rise of Atatürk as leader of the new Turkey. In *Like a Sword Wound*, a modern-day resident of Istanbul is visited by the ghosts of his ancestors, finally free to tell their stories "under the broad, dark wings of death." Among the characters who come to life are an Ottoman army officer; the Sultan's personal doctor; a scion of the royal house whose Western education brings him into conflict with his

family's legacy; and a beguiling Turkish aristocrat who, while fond of her emancipated life in Paris, finds herself drawn to a conservative Muslim spiritual leader. As their stories of intimate desire and personal betrayal unfold, the society that spawned them is transforming and the sublime empire disintegrating. Here is a Turkish saga reminiscent of *War and Peace*, written in lively, contemporary prose that traces not only the social currents of the time but also the erotic and emotional lives of its characters. "An engrossing novel of obsessive love and oppressive tyranny, a tale of collapse that dramatizes the fateful moments of an empire and its subjects." —Publishers Weekly (starred review)

Takuan Sōho's (1573–1645) two works on Zen and swordsmanship are among the most straightforward and lively presentations of Zen ever written and have enjoyed great popularity in both premodern and modern Japan. Although dealing ostensibly with the art of the sword, *Record of Immovable Wisdom* and *On the Sword Taie* are basic guides to Zen—"user's manuals" for Zen mind that show one how to manifest it not only in sword play but from moment to moment in everyday life. Along with translations of *Record of Immovable Wisdom* and *On the Sword Taie* (the former, composed in all likelihood for the shogun Tokugawa

Iemitsu and his fencing master, Yagyū Munenori), this book includes an introduction to Takuan's distinctive approach to Zen, drawing on excerpts from the master's other writings. It also offers an accessible overview of the actual role of the sword in Takuan's day, a period that witnessed both a bloody age of civil warfare and Japan's final unification under the Tokugawa shoguns. Takuan was arguably the most famous Zen priest of his time, and as a pivotal figure, bridging the Zen of the late medieval and early modern periods, his story (presented in the book's biographical section) offers a rare picture of Japanese Zen in transition. For modern readers, whether practitioners of Zen or the martial arts, Takuan's emphasis on freedom of mind as the crux of his teaching resonates as powerfully as it did with the samurai and swordsmen of Tokugawa Japan. Scholars will welcome this new, annotated translation of Takuan's sword-related works as well as the host of detail it provides, illuminating an obscure period in Zen's history in Japan.

Set on Boston's north shore in the late 1990's, Peter's Sword is a collection of true stories chronicling the author's

experiences assessing and committing

those who have slipped into the dark crack

between sanity and insanity. Peter's Sword

is a unique, reflective, and often humorous

exploration of the power, authority, and

suffering encountered when experts and

the system attempt to control the chaos

that occurs when mental illness and

ordered society collide. Written from the

perspective of a newly hired mental health

expert charged with policing the line

between commitment and freedom, Van

Brunt invites readers to follow him as he

wrestles with the ambiguity of mental

illness, from suicide to schizophrenia.

Exploring questions of morality and what

is involved in helping a human being who

is lost, readers get a rare look into the

often disturbing and complex challenges

encountered when assessing risk and

determining whether a patient needs to be

involuntarily committed. Providing an

honest and poignant window into the

emotionally complicated and challenging

world of emergency psychiatric

assessment, each story in Peter's Sword

takes readers deeper down the rabbit hole

of what is considered normal and what is

considered mentally ill.

One of the most feared weapons in the

ancient world, the gladius was lethal both

on the battlefield and in the arena.

Literary sources tell of the terror it

inspired, while archaeological evidence of

wounds inflicted is testament to its deadly

effect. By pulling together strands of

literary, sculptural and archaeological

evidence renowned expert M.C. Bishop

creates a narrative of the gladius'

development, exploring the way in which

the shape of the short sword changed as

soldiers and gladiators evolved their

fighting style. Drawing together historical

accounts, excavated artefacts and the

results of the latest scientific analyses of

the blades, this volume reveals the

development, technology, training and use

of the gladius hispaniensis: the sword that

conquered the Mediterranean.
